MEMORANDUM

To: The Florida Gaming Control Commission
From: Division of Pari-Mutuel Wagering
Through: Justin Hundersmarck, Senior Attorney
Re: Roy Diaz, Case No. 2026-058993
Date: September 30, 2026

Executive Summary

Roy Diaz (Applicant) submitted an application seeking a pari-mutuel wagering professional individual occupational license (Application). Upon review of the completed Application, it appears that Applicant has been convicted of two disqualifying felony offenses out of Florida. Therefore, the Florida Gaming Control Commission may authorize the issuance of a Letter of License Denial.

Relevant Facts

On March 5, 2026, the Applicant submitted an application to the Division of Pari-Mutuel Wagering for a pari-mutuel professional individual occupational license so that Applicant may be a licensed animal owner. The Applicant answered "no" on the question asking if he has ever been convicted of or had an adjudication withheld for any crime, or has pled guilty or nolo contendere to any criminal charges.

The Division sent deficiency letters on March 23 and June 1, 2026, requesting an updated application and any available court disposition records or arrest reports for two total arrests out of Miami-Dade County and Collier County, in 2006 and 2013. The Division of Pari-Mutuel Wagering received an amended application from Applicant on May 24, 2026, listing two felony convictions. Upon review of the Application deemed complete on June 10, 2026, it appears Applicant was convicted of the following two disqualifying felony offenses:

- Cannabis/Trafficking, 1st Degree, out of Miami-Dade County, Florida, from November 9, 2007.

- Trafficking in Cannabis - Greater Than 25 Lbs, Less Than 2,000 Lbs or 300-2,000 Plants, 1st Degree, out of Collier County, Florida, from June 3, 2014.

These felony convictions are disqualifying offenses pursuant to Section 550.105(5)(b) of the Florida Statutes.

Analysis

Section 550.105(5)(b) provides, in relevant part:

> . . . the commission may deny, suspend, revoke, or declare ineligible any occupational license if the applicant for such license has been convicted in this state, in any other state, or under the laws of the United States of a capital felony, a felony, or an offense in any other state which would be a felony under the laws of this state involving arson; trafficking in, conspiracy to traffic in, smuggling, importing, conspiracy to smuggle or import, or delivery, sale, or distribution of a controlled substance; or a crime involving a lack of good moral character, or has had a pari-mutuel license revoked by this state or any other jurisdiction for an offense related to pari-mutuel wagering.

Section 550.105(5)(d), provides:

> …the term "convicted" means having been found guilty, with or without adjudication of guilt, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere. However, the term "conviction" shall not be applied to a crime committed prior to the effective date of this subsection in a manner that would invalidate any occupational license issued prior to the effective date of this subsection or subsequent renewal for any person holding such a license.

==========

On April 2nd 2013, Detectives with the Collier County Sheriff's Office served a narcotics search warrant at 288 14th Ave N.E. Naples, Florida.

Detectives discovered that two (2) rooms and the three-car garage in the residence had been converted into indoor marijuana grow rooms. Detectives discovered 85 large mature marijuana plants in the garage and seventy seven (77) marijuana plants in the two additional grow rooms located in the residence. A total of 165 marijuana plants were discovered. The grow rooms also had twenty nine (29) 1000 watt high intensity light bulbs that were powered by 29 high power transformers. The grow rooms contained large buckets an electrical panel that controlled the electrical components that operated the grow, mylar, two additional air conditioner units that provided cool air to the marijuana plants and high grade fertilizer.

Detectives discovered two subjects in the residence, Marco Antonio Lainez and Pamela Evelyn Lainez. Marco occupied the east bedroom of the residence, the same side that the grow rooms were discovered. Detectives discovered that the kitchen pantry also contained items used for the grow operation, to include duct work, a digital scale to weigh narcotics and heat sealer bags used to package the narcotics. The laundry room which was located next to the garage contained several gallon size bottles of liquid fertilizer that was used to fertilize the marijuana plants.

Detectives also discovered that the electricity to the grow operation was diverted from the master bedroom closet which was located on the west side of the residence.

On March 22nd 2013, detectives observed Roy Diaz at the residence during surveillance that was conducted at 288 14th Ave N.E; prior to the search warrant being served.

On April 8th 2013, detectives obtained the latent print identification report from the CCSO ID section indicating that Roy Diaz's latent prints were identified on the grow equipment that was discovered in the marijuana grow rooms at 288 14th Ave N.E. Naples, Florida.

On April 10th, Diaz was located and arrested at the CCSO jail visitation center. Diaz was in the process of visiting the two co-defendants in this case.

A criminal history check also revealed that Roy Diaz was arrested in Miami, Florida in 2006 for trafficking in marijuana.

10. Discussion of Final Orders pursuant to request from respondent

MEMORANDUM

To:	The Florida Gaming Control Commission
From:	Division of Pari-Mutuel Wagering
Through:	Emily Alvarado, Chief Attorney
Re:	FGCC v. Calder Race Course, Inc. d/b/a Calder Casino & Race Course and/or Calder Casino Case No. 2026-019791; Final Order
Date:	September 30, 2026

Executive Summary

The Division of Pari-Mutuel Wagering (Division) served Calder Race Course, Inc. d/b/a Calder Casino & Race Course and/or Calder Casino (Respondent), with an Administrative Complaint alleging a violation of rule 75-14.048(2) of the Florida Administrative Code. The Administrative Complaint seeks to impose one or more of the penalties specified in section 551.117, Florida Statutes. Respondent returned an Election of Rights indicating that a final order should be entered imposing the action set forth in the Administrative Complaint. Therefore, the Division requests that the Florida Gaming Control Commission enter a final order imposing one or more of the penalties specified in section 551.117, Florida Statutes.

Relevant Facts

On March 19, 2026, the Facility self-reported to the Florida Gaming Control Commission Chief of Slots Operations that for nineteen days, ATI Dragon Link slot machine 12-O-03 Asset #3112 was configured to lock up at a $10,000.00 jackpot instead of the $2,000.00 jackpot limit. Due to the subject slot machine's configuration of $10,000.00 instead of $2,000.00, the subject slot machine did not record and alert the Facility with a handpay message and did not send the required message via the facility-based monitoring system advising the need for Internal Revenue Service forms W2G or 1042-S, which are to be processed either via the facility-based monitoring system or manually.

Based on these facts, the Division filed a one-count Administrative Complaint on August 11, 2026, seeking to impose one or more of the penalties specified in section 551.117, Florida Statutes. The Division completed service. On August 31, 2026, Respondent returned an Election of Rights. Respondent indicated on the Election of Rights that they did not dispute the allegations contained within the Administrative Complaint, waived their right to any form of administrative hearing, and that the

Commission should enter a final order imposing the action set forth in the Administrative Complaint.

Analysis

Rule 75-14.048(2), Florida Administrative Code, provides that:

Re: Administrative Complaint **Case # 2026-019791**

Dear Mr. Pisano:

Calder Casino and Race Course is in receipt of Administrative Complaint **Case # 2026-019791**, along with your letter dated August 11th, 2026. Please accept the following as our response to violation rule 75-14.087, 2, (b).

As part of Calder's implementation of the new $2,000 IRS W-2G reporting threshold, one ATI Dragon Link slot machine, Asset #3112, was inadvertently configured with a $10,000 jackpot lockup threshold instead of $2,000. **During the configuration activity, representatives from the ATI vendor and Calder were present, along with a representative of the Florida Gaming Control Commission**. Calder's established procedures required verification of the applicable settings before the machine was returned to service; however, that verification step was inadvertently omitted.

Upon discovering the discrepancy, Calder immediately removed the machine from service and conducted an internal investigation. Calder reviewed meter activity and available surveillance footage to determine the potential impact. Although three instances were identified where surveillance indicated an award of $2,000 or greater during a bonus round, the available information did not allow Calder to conclusively determine the exact taxable jackpot amounts associated with those events.

Calder also took the following corrective and preventive actions:

- Conducted an audit of all machines modified as part of the threshold change and confirmed Asset #3112 was the **only machine identified with the incorrect setting**.
- Revised its checklist to require documented verification of the jackpot threshold before a machine is returned to service.
- Took formal corrective action regarding the failure to follow the Facility's existing verification procedure.
- Kept the affected machine out of service throughout the investigation and until the appropriate configuration could be established.
- Voluntarily reported the matter to FGCC and fully cooperated regarding the incident.

Calder takes its regulatory responsibilities seriously and respectfully submits that this was an isolated configuration and verification issue. Upon discovery, the Facility acted promptly to investigate the matter, assess its potential impact, strengthen its controls, and prevent recurrence.

Calder respectfully requests that the Commission consider the **totality of the circumstances surrounding the configuration activity**, along with the Facility's voluntary disclosure, corrective actions, enhanced controls, cooperation, and isolated nature of the incident as mitigating factors when determining the appropriate resolution of this matter.

Calder Casino selects option # 3 listed within the election of rights form provided by FGCC.

ADMINISTRATIVE COMPLAINT

The Florida Gaming Control Commission, Division of Pari-Mutuel Wagering ("Petitioner"), files this Administrative Complaint against Calder Race Course Inc. d/b/a Calder Casino & Race Course and/or Calder Casino ("Respondent"), and alleges:

1. Petitioner is the state agency charged with regulating pari-mutuel, slot machine, and cardroom operations pursuant to chapters 550, 551, and 849, Florida Statutes.

2. At all times material hereto, Respondent held a pari-mutuel wagering permit pursuant to section 550.054, and license pursuant to section 550.0115, both issued by the Commission.

3. At all times material hereto, Respondent held a valid slot license number 285 issued by the Commission pursuant to Chapter 551, Florida Statutes, and operated a slot facility within the meaning of section 551.102(10) at its Facility (the "Facility").

4. The Facility is operated by the Respondent at all times material hereto, and is located at 21001 Northwest 27th Avenue, Miami Gardens, Florida 33056.

5. On March 19, 2026, the Facility self-reported to the Florida Gaming Control Commission Chief of Slots Operations that for nineteen days, ATI Dragon Link slot machine 12-O-03 Asset #3112 was configured to lock up at a $10,000.00 jackpot instead of the $2,000.00 jackpot limit.

6. Due to the subject slot machine's configuration of $10,000.00 instead of $2,000.00, the subject slot machine did not record and alert the Facility with a handpay message and did not send the required message via the facility-based monitoring system advising the need for Internal Revenue Service forms W2G or 1042-S, which are to be processed either via the facility-based monitoring system or manually.

7. Rule 75-14.048(2), Florida Administrative Code, provides that:

> A facility based monitoring system shall capture and record every handpay message from each slot machine and meet the following requirements:…(b) For every single win event that is equal to or greater than the tax reporting threshold, which has been established pursuant to 26 U.S. Code § 6041(a) as $2,000 beginning January 1, 2026, and adjusted for inflation as set forth in 26 U.S. Code § 6041(h) thereafter, the facility based monitoring system shall send a message advising of the need for Internal Revenue Service forms W2G or 1042-S, which is to be processed, either via the facility based monitoring system or manually. This option shall not be overridden.

8. Based on the foregoing, Respondent violated rule 75-14.048(2)(b), Florida Administrative Code, by failing to handpay jackpots over $2,000 and failing to ensure a message is sent via the facility-based monitoring system advising the need for Internal Revenue Service forms W2G or 1042-S.

WHEREFORE, Petitioner respectfully requests the Florida Gaming Control Commission enter an Order imposing against Respondent one or more of the penalties specified in section 551.117, Florida Statutes, and/or the rules promulgated thereunder.

This Administrative Complaint for FGCC Case Number 2026-019791 is signed this 5th day of August 2026.

CONTINUATION

On March 19, 2026, **CALDER RACECOURSE, INC. (CALDER CASINO)** self-reported to FGCC Chief of Slots Operations, Bill Crafts that one of their slot machines, an ATI Dragon Links machine 15-O-03 Asset # 3112, was discovered to have a W2G/Jackpot threshold setting error[1]. **CALDER CASINO** reported that the machine in question was incorrectly set to lock up at a $10,000.00 jackpot instead of the $2,000.00 jackpot limit. This is a violation of rule 75-14.048[2].

CALDER CASINO went on to state that on January 21, 2026, an ATI vendor along with **CALDER CASINO** Slot Technicians RAM cleared slot machine 15-O-03[3]. After RAM clearing, the machines' threshold settings were entered incorrectly. The misstep was discovered nineteen days later on February 9, 2026, when a patron notified **CALDER CASINO** about the machine. After a review of their meter reports, **CALDER CASINO** identified thirteen instances when the machine's meters jumped, which may be attributed to a jackpot. Of the thirteen, **CALDER CASINO** stated that there were only three instances that they were able to observe through surveillance footage when a jackpot of $2,000.00 or greater was awarded. **CALDER CASINO** went on to state that they were unable to determine the taxable amount on the jackpot due to not knowing how much the patron may have won on their original win prior to the bonus game.

CALDER CASINO stated that their Slot Performance Team conducted and completed an audit on all their machines that were modified to follow the $2,000.00 threshold and found no other machine with setting errors. They went on to state that they have implemented revised checklists that will be utilized for the machines remaining to be updated. **CALDER CASINO** also said disciplinary action was taken against the Slot Performance Team Leader that was present at the time when the machine was configured incorrectly. **CALDER CASINO** stated that the machine will be RAM cleared at the conclusion of their investigation unless advised differently by FGCC **(Exhibit #1, Pages 4 – 6)**

On March 23, 2026, this Investigator requested more information from **CALDER CASINO** concerning the threshold error with slot machine 15-O-03 **(Exhibit # 1, Pages 3 – 4)**. On March 27, 2026, all the requested information was received from **CALDER CASINO (Exhibit #1, Pages 1 – 2)**. In the information provided, **CALDER CASINO** explained that they have six hundred sixty-three machines that have been updated to the $2,000.00 threshold, two hundred two that have no available updates, thirty-five that are still pending software updates, and one hundred sixty-nine that are pending to be optioned/changed out. It was also explained that **CALDER CASINO'S** Slot Performance Supervisor, Kidrick Walden (Lic. # 9924524), Aristocrat Field Service Technician Patrick Harris (Lic. # 13962475), Aristocrat Field Service Technician Jomar Cuadrado (Lic. # 14418163), and FGCC Slot Operations Specialist, Pedro Polanco were present on January 21, 2026, when the machine was RAM cleared[4]. A copy of the Meal Log, used to verify when the slot machine has been opened and by whom, was provided by **CALDER CASINO**. The Meal Log revealed when the RAM clear was performed on January 21, 2026, and revealed notes from February 25, 2026, advising not to turn the machine on **(Exhibit # 2).**

[4] ***Although FGCC Slot Specialist Polanco, who is assigned to CALDER CASINO, was present during the configuration error, no FGCC checklist was created nor were there any checklists found in OnBase showing any observations from Polanco of the RAM Clear that had taken place. On May 21, 2026, this Investigator inquired with FGCC Slot Operations Specialist Supervisor Kit Miller, assigned to CALDER CASINO, if a RAM Clear checklist was ever done for slot machine 15 O 03. In an email reply to this Investigator, Miller stated that there would be no checklist for said machine because he was the one that did all the games for that day; this conflicts with CALDER CASINO'S reporting that states FGCC Slot Specialist Polanco was present for the RAM clear done on machine 15 O 03 on January 21, 2026. Attached to Miller's email was a copy of FGCC Form 3480 submitted by CALDER CASINO for the RAM Clear (Exhibit # 11).***

CONTINUATION

Also explained by **CALDER CASINO** was that on February 9, 2026, a patron gaming on the machine informed them that they had won an $8,000.00 jackpot and the machine did not lock up. **CALDER CASINO** provided an email that further explained that the machine was able to cash out an $8,040.00 ticket. Within the email it explained that due to this error, the machine was put out of service **(Exhibit # 3)**.

CALDER CASINO went on to explain that the machine was mistakenly turned back on for play on February 16, 2026, due to the machine not being on the facility's down game log. The game was placed back out of service on February 25, 2026[5].

A review of FGCC Slot Operations Master Checklists revealed that F.A.C. Rule 75-14.048(2)(b) appears only once on their Jackpot Compliance Inspection checklist **(Exhibit # 6, Pages 10 – 12)**. Rule 75-14.048(2)(b) does not appear on any other checklist. On the Jackpot Compliance Inspection checklist, it *asks "Has a W2G been generated either electronically or manually for every jackpot equal to or greater than the tax reporting threshold? Verify the jackpots you have reviewed."*[6]. Also, in OnBase, a copy of the FGCC PMW-3480 form submitted by **CALDER CASINO** for the RAM clears conducted on January 21, 2026, was observed in OnBase[7]. The 3480 form that **CALDER CASINO** submitted only states the type of work being done was a RAM clear and does not explain ***why*** the RAM clear was being done. The 3480 form was signed by FGCC Slots Operations Specialist Supervisor, Kit Miller and **CALDER CASINO'S** Slot Performance Supervisor Edward Waters (Lic. # 11785190) **(Exhibit # 7)**.

Through inquiries with all other FGCC Slots Operations Specialist Supervisors assigned to the other facilities in Broward and Miami-Dade County Florida, this Investigator was informed by each that the RAM Clear Inspection Checklist <u>does not require a review of the jackpot threshold setting</u>. This Investigator was able to confirm this following an independent a review of the RAM Clears Checklist **(Exhibit # 6, Pages 47 - 49)**. A few of the Supervisors acknowledged that they have the Pari-Mutuel Operations Specialists they supervise complete at least one Jackpot Compliance Inspection Checklist per week. Some of the FGCC Specialists Supervisors I spoke with could not recall having a meeting or receiving a memorandum regarding the jackpot threshold change, however they were aware of the threshold change due to them and/or their Operations Specialists having monitored the RAM Clears that updated the slot machines to be compliant. This Investigator obtained copies of the agendas for FGCC Slot Operations' Supervisor meetings for November 2025, December 2025, and January 2026. The tax threshold change is listed on each agenda as a topic of discussion or in the meeting notes **(Exhibit # 9)**[8].

A review of the Transaction Listing provided by **CALDER CASINO** for slot machine 15-O-03 revealed that from January 26, 2026, to February 18, 2026, ten tickets greater than $2,000.00 were printed from said machine **(Exhibit # 10, Pages 44, 113, 114, 141, 151, & 158)**[9]. Of the ten tickets printed, four do not provide the patron's name **(Exhibit # 10, Pages 44, 113, & 114)**. The report provides eight instances where the "Coin Out" was over $2,000.00[10] **(Exhibit # 10, Page 163)**.

---

[5] ***Throughout this entire incident, the machine was serviceable with the incorrect threshold for twenty-eight days.***

[6] ***Although the tax reporting threshold changed to a 2K jackpot limit on January 1, 2026, at the closing of this case a review of OnBase did not reveal any Jackpot Compliance Inspection checklists completed in 2026 by FGCC Slot staff assigned to CALDER CASINO. A review revealed that the Jackpot Compliance Checklist is completed by FGCC Slot staff assigned at all of the seven other licensed facilities in Broward and Miami-Dade County (Exhibit # 8).***

[7] ***Rule 75-14.044(10)(b) requires that a licensee submit a Form FGCC PMW-3480 prior to performing a RAM clear.***

[8] ***In the notes for the Sunday, January 18, 2026, meeting agenda, CALDER CASINO is noted as "CALDER – 2,000 SETTINGS AT MACHINES" (Exhibit # 9, Page 3).***

[9] ***The amount for the ticket printed out is observed in the "Credit Meter" column. The decimal point would be placed after the second digit from the right.***

[10] ***"Coin Out" is what the patron cashed out.***

CONTINUATION

On May 21, 2026, this Investigator inquired with FGCC Slot Operations Specialist Supervisor Kit Miller about any checklists or forms completed for **CALDER CASINO'S** slot machine 15-O-03. Miller provided a copy of the form 3480 this Investigator previously observed in OnBase **(Exhibit # 7)**. Miller went on to explain that no checklist was completed on January 21, 2026, for slot machine 15-O-03 because he was the one that was present when it was incorrectly configured. Miller explained that he and his team were spread out on **CALDER CASINO'S** gaming floor due to the RAM clears that were required for the threshold changes. **(Exhibit # 11)**

Also on May 21, 2026, this Investigator inquired with **CALDER CASINO** (Director of Compliance Iliana Velazquez) about the current status of slot machine 15-O-03. **CALDER CASINO** let this Investigator know that slot machine 15-O-03 was updated to the correct threshold of $2,000.00 and made available for patrons to play. They stated that a RAM clear was not needed for the machine update and FGCC Pari-Mutuel Operations Specialist Pedro Polanco was presented and provided the slot machine's CPU door with a new state seal. **CALDER CASINO** also responded to my inquiries about their attempts to contact patrons who pulled tickets greater than $2,000.00 from slot machine 15-O-03 for tax purposes and if patrons not named on the reports they provided can be identified. **CALDER CASINO** stated that they did not reach out to any of the patrons due to not knowing with certainty the actual jackpot amounts due to possible prior cash/credits before the jackpot went off. They also stated that they are unable to identify patrons that did not use Player's Club cards. **CALDER CASINO** further stated that jackpots of $2,000.00 and over would be cashed out via a Slot Attendant, however due to the slot machine in subject being configured incorrectly, the vouchers printed from the machine would not indicate to **CALDER CASINO'S** cage staff that a jackpot above the threshold was won **(Exhibit # 1, Page 1)**.

On May 27, 2026, this Investigator along with FGCC Investigations Manager Julio Minaya visited **CALDER CASINO** and met with FGCC Pari-Mutuel Operations Specialist Pedro Polanco. When asked about being present on January 21, 2026, when slot machine 15-O-03 was incorrectly configured, Polanco stated that he can not recall if he was present when that machine was worked on. When asked about any checklist used to verify if the machine's threshold setting was correct, Polanco stated that there is no rule that oversees the machine's threshold setting being set to $2,000.00 and it is not something he would look for. This Investigator explained F.A.C. Rule 75-14.048(2)(b) to Polanco and informed him of the FGCC Slot Operations Jackpot Compliance Inspection Checklist. After meeting with Polanco, we met with **CALDER CASINO'S** Slot Performance Supervisor Kidrick Walden. When asked who was present with him at slot machine 15-O-03 on January 21st, 2026, Walden could not recall who from FGCC was present[11].

[11] ***Due to conflicting information received from CALDER CASINO and FGCC Slots Operations as well as no surveillance footage being available, this Investigator was unable to determine who from the FGCC was present when slot machine 15-O-03 was configured incorrectly on January 21, 2026.***

CONTINUATION

On May 28, 2026, this Investigator inquired with licensed facilities in Broward and Miami-Dade County to inquire how many slot machines they have that no longer received support from outside vendors and cannot be updated to follow the new threshold of $2,000.00 as required in F.A.C. 75-14.048(2)(b). Below is what was revealed from each facility[12]:

Facility	Number of Machines	Notes
PPI, Inc. (Lic. # 430) (Exhibit # 12, Pgs. 3 – 4)	103	These slot machines will eventually be removed from the slot floor by way of reinvestment / attrition.
The Big Easy (Lic. # 144) Exhibit # 12, Pgs. 7 – 9)	200	Ninety-five percent of these slot machines will be removed from the gaming floor by the winter of 2028 when The Big Easy is expected to complete their facility renovations[13].
Gulfstream Park (Lic. # 321)	59	
Magic City (Lic. # 155) (Exhibit # 12, Pgs. 5 – 6)	3	The three slot machines have already been removed from Magic City's gaming floor.
Dania Casino (Lic. # 281) (Exhibit # 12, Pgs. 12 – 13)	18	Some of the slot machines will be taken off the floor while others are pending a software fix from vendors.
Casino Miami (Lic. # 273) (Exhibit # 12, Pgs., 10 – 11)	24	
Hialeah Park (Lic. # 544) (Exhibit # 12, Pgs., 14 – 17)	14	

Conclusion: This incident appears to be an anomalous event that occurred while the facility was updating their slot machines to follow 75-14.048. Nonetheless, the machine in question was non-compliant for nearly one month before the condition was brought to light by a concerned patron. The utilization of Jackpot Compliance Inspection checklists by FGCC Slot staff assigned to **CALDER CASINO** could bring more awareness to the thresholds entered on slot machines. **CALDER CASINO** appears to have taken steps to prevent this from happening again. The new checklist being utilized by **CALDER CASINO** Slot Technicians was provided, displaying a column to verify that the jackpot limit is over $1,999.99 **(Exhibit # 5, Pages 11 - 24)**.

Status: Case closed by Investigations and forwarded to Legal for review.

[12] ***This Investigator was unable to find a deadline given for facilities to follow the threshold. Some of the facilities still have slot machines that are unable to be updated with the new threshold available for gaming on the slot floors.***

[13] ***The Big Easy's Operations Director Michael De Luca (Lic. # 123543) explained to this Investigator that older slot machines are unable to be updated due to no more support from their vendors and/or the software that was used on them. He explained that some of the vendors are no longer in business or have acquired by current vendors that no longer service older model slot machines. De Luca also explained that the older machines rarely had jackpots over the previous threshold of $1,200.00.***

Hello Iliana,

This is a follow up on the machine in subject.

- Is the machine available for patrons to game on it? If so, when was it made available for gaming and can you provide a copy of the 3480 that was submitted for the RAM clear?
    - Yes. The slot performance manager changed the JP limit to $2k on 4/2/26. The Game didn't need to be RAM cleared; therefore, no 3480-form needed to be completed (Since an FGCC Regulator was present to confirm all settings were completed at machine level).
        - Slot Performance Manager completed the soft option with FGCC regulator Pedro Polanco, the state seal was broken to open the CPI door to change the JP setting. FGCC proceeded with resealing the CPU door.
        - Picture of the Meal Log
            -

[redacted]

Picture of FGCC State Seal

- [redacted]

- Have the patrons that pulled tickets greater than $2000.00 been contacted for W2G and/or tax purposes?
    - There were only two patrons that were confirmed to hit jackpots over 2k stemming from our investigation. We did not contact these two patrons due to not knowing with certainty the actual jackpot amounts (Due to possible prior cash / credits before the JP went off)

- Are you able to identify the patrons not named in the 15 O 03 Transaction Listing spreadsheet that pulled tickets over $2,000.00?
    - No. Only patrons using their Players Club Cards are the names that show up on our reports, if they did not play with a PC card, they're considered unknown patrons.

Subject: Calder Casino W2G/Jackpot Threshold Setting Incident- 15-O-03- FGCC Notification
Importance: High

FGCC Team,

Please use this email as a formal notification to advise of a W2G/Jackpot threshold setting incident at slot machine 15-O-03 Asset #3112 that was discovered to us on 1/21/26.

In summary:

As a part of our property efforts to get all slot machines configured to the new IRS W2-G 2k limit; We've discovered that one of our leased ATI dragon links games was optioned incorrectly by the vendor to lock up at a 10k JP instead of the new 2k JP limit.

- 1/21/26 Our ATI vendor along with our Calder Team proceeded with a RAM Clear on 15-O-03- to proceed with the option setting change.
- Unfortunately, the setting threshold error was not discovered until 2/9/26 when a patron advised us of what was occurring.
- As a part of our due diligence, we conducted an internal investigation that took place to see if we can identify a large coin in/coin out difference within our meter reports.
    - There were 13 instances where the meters jumped, which could have been attributed to a JP.
        - Out of those 13 instances there were 3 instances that we can identify by surveillance footage that a JP was awarded of $2k and greater in the bonus round. (However, this does not show us the exact taxable JP amount as they could have won money on the original spin before entering the bonus game.)

Considering that we cannot confirm with absolute certainty the exact amount of those possible JP's being awarded- we will not pursuit any further action on our part.

As another form of due diligence, we would like to highlight all the following actions that have taken place and is noteworthy when taking the entire incident into account:

- Our Slot Performance Team completed an entire audit of all the machines that were modified to confirm no other slot machine had the same JP threshold setting discrepancy.
    - Confirmed- this was the only slot machine that was optioned incorrectly.
- A revised checklist was implemented to reflect that the verification process is documented and verified on the remaining games that are still pending to complete.
- The leader that was present at the time of this particular threshold setting change was issued a formal disciplinary corrective counseling form (which will be kept in his HR File) for not following through on our standard operating procedure which would have included the limit setting to be verified prior to putting the game in service.

We kept this machine out of service throughout the entire investigation, however now that this investigation has been completed, we will be RAM clearing this unit (data will be lost once the RAM clear is performed) with the intention of placing it back into service for patron play.

Kindky advise if you have any apprehension of us RAM clearing and placing back into service.

Please let me know if you're in need of any additional information, feel free to forward to anyone within your agency that need to be notified of this official FGCC disclosure stemming from this oversight of an incident.

Thank you,

Iliana

Hello all,

Guest Christian Garcia (331694) brought to our attention that he had won an $8,000 fireball during a bonus he was playing and the machine did not lock up once it completed. He was able to cashout a ticket of $8,040.00.

Please see attached photos that show the settings the machine has currently. We reviewed the other machines on this bank, and their settings seem to be correct.

We placed the machine out of service until this can be fixed and reviewed.

Ian,

I believe I found the paperwork on OnBase for that day. I was the one that did those games and therefore there is no checklist for the day because I do not make one. We were all spread out on the floor for those days doing ram clears throughout the weeks. If you need anything else let me know. I will not be in on Friday, and I hope you have a great holiday weekend.

Respectfully,

Hi Anjeanet,

In terms of units "still pending", we have zero. All of the games that can/could be adjusted, have been updated to the $2k limit.

That said, there are 103 games on our floor that cannot be changed. These games will eventually be removed from the slot floor by way of reinvestment attrition.

Let me know if you have any questions. Thanks.

Best Regards,

Frank

Ian, We have completed this project to the best of our abilities. You are correct that some of our machines are no longer supported by the manufacturers and cannot be updated to allow the jackpot threshold to be changed from $1,200. On our floor, 32% of our machines are unable to be modified from $1,200.

The games below are still pending from the manufacturer. For these, the vendor has not yet provided us with a jurisdiction upgrade.

Normal hand-pay procedures apply, and we do not issue a tax form unless it meets the IRS threshold, in accordance with current tax law.

Executive Summary

The Division of Pari-Mutuel Wagering (Division) served West Volusia Racing, Inc. d/b/a Orange City Racing and Card Club (Respondent), with an Administrative Complaint alleging a violation of rule 75-11.003(4) of the Florida Administrative Code. The Administrative Complaint seeks to impose one or more of the penalties specified in section 849.086(14), Florida Statutes. Respondent returned an Election of Rights indicating that a final order should be entered imposing the action set forth in the Administrative Complaint. Therefore, the Division requests that the Florida Gaming Control Commission enter a final order imposing one or more of the penalties specified in section 849.086(14), Florida Statutes.

Relevant Facts

During a routine inspection of Respondent's cardroom on May 28, 20266, a Commission investigator reviewed surveillance footage from May 27, 2026, and observed a Poker Dealer failing to rotate the Dealer Button around the card table in a clockwise fashion on multiple occasions.

Based on these facts, the Division filed a one-count Administrative Complaint on August 25, 2026, seeking to impose one or more of the penalties specified in section 849.086(14), Florida Statutes. The Division completed service. On September 8, 2026, Respondent returned an Election of Rights. Respondent indicated on the Election of Rights that they did not dispute the allegations contained within the Administrative Complaint, waived their right to any form of administrative hearing, and that the Commission should enter a final order imposing the action set forth in the Administrative Complaint.

Analysis

Rule 75-11.003(4) provides, that "[t]he cardroom operator shall ensure that the button is moved around the card table in a clockwise fashion to provide each player equal opportunity."

Pursuant to section 849.086(14)(c), Florida Statutes, "[…] the commission may impose an administrative fine not to exceed $1,000 for each violation against any person who has violated or failed to comply with the provisions of this section or any rules adopted pursuant thereto."

Staff Recommendation: The Division of Pari-Mutuel Wagering requests that the Florida Gaming Control Commission enter a final order imposing one or more of the penalties specified in section 849.086(14), Florida Statutes.

Dear FGCC Clerks Office,

Please find attached the Election of Rights form for CASE NO.: 2026-038131.

It is my understanding that the rule of passing the button is under consideration for modification. If that is the case, will this administrative complaint be reevaluated to comport to the modified rule? Also, I'd like to point out that failure to pass the button should be a dealer responsibility. We train to meet all standards with all requirements specified in our dealer manual. Dealers have been held accountable for failing to follow the dealer manual and regulatory requirements, including dealer errors such as this. The dealer in question was immediately given a written counseling and retrained.

Many Thanks,

CONTINUATION

On May 28, 2026, during a routine biweekly cardroom inspection at the **ORANGE CITY RACING AND CARD CLUB**, I reviewed recorded surveillance footage from May 27, 2026. During this review, I observed Poker Room Dealer, Shelly Lynn Perez (PMW License #12372539, exp. 6/30/2028) fail to move the Dealer Button in a clockwise manner as required by Rule 75-11.003(4), F.A.C., on multiple occasions. Photographs were taken, and surveillance footage was obtained from **ORANGE CITY RACING & CARD CLUB** and marked as **EXHIBIT #2**.

A detailed review of the surveillance footage from May 27, 2026, revealed that while assigned to Table #5 from approximately 11:23 PM to 11:55 PM, Perez failed on multiple occasions to properly advance the Dealer Button in a clockwise direction around the table. Rule 75-11.003(4), F.A.C., requires cardroom operators to ensure the Dealer Button is consistently moved clockwise to provide each player an equal opportunity. Perez's failure to properly advance the button resulted in noncompliance with the rule and disrupted the required rotation of player advantage.

This violation was brought to the attention of Poker Room Manager Richard Edward Manning (PMW License #8784657, exp. 6/30/2027). Manning stated that he would be issuing Perez a Delaware North Record of Counseling (ROC) because of her actions. He further explained that Perez, along with all other **ORANGE CITY RACING AND CARD CLUB** dealers, had been repeatedly instructed to follow the proper button-rotation procedures in accordance with state regulations, and that these requirements are clearly outlined in the **ORANGE CITY RACING AND CARD CLUB** Pit Manual for employees **(Exhibits #3 & #4).**

Based upon the above, **Orange City Racing & Card Club (West Volusia, Inc.)** violated Rule 75-11.003(4), F.A.C., for failing to ensure the dealer button was moved in a clockwise fashion to provide each player with equal opportunity.

A review of the Versa Regulation Enforcement Database indicates that **Orange City Racing & Card Club (West Volusia, Inc.)** has no prior violations of Rule 75-11.003(4), F.A.C. This incident constitutes the facility's first recorded violation of the above-cited Rule.

Case #2026 03 7553 was opened against Dealer Shelly Lynn **PEREZ** for the observed dealer-responsibility violations.

Status: Closed by Investigations and forwarded to Legal for review.

MEMORANDUM

To:	The Florida Gaming Control Commission
From:	Division of Pari-Mutuel Wagering
Through:	Emily Alvarado, Chief Attorney
Re:	FGCC v. Anthony Richard Coyle Case No. 2026-042857; Final Order
Date:	September 30, 2026

Executive Summary

The Division of Pari-Mutuel Wagering (Division) served Anthony Richard Coyle (Respondent), with an Administrative Complaint alleging a violation of rule 75-11.004(8)(a) of the Florida Administrative Code. The Corrected Administrative Complaint seeks to impose one or more of the penalties specified in section 849.086(14), Florida Statutes. Respondent returned an Election of Rights indicating that a final order should be entered imposing the action set forth in the Administrative Complaint. Therefore, the Division requests that the Florida Gaming Control Commission enter a final order imposing one or more of the penalties specified in section 849.086(14), Florida Statutes.

Relevant Facts

At all times material hereto, Respondent worked as a cardroom dealer at Tampa Bay Down, Inc. On or about June 6, 2026, Respondent failed to clear his hands on one or more occasions when cash, chips, or tokens were exchanged with or provided to a player.

Based on these facts, the Division filed a one-count Administrative Complaint on August 21, 2026, seeking to impose one or more of the penalties specified in section 849.086(14), Florida Statutes. The Division completed service. On August 27, 2026, Respondent returned an Election of Rights. Respondent indicated on the Election of Rights that he did not dispute the allegations contained within the Administrative Complaint, waived his right to any form of administrative hearing, and that the Commission should enter a final order imposing the action set forth in the Administrative Complaint.

Analysis

Rule 75-11.004(8)(a), Florida Administrative Code, states, in pertinent part, that dealers shall "[c]lear their hands when cash, chips, or tokens are exchanged with or provided to a player."

Pursuant to section 849.086(14)(c), Florida Statutes, "[…] the commission may impose an administrative fine not to exceed $1,000 for each violation against any person who has violated or failed to comply with the provisions of this section or any rules adopted pursuant thereto."

Staff Recommendation: The Division of Pari-Mutuel Wagering requests that the Florida Gaming Control Commission enter a final order imposing one or more of the penalties specified in section 849.086(14), Florida Statutes.

Synopsis: During a cardroom inspection at Tampa Bay Downs on June 11, 2026, a review of saved surveillance footage from June 6, 2026, showed that poker dealer Anthony Richard **COYLE** failed to clear his hands at any time during the thirty minutes he was assigned to his table.

CONTINUATION

On June 11, 2026, during a routine bi-weekly cardroom inspection at Tampa Bay Downs, a review of surveillance footage dated June 6, 2026, of randomly selected Poker Dealers revealed that Anthony Richard **COYLE** (PMW License #11419322, exp. 06/30/2029), assigned to table 2-2, failed to clear his hands at any time during the thirty-minute period he was assigned to the table, from approximately 6:03 p.m. to 6:33 p.m. **(Exhibit 2)**.

Rule 75-11.004(8)(a), F.A.C., requires dealers to clear their hands whenever cash, chips, or tokens are exchanged with or provided to a player. Surveillance footage showed multiple chip transactions during the observed period; however, the dealer failed to properly clear his hands after those transactions, as required by the Rule.

COYLE also failed to ensure that the Dealer Button was rotated clockwise on a hand-by-hand basis, which is required so that each player who wishes to serve as the Designated Player has an equal opportunity to do so. Due to this specific violation, the Division opened Case #2026 04 0778 against the facility for non-compliance with F.A.C. Rule 75-11.003(4).

This violation was brought to the attention of Tampa Bay Downs Poker Room Floor Supervisor Joseph Richard Gerstel (PMW LIC. #7915120, exp. 6/30/2027), who acknowledged the information and stated that he would speak with **COYLE** about the violations.

A review of the Versa Regulation Enforcement Database indicated that **COYLE** has one prior violation of Rule 75-11.004 involving three separate counts. Refer to Case #2022-00-5454, in which a one-hundred-fifty-dollar ($150) fine was imposed **(Exhibit 3)**.

Status: Case closed by Investigations and forwarded to Legal for review.

12. Discussion of Cardroom Information Gathering Session

12.1 Rule considerations by Industry Stakeholders

Note: *The following sections are rule topics raised by industry stakeholders at the Cardroom Information Gathering sessions and their inclusion should not be reflected as a staff recommendation. For context, existing rule provisions, where applicable, are provided with highlighted sections indicating where amendments may be necessary.*

a. Amend the rule requiring "names" on access lists "posted inside the door" to restricted areas – Instead require position title and post the list in the Internal Controls or Surveillance Room

Section **75-11.012 (8**) Cardroom operators shall establish, and list in their internal controls, security controls that limit access into the cashiers' cage(s), count room, vault, and surveillance room. This list shall include the position titles of all employees who have access to these areas. A current list of employees, including full names and license numbers, authorized to enter each secure area and shall be posted on the inside door of the entrance to each specific area, in the security office, and in the surveillance room at all times.

Section **75-11.075 (4**) (a) The count room shall include:
(a) Reinforced doors equipped with locks and a device that audibly signals the surveillance monitoring room and the security department whenever a door is opened. All count room doors must remain locked except to allow entrance by authorized individuals as listed on the inside of the count room door pursuant to subsection 75-11.012(8), F.A.C.

b. Amend process to identify and remove damaged cards (clarify the deck does not have be discarded if a replacement card can be inserted)

Section **75-11.014 (4)(a)** Any card that is taped, cut, shaved, marked, defaced, bent, crimped or deformed in any fashion that may permit covert identification of the card during the course of play must be withdrawn from play. Each time a card is determined to be damaged as described in this section, the entire deck shall be withdrawn from play and replaced with a new deck after that new deck is thoroughly inspected under the requirements of this rule.
Any deck of cards in which it is determined damaged cards exist shall be withdrawn from play immediately upon identification of the damage as follows:
1. The entire deck of cards containing the damaged card or cards shall be removed from play before card play may resume at the card table and the damaged card or cards shall be placed in a sealed envelope or evidence bag,
2. The sealed envelope or evidence bag shall be marked with the table number, the date, and time the deck was withdrawn from play,

3. The cardroom supervisor shall sign his/her name across the seal of the envelope or as otherwise provided on the evidence bag indicating the supervisor has sealed and inspected the seal prior to storage of the damaged card or cards,
4. All damaged cards shall be retained for at least 14 days from the date of withdrawal from play; and,
5. The remaining cards in the deck may be reused for play, after the missing card or cards are replaced and the entire deck is inspected by the dealer as required in subsection 75-11.004(9), F.A.C.
(c) Cards which have been removed from play shall be permanently altered so that the cards cannot be put back into play.

c. **Allow jackpot funds to be maintained in interest bearing accounts** (to the credit of the jackpot fund)

Section **75-11.0279 (1) (d)** Ensure that jackpot pool revenue is:
1. Not commingled with other monies,
2. Deposited daily into a separate non-interest bearing bank account, or
3. Held as cash on hand in the cashiers' cage or vault.

d. Clarify the source of funds to include the exchange of "electronic funds" for the chips at the cashiers cage and payment of tournament entry fees

Section **75-11.005 (2)** No cardroom operator or employee shall extend credit, make a loan, or grant a gift to any person that would enable that person to play in an authorized game. The consideration required to participate shall be collected in full, by cash, check, debit card, or credit card, in exchange for chips or tokens prior to participation in any game offered at the cardroom facility.

e. Create a methodology for the retirement of poker chips – (Periodically, cardrooms retire chips from play with new chips. Cardroom operators are looking for guidance for how the process should be implemented and a time frame to honor expired chips.)

No current rule specifically addressing chip retirement.

f. **Amend rule for Operational procedures regarding Cardroom Shuffler (**Remove 2 deck limitation and Clarify that hand shuffle is acceptable)

Section **75-11.014** (d) If an automated card shuffling device is being used, a cardroom operator shall use two decks of cards; and,
1. The backs of the cards in the two decks shall be of different colors,
2. One deck shall be shuffled by the automated card shuffling device while the other deck is being dealt or used to play the game; and,
3. Both decks shall be continuously alternated in and out of play, with each deck being used for every other game.

g. **Remove requirement that playing cards must be plastic (allow use of paper cards)**

1 Job No.: 443497
2 Proceedings began at 11:04 a.m.
3 MS. VALENTINE: Good afternoon. My name is
4 Elina Valentine, General Counsel. Welcome to the
5 first of three cardroom rules information sessions
6 that the Commission is holding throughout the
7 State.
8 During the -- during the session permitholders
9 may provide for the Commission's consideration
10 feedback and suggestions on rules governing
11 cardroom operations. Please limit your discussions
12 to rules promulgated in Chapter 75-11 of the
13 Florida Administrative Code.
14 If you would like to speak, you may come up to
15 the front table. Each speaker will have around 15
16 minutes to present. This meeting will be
17 transcribed by madam court reporter. I'm going to
18 turn it over to my colleagues for introductions and
19 for opening remarks by the Executive Director Alana
20 Zimmer.
21 MS. ZIMMER: Good morning, everyone. Thanks
22 for coming to this. Just so you know, like, the
23 objective of this is trying to get more information
24 back from our licensees and permitholders so that
25 we can essentially serve you better and ultimately

1 serve Floridians better.
2 So anything that you'd like to bring to us is
3 great. We're just trying to strengthen those
4 relationships and the service that we provide for
5 you.
6 So we welcome you, we're thankful that you're
7 here today, and we look forward to hearing --
8 hearing what you want to -- want to discuss today.
9 Just as Elina said, we have two more of these
10 sessions coming up. So if you have colleagues or
11 others who weren't able to make this one, we'll be
12 having another one next week in Orlando and then
13 May 7th in Fort Lauderdale. So we're hoping to
14 make those convenient enough for everyone across
15 the State.
16 These are also -- we really want these to be
17 helpful for people who are on the floor every day,
18 so those people who are experiencing these things
19 on a day-to-day basis have firsthand experience
20 with that. We want to make sure that we're
21 addressing those concerns as well. So thank you.
22 Brandon, you want to --
23 MR. McCAFFERY: Sure. So Brandon McCaffery,
24 Deputy Executive Director. Just want to thank
25 everyone for coming out today and looking forward

1 to hearing some feedback that y'all have. Thank
2 you.
3 COMMISSIONER SPICOLA: Good morning, ladies
4 and gentlemen. My name is William Spicola. I'm a
5 recently appointed Commissioner in the Florida
6 Gaming Control Commission. I look forward to
7 hearing from everybody today and making some
8 positive changes to the cardroom rules that
9 will work for everybody.
10 MR. DILLMORE: Joe Dillmore, Director of
11 Pari-Mutuel Wagering. Welcome.
12 MS. VALENTINE: We can now start our portion
13 of the meeting if anybody would like to come up
14 first. No pressure here.
15 MR. LOCKWOOD: Are you wanting to go rule by
16 rule or just one person for all comments?
17 MS. ZIMMER: So any particular ones that
18 you're interested. We don't need to go through
19 every one, but if there are particular things that
20 you want to start with or address we can start with
21 one of those if you got an item of concern.
22 MR. LOCKWOOD: Perfect. Is it okay if I just
23 -- do I need to --
24 MS. ZIMMER: Would you mind just so we can
25 hear a little better. In my old age I have a hard

1 time.
2 COMMISSIONER SPICOLA: And we want The Florida
3 Channel to be able to pick you up as well.
4 MR. LOCKWOOD: My name is John Lockwood. I'm
5 here on behalf of a number of pari-mutuel
6 (inaudible). We're a law firm here in Tallahassee
7 regulate -- or work with a lot of these regulated
8 entities.
9 So I've got a number of comments here and I'll
10 start with -- my first one is going to be in
11 75-11.005 prohibitions, and this (5).
12 This rule basically prohibits cardroom
13 occupational licensees from participating in
14 authorized cardrooms at the facility where they're
15 employed.
16 So we previously had filed a variance on
17 behalf of one of our clients Oxford Downs many
18 years ago. It was denied. We challenged the rule.
19 The rule was ultimately upheld. Certainly this is
20 something within the Department's purview.
21 Our biggest concern here -- and I think a lot
22 of cardrooms will do this differently across the
23 State. It kind of depends on where they're
24 located, but for cardrooms that are located in
25 rural areas, this is just becoming an increasing

1 problem.
2 And so, you know, we understand the
3 Department -- or the Commission's concern that, you
4 know, we want to have this -- you know, uphold the
5 integrity of the game and we're looking at that,
6 but at the end of the day the things the rule
7 doesn't contemplate is if you're a cardroom dealer,
8 you can deal cards to your wife, your kids, your
9 brother, family members, people you owe debts to,
10 things like that.
11 So we don't really think that banning cardroom
12 employees from this is going to provide any
13 additional, you know, benefit to the games. And I
14 think that banning cardroom employees actually
15 potentially in some areas could encourage the
16 proliferation of home games. I think that we hear
17 that a lot.
18 I mean, people that play in these cardrooms
19 naturally have an interest in playing poker and so,
20 you know, they're going to want to play games and
21 sometimes driving an hour, hour-and-a-half to
22 another cardroom is just something that's not --
23 they don't want to do. So we would certainly like
24 the Department to give that some consideration.
25 We don't think it would be an issue in any of

these rooms. I mean, if players don't feel comfortable at the table, we're not going to force them to play in that game. If they say, hey, you know, I know this dealer that's playing there, you know, he dealt for me last week. I don't feel comfortable. We certainly can assign him to another table. This happens all the time, so.

COMMISSIONER SPICOLA: Would you anticipate making that a part of your house rules?

MR. LOCKWOOD: I think we have internal controls for that. For sure. Absolutely.

MS. ZIMMER: I know that -- that you're speaking. We appreciate that right now. I was just going to ask the rest of you here, just, you know, informal, do you all have the same kind of issue in your areas?

Perfect. Okay. Just curious, like making sure that, you know, if we want to serve --

(Overriding noise)

MS. ZIMMER: -- one person is having an issue, oftentimes others are as well and we just want to acknowledge that. Thank you.

MR. LOCKWOOD: My next comment is going to be generally to cardroom employee occupational licenses in general.

1 Number one, this isn't necessarily something
2 that's referenced in the rules. It's just more of
3 an overall process. I would say I weekly get
4 complaints from clients that it is very difficult
5 for them to onboard occupational licensees.
6 Used to be the process was simple. We had
7 Commission and previously PMW staff that was
8 located at these facilities. They were able to
9 help licensees get onboarded on. They were able to
10 get to work.
11 We're obviously competing with, you know, a
12 lot of other industries for talent that don't need
13 occupational licensees. And so, you know, when an
14 employee's told: We'd love to hire you, but it
15 might be, you know, a month, six weeks, eight weeks
16 before you're able to get your license and able to
17 start working. A lot of times that's going to be a
18 deterrent.
19 And so we understand that there's certain
20 rooms in the State that still have staff members
21 from the Commission that are there. They're able
22 to assist and obviously their applications go
23 quickly, but what we're hearing is is that those
24 staff are reluctant to travel to other facilities
25 and, again, it's just causing a considerable number

1 of delays.
2 75-11.0106, the identification of occupational
3 license --
4 MS. ZIMMER: Sorry, backtrack just a second.
5 Are those mostly in rural areas that you're talking
6 about?
7 MR. LOCKWOOD: I know Jacksonville certainly
8 has experienced a number of issues --
9 MS. ZIMMER: So it would also be the bigger
10 areas?
11 MR. LOCKWOOD: Bigger areas as well. So they
12 don't have one that's staffed. I believe someone's
13 staffed in Daytona, but, you know, we do see a lot
14 of delays in those, you know, areas. It just
15 really depends on whether or not they have someone
16 at the facility. If they have someone at the
17 facility or located close by, a lot of these issues
18 are sometimes alleviated, but it's something that I
19 would say over the last two to three years has been
20 a constant complaint -- why is this taking longer
21 and longer and longer to get people licensed.
22 MS. ZIMMER: Thank you.
23 MR. LOCKWOOD: And this kind of goes hand in
24 hand with that, the identification of the
25 occupational license applicant. The rule has been

1 updated. I know we've talked to staff. The form
2 is --
3 MR. DILLMORE: Sorry. You referenced that
4 section pretty quickly. Did you reference another
5 section as well?
6 MR. LOCKWOOD: Sorry, 75-11.0106, the
7 identification of the occupational license
8 applicant. This rule was just recently updated to
9 make clear about the forms of identification that
10 need to be provided. However, the form hasn't been
11 updated.
12 And this is what's causing a problem for
13 people that are applying online. They're
14 submitting their identification pursuant to the
15 form and they're starting to get rejected because
16 the form doesn't line up with the rule. So, you
17 know, again, we're experiencing further delays on
18 that and we would hope, you know, this could be,
19 you know, a quick change to the form.
20 Another thing we hear from clients -- again,
21 this isn't something that's in the rule, but on the
22 Gaming Commission you're allowed. You're able to
23 search by cardroom licensees, so dealers and things
24 like that you can search their name.
25 We would hope that the Commission would stop

1 publishing the home addresses of these individuals.
2 Certainly we understand public records law, but I'm
3 not aware of a statute or anything that compels the
4 agency to publish that information. If there is, I
5 mean, we're certainly, you know, open to hear about
6 that, but, you know, we hear that, a constant
7 complaint (inaudible) workers is that they really
8 don't like having their home information published.
9 They're okay -- you know, obviously this is the
10 room they're associated with and et cetera, et
11 cetera, but, again, having that home information
12 if -- you know, sometimes players have problems
13 with their dealers and, you know, we don't want
14 anything to resort to actions out of the cardroom.
15 So, you know, again, just kind of looking out for
16 the safety of employees there.
17 Just scrolling, looking.
18 My next comment is going to be in 75-11.012,
19 duties of cardroom operators. This is going to be
20 paragraph 8. So paragraph 8 requires secure areas
21 that you post on the inside of the secure door a
22 list of every single individual that's -- that's
23 able to access that facility.
24 Candidly this is useless. There's nobody --
25 it's not like a speak easy. Somebody's not on the

1 inside of that door that's cracking it and checking
2 names and this list is having to be constantly
3 changed over and over and over again as the roster
4 of employees change.
5 So what we would suggest is is that on the
6 outside of the door, to the right of the door as
7 you would enter the door that there would be a list
8 of classifications of employees, supervisors, et
9 cetera that would have access to that room. We
10 don't think having the actual individual names for
11 every single person provides any meaningful
12 benefit.
13 Candidly all we get are -- we'll see
14 violations, you know, a lot of times just things
15 like, this person got fired last week or this
16 person left last week, but their name is still on
17 the door and that's a violation. It just seems a
18 little unfair and useful and --
19 MS. ZIMMER: Sure. And I just want to say
20 thank you for bringing a solution to that too. We
21 have traveled throughout the State and I think
22 we've met with eight of our operators thus far and
23 that is a recurring theme that I'm hearing. So I
24 like this suggestion and thank you for bringing
25 that to us.

1 MR. LOCKWOOD: I think if we have the, again,
2 the placard on the outside of the door that has
3 that, we've got surveillance, people are able to
4 check, they know the employees, they're going to be
5 able to, you know, identify or they -- do they have
6 the appropriate way to enter and access that room.
7 MS. ZIMMER: Thank you.
8 MR. DILLMORE: John, can I get a follow-up
9 question. So that section, it refers to three
10 different areas?
11 MR. LOCKWOOD: Correct. As (talkover) count
12 room, vault, and the surveillance room.
13 MR. DILLMORE: I mean, do you feel -- is your
14 concern to all of those areas or in particular
15 surveillance and cashiers cage?
16 MR. LOCKWOOD: What I've heard is across the
17 board of all the areas that listing the individual
18 names just really doesn't -- isn't -- isn't useful
19 for a cardroom operator. It provides no benefit to
20 them, and really it's just something that they're
21 constantly having to change these lists on.
22 Because, again, it's -- you would change the
23 list for every single room if someone, you know,
24 leaves at that point in time. So, you know, you
25 may be making multiple lists done weekly depending

1 on this.
2 MR. DILLMORE: Do you think access -- if not a
3 specific person like -- for instance, surveillance,
4 is there really any -- is there -- would you have
5 your own internal list other than -- and your
6 internal controls other than the position, is
7 there -- I guess I'm saying is there any level of
8 concern raised if some other employee got in the
9 surveillance room?
10 MR. LOCKWOOD: I mean, I don't necessarily
11 think so. I mean, we already have to maintain
12 pursuant to paragraph 1 of this rule a complete
13 roster of all of our staff members, the job title,
14 the occupational license number, their full name,
15 we already have this information, you know, on a
16 roster. So I just don't see any benefit to having
17 it broken it down on any of these rooms.
18 MR. DILLMORE: I will say -- I appreciate the
19 comment. I think count room is one that we would
20 be maybe a little more concerned with, knowing
21 which individuals are in that room and that there's
22 a certain rotation that's supposed to happen to
23 make sure the same individuals aren't on the same
24 counting for so many days in a row.
25 So it's one of those areas where the State

1 does have a vested interest because there's a --
2 there's a -- obviously percentage of the gross
3 receipts coming back to the State and I'm like --
4 you know, it's not a -- it's a manual process.
5 MR. VINEYARD: William Vineyard with Pensacola
6 Greyhound, Miami, used to be dog track. I lied and
7 we can't take the credit.
8 There is a separate list of count team members
9 that's required. It's just updating it on that
10 door is -- is where we -- we have the question. Is
11 we update it here, but now we've got to go put it
12 in four or five different locations. If we just
13 had it by position and here's your counting list,
14 it's -- I feel it's covered. That's our
15 suggestion.
16 MR. DILLMORE: Thank you very much.
17 MS. GIARDINA: Deb Giardina from bestbet
18 Jacksonville. Also we have multiple properties and
19 the count teams vary. So you -- in relation to
20 what William is saying also, we have a schedule of
21 the people that you are doing the count each day.
22 So the State will be able to see that and see that
23 they're not the same, so it's not all on the door
24 but you will have a record of who's been in that
25 count room at which property on which day and

1 you'll be able to track that we are following what
2 your concerns are.
3 MR. DILLMORE: Thank you.
4 MR. LOCKWOOD: Just to follow up, we certainly
5 appreciate the State is -- wants to make sure they
6 collect their full share of the gross receipts tax.
7 I'll note that that's eight percent and we retain
8 the rest, so we're very incentivized to make sure
9 that no dollars are lost here, so. Okay. So
10 that's all I have on that rule.
11 Moving to 75-11.014, cards. So in paragraph
12 4(a) there's basically a process for cards that
13 have been damaged, defaced, marked. The
14 requirement is that you basically dispose of the
15 entire deck and there's a whole procedure for this.
16 We think this is a little cumbersome.
17 In a lot of jurisdictions we're able to just
18 -- everything's on video surveillance, so if you
19 have a 7 of clubs that's been damaged, dented,
20 marked, whatever, you know, basically there's a
21 procedure they would show on camera. They replace
22 that card out, they retain the damaged card, they
23 mark it in a way in which it cannot be put back
24 into a deck, and so we'd like to see something like
25 that that would be imposed in the -- in the State.

As far as a suggestion, Director, we will -- we intend to provide written comments at the conclusion of this, so what we'll do is suggest some language and some alternatives that maybe the Commission can do and maybe even relate back to other jurisdictions in how they do this.

MS. ZIMMER: Perfect. That is incredibly helpful.

MR. LOCKWOOD: A lot of staff members come from other jurisdictions, and this is something that several people highlighted as -- even in places like Nevada, this is just not a process that's -- that's maintained.

Moving down to paragraph 4(d). This is a regulation on automatic card shuffling devices. The statute that we have, 849.086 just generally has an allowance to use mechanical card shufflers.

This rule in my opinion limits that authorization. You're only allowed to use two decks of cards. There's a specific manner in which -- how they have to be shuffled.

It's gone so far that we've had where we may be using a mechanical card shuffler and there could be times and games where you've -- you've played a hand and the other deck is not completely finished

at this point in time. And with poker everything is we want to get as many hands as we can per hour. Because the more hands you get, more rake, more gross receipts we're able to generate for the State.

We've had an investigator say if you're using that device and the card shuffler's not finished, we're not even able now to hand shuffle. Now that we're using this mechanical card shuffler, we have to wait until that process stops.

So for us it would just be much simpler if we had the ability to use just mechanical card shufflers and there wasn't a regulation that it has to be limited to two decks.

I mean, candidly we've looked into other jurisdictions and have been able to find nothing that's similar to this that would propose -- provide this level of limitations.

And just simply providing us the ability to have the card shufflers without these restrictions are going to result in more hands per hour and more generation of additional revenue for the State of Florida.

MS. ZIMMER: And, again, if you want to let us know when you do those statements kind of what

1 you've discovered in other -- other jurisdictions,
2 that would be helpful.
3 MR. LOCKWOOD: Absolutely. Let's see here. I
4 have a few small comments I'll provide in written
5 format here. All right. 75-11.0279, jackpots,
6 prizes, and giveaways and this is going to be
7 paragraph 6.
8 The current rule language says a cardroom
9 operator cannot hold -- withhold a percentage of
10 the jackpot rule from the cost of administering the
11 jackpot rule, and so this rule's been in effect for
12 almost since the beginning as far as I know.
13 These rules -- or these rooms as you know have
14 been struggling in the recent past due to the
15 minimum wage amendment that allow for increased
16 minimum wage with no offset for gratuities.
17 Cardrooms are generally powered by gratuities.
18 It's a very tip heavy industry.
19 The jackpot pool has -- has for a lot of these
20 rooms climbed significantly over the years as -- as
21 revenues have increased. What we would like to be
22 able to do is withhold a reasonable fee. I mean, I
23 think -- I don't think that there should be a
24 threshold in the rule. I don't know that the State
25 has the ability to set a threshold. What we would

1 like to do is have the ability to offset some of
2 these costs that we have for administering these
3 pools and it's the promotional activities.
4 You know, marketing, a lot of stuff that goes
5 into this. People get very creative with their
6 high-end promotions and their Bad Beat Jackpots,
7 and so obviously whatever percentage that we would
8 withhold from that pool, we're going to -- it's not
9 going to be a significant amount, because nobody
10 wants the patrons to get upset. But what we think
11 is the patrons are going to see a much better
12 return. They're going to see, you know, better --
13 you know, better promotions, better marketing, you
14 know, better just -- it's going to be more exciting
15 for them, more opportunities.
16 The money that would be withheld is obviously
17 subject to gross receipts tax. We would not be
18 suggesting that we could withhold this percentage
19 and it wouldn't be -- it wouldn't be -- it would be
20 nontaxable, we think it would be taxable. So this
21 is something that I would say for a lot of rooms is
22 a -- is a priority issue in this is that we'd like
23 to see some allowance for that.
24 MR. DILLMORE: Question there, John, maybe
25 two. How would you envision that working? Would

that be like just a regular percentage withhold on a daily count or would it be possibly just like at the end of the month, you know, taking an extra percent off of the total balance?

MR. LOCKWOOD: My guess is it would probably be at the end of the month. And we can propose a couple of different alternatives for the State. Because, again -- I mean, really what we're trying to do is come up with something that's, you know, easily applied across the board.

A lot of people -- some rooms just do high-end jackpots, some people just do Bad Beat Jackpots, a lot of people do, you know, a mix of all between. So we'd like to come up with something that, you know, is easily enforceable across the board, but it is not putting a drain on the cardroom operator.

And so now we're in a position where in trying to deal with, you know, the workforce in general of, you know, pulling people over from different areas of the cardroom in order to work on, you know, coming up with this and administering this fund.

MR. DILLMORE: Is there a reason, like, an operational reason like you can charge any rake you want a normal rake, is there a reason that would

1 affect the business if you just didn't increase
2 your normal rake to make up those administrative
3 costs that your --
4 MR. LOCKWOOD: I think everyone generally
5 doesn't -- wants to avoid increasing the rake. I
6 can tell you that we've experienced in the last few
7 years some slight rake increases across the State,
8 but generally speaking the cardroom operators are
9 kind of hesitant to do that.
10 I think that gets more of a reaction from
11 day-to-day poker players than having an
12 administrative fee on the jackpot fund. A lot of
13 people that are playing, you know, smaller cash
14 games and all just do not want to see, you know,
15 the rakes continue to increase.
16 MR. DILLMORE: Are you going to be
17 submitting --
18 MR. LOCKWOOD: Absolutely.
19 MR. DILLMORE: If you do -- I mean, part of it
20 would be -- we would be interested in if the
21 Commission -- some type of disclosure to the
22 customer so they're aware --
23 MR. LOCKWOOD: Absolutely. Yeah. Yeah. I
24 mean, I can assure you that everything these rooms
25 are doing is -- is trying to be, you know,

1 pro-consumer as possible, make sure that they
2 understand this. You know, they are the life blood
3 of this industry, so we're not looking to just
4 drain them. That's certainly not the intent behind
5 this. It's just, you know, we've gone so long
6 without taking any fee from this.
7 And, again, I think you're not going to see
8 people taking 20, 30, 40 percent or anything like
9 that. It's going to be in the single digits if
10 anything, because, again, you know, players will
11 react to that.
12 But we think that able to -- if we're able to,
13 you know, set a fee at five, six, seven percent
14 then it's going to come back to the players and
15 they're going to have a better experience overall,
16 so.
17 With that I think those are -- those are my
18 biggest comments. I've got a few other things that
19 I think are probably better organized in -- in
20 written comments.
21 And so do we have a time line on when the
22 deadline is going to be -- I guess my question is:
23 Do you want these before we get to the next
24 workshops or are we going to do all three workshops
25 and then submit written comments?

1 MS. ZIMMER: It would be helpful to get them
2 beforehand because then we can kind of tailor the
3 ones that are subsequent -- subsequently being
4 held.
5 MR. LOCKWOOD: Okay.
6 MS. ZIMMER: Again, all -- all the language
7 that you can provide is very helpful.
8 MR. DILLMORE: I understand if you can't do it
9 by then, I mean, we're not going to turn them away,
10 so whatever you can give us is obviously going to
11 be appreciated.
12 MR. LOCKWOOD: I'll definitely have them in
13 advance of the May one. We should be able to
14 provide some comments prior to next Thursday, maybe
15 not necessarily all other comments. But if it's
16 good for the Commission, then at least we can
17 submit some of the bigger ones on a rolling basis.
18 All right. If y'all don't have any more
19 questions for me, that's all the comments I have.
20 MS. ZIMMER: Thank you. That was a great
21 place to start. Again, we're trying to do these as
22 inform -- informally so everybody feels comfortable
23 talking about them.
24 If anybody wants to come up and elaborate on
25 any of the issues that he's already said, if you've

1 got, you know, further things that you'd like to
2 talk about, any of those -- I think we had eight of
3 them listed. If anybody wants to come and talk
4 about those first before we address any others.
5 No.
6 Any differing suggestions that you might have
7 too if you want to submit those afterwards and say,
8 you know, this is what was presented, this is an
9 idea that we have regarding that, we'd love to see
10 that also.
11 All right. Would the next person like to come
12 up and share? Okay. No other comments or anything
13 else?
14 MS. VALENTINE: Just to close out the meeting
15 if you have any written comments or any rule
16 changes, you may submit them to our Commission
17 Clerk email, clerk@flgaming.gov.
18 This meeting is being transcribed. If you
19 would like a copy of the transcript once it is
20 ready, you may contact me or public records team
21 and we can provide you with a copy of the
22 transcript as well.
23 (Pause)
24 MS. ZIMMER: So once again we're trying to do
25 these, you know, across the State giving all of our

1 operators an opportunity to come and voice their
2 concerns or changes that can make their jobs easier
3 or that we can better serve you.
4 And -- so by putting these in the three
5 locations, we're trying to geographically reach
6 everyone. Additionally we are going to every
7 operator in the State. We've done eight of them so
8 far this year.
9 But, again, it's just there are common issues
10 amongst people that if one person has them, there's
11 probably another group having them and we just want
12 to make sure that we're addressing these as best we
13 can.
14 So I want to thank you all for being here
15 today. And even if you're here today, if you'd
16 like to come to Orlando next week or South Florida,
17 or if you have multiple locations that you
18 represent if you want to send other people there,
19 that would -- you're more than welcome to do that.
20 And, again, we want to encourage people that
21 are on the floor. So sometimes -- you know,
22 sometimes it's not just a lobbyist or lawyer that
23 is aware. You know, they might bring those issues
24 to them, but they might be able to give you more
25 detail or give us more detail on those topics, so

we do want to encourage you -- to some people that are working on the floor as well. Thank you.

(Proceedings concluded at 11:32 a.m.)

3 MS. ZIMMER: Well, good morning everyone. Thank
4 you for coming to our second cardroom discussion here
5 in the last few weeks. As you know, we just did one
6 recently in Tallahassee, and we're trying to do these
7 around the state, so that everybody has an opportunity
8 to come in and speak and share with you -- share with
9 us your concerns, so that we can see how we can do
10 better work together going forward.
11 So we're going to -- we're going to get started
12 with some just, kind of, administrative items that
13 Elina will talk about. We will get into what we deem
14 as important, that you deem as important for us to
15 address. If you would like to speak, we are asking
16 that you come to this side of the table. We find we
17 have got kind of a microphone over here. So we
18 encourage all of you to come up and speak for
19 anything. This is meant to be very conversational and
20 informal. So come on up even if you're like, I don't
21 know, maybe I'm the only person with this or not. You
22 want to make sure everything is mentioned. So again,
23 right here.
24 We can go through and we'll give you an
25 introduction on all of us. My name is Alana Zimmer.

I'm the Executive Director of the Florida Gaming Control Commission, and we can start out here with Joe.

MR. DILLMORE: Joe Dillmore, Director of Pari-Mutuel Wagering.

MS. VALENTINE: Elina Valentine, General Counsel.

MS. ZIMMER: Moving on.

MS. REPP: Tina Repp, Vice Chair and Commissioner.

MR. MCCAFFERY: Brandon McCaffery, Deputy Executive Director.

MS. ZIMMER: And I also wanted to ask, just so, you know again, you're more comfortable and you are settling in. Maybe you all know each other, maybe you don't know each other, but I was going to ask you if you all wouldn't mind introducing yourselves and what organization you represent? You want to start there?

MR. STRINGER: I'm Michael Stringer with Daytona Beach and Orange City Poker.

MS. ZIMMER: Thank you for coming today.

MR. GUZMAN: Fred Guzman, same Daytona Beach and Orange City Poker.

MR. FISCHER: Michael Fischer from Melbourne Greyhound Park and Club 52.

MR. MARR: Jeff Marr from Melbourne Greyhound Park.

MR. MANNING: Richard Manning, Orange City Poker Room.

MR. GIANSANTI: I'm Michael Giansanti from OcalaBets.

MR. VAIL: I'm Chopper Vail from Daytona Beach Racing and Card Club and Orange City Racing and Card Club

MS. ZIMMER: Thank you. Go on gentlemen.

MR. LOCKWOOD: John Lockwood, Lockwood Law Firm.

MR. HOLLANDER: I'm Jesse Hollander with Bestbet.

MR. CLARIETTA: Saige Clarietta from Bestbet.

MS. GOODALL: Conilee Goodall representing several companies. You can take down (indiscernible) Barry's solutions.

MS. ZIMMER: Okay, and then --

MR. MITCHELL: I'm not sure I have introduced myself. Mark Mitchell Inspector General for the Gaming Commission.

MR. MURRAY: Bryan Murray, vendor GCB (phonetic).

MR. CARTER: Tony Carter, same thing vendor GCB (phonetic).

MS. ZIMMER: Anybody -- that's everybody in the background.

MS. ROUNDS: Name LeeAnn Rounds at FGCC.

MS. SAMSON: Randa Samson at FGCC.

MR. WASHINGTON: Derek Washington at FGCC.

MS. ZIMMER: Fantastic. Well, thank you everybody again for being here today. I'm going to turn it over to Elina and she'll give you a little bit more information here.

MS. VALENTINE: Just the administrative follow-up involving our court reporter here. This meeting will be transcribed and we will be sending out the transcript to all of the Cardroom operators that we have contacts for. If you would like to receive the transcript in another email add your email to the sign-in sheet, and then you also provide us with a your email signature. This meeting is scheduled to end at 12:00 p.m.

MS. ZIMMER: Just some information. Like you mentioned, we had our first meeting last week in Tallahassee and so there were really a lot of your ideas that were brought up, that many of you are experiencing. Some of those I just wanted to reiterate and we can talk about those further today, because again, there are people here that weren't here last week, so we'd like to elaborate on those, get more information. Again, hear as much information as you can share.

One of the first ones was removing the

1 prohibition on employees playing in the cardroom in
2 which they are employed. We had removing the
3 requirement that a cardroom post a list of employees
4 authorized to access the -- certain restricted areas,
5 and then removing -- I'm sorry, and then allowing
6 cardrooms to pull the administrative fee from the
7 jackpot funds, and revising the process for removing
8 the damaged cards from the play. So those were just a
9 few of the ones that were mentioned that we thought we
10 could add the session to.
11 So with that said, is there anybody that would
12 like to speak further to any of those?
13 MR. GUZMAN: Do you want to check?
14 MS. ZIMMER: We just want to make sure
15 everybody's heard in that. If you just want to,
16 again, introduce yourself, so we have that on the
17 record.
18 MR. GUZMAN: Honorable Commissioner, my name is
19 Fred Guzman. I serve as the President of Daytona
20 Beach Racing and Card Club and Orange City Racing and
21 Card Club. Before I begin, I'd like to thank the
22 Commission for providing this forum. The last time we
23 did something similar to this was about 12 years ago,
24 under DBPR. I remember Director Dillmore was there.
25 I found it very useful then and I do look forward to

seeing what comes out of this meeting. So, thank you.

In this fast paced technological world, I do think it's time that we modernize our rules. We've become a cashless society for the most part, but we're held back by rules that were written more than 30 years ago. It could be something as simple as changing the definition of what a monetary instrument is.

We should also consider future-looking concepts, like dealer-assisted digital gaming tables. I understand that that concept may be outside of the scope of this meeting, but technology doesn't stop, and we share the same goal of serving Floridian benefits. I'd also like to mention the exemplary communication with Executive Director Zimmer. The transcript that you provided, its going to allow us to avoid redundancies.

I want to ask my Director of Marketing, Chopper Vail, to go over what already has been discussed and add a few more discussion points. We will submit written comments after this meeting. Thank you.

MS. ZIMMER: Thank you.

MR. VAIL: As Fred said, my name is Chopper Vail, legally Jacob Vail for the record. I'm the Director of Marketing for Daytona Beach and Orange City. And I

too appreciate the Commission for the opportunity to speak today and applaud you guys for wanting to allow cardrooms the ability to discuss the administrative code and how it impacts the cardroom operations and regulatory compliance.

I would like to minimize the time we take today by affirming some of Mr. Lockwood's comments from the March 24th meeting, expounding at times and submitting all the mentioned changes like Fred said, to the Commission in writing, and then we'll speak on a few topics outside of those already proposed, with our entire team available for questions, if they do come up.

Starting first with Mr. Lockwood's mention of the occupational licenses on section 009, subsection 6, we support Mr. Lockwood's statements regarding the overall process onboarding occupational licenses. Initial licensing currently can dissuade potential employees from choosing our industry as we find specifically in the areas of food and beverage, maintenance and housekeeping, and facilities work. We'll be submitting proposed changes in writing to the subsection -- or section 9, subsection 6 that may lessen the workload of our inspectors and help broaden the available workforce in our facilities.

1 We also agree with Mr. Lockwood's desire to
2 modify section 0106 on the identification of
3 occupational license applicants. We propose language
4 that would align with federal Form I-9 documentation
5 requirements, whereas applicants may utilize their
6 Social Security card issued by the Social Security
7 Administration as an acceptable document for
8 licensing, as well.
9 We would like to re-emphasize Mr. Lockwood's
10 sentiments pertaining to the publishing of home
11 addresses of licensees. In addition to guests who may
12 have feelings of hostility, as he mentioned, towards
13 staff members, there is added safety concerns of
14 guests who may have unwanted personal attention for
15 team members as well that we find to be a concern.
16 MS. VALENTINE: I have a question on that one.
17 MR. VAIL: Yes, ma'am.
18 MS. VALENTINE: When you say publishing home
19 addresses, where, where are they being published right
20 now?
21 MR. VAIL: They are currently being published on
22 the DBPR websites with specific name or license
23 numbers that show the address for which the person has
24 submitted their application.
25 MR. GUZMAN: So there's no status of telling the

1 reason why they do it. It's there. It's just a
2 simple deletion from the website to take care of the
3 problem.
4 MR. VAIL: As mentioned earlier with access
5 lists, Mr. Lockwood had mentioned, "With maintaining
6 access lists, our goal is not necessarily to reduce
7 security controls, but modernize them." The current
8 standards of posting access lists only creates
9 unnecessary administrative maintenance and simply
10 shows who could enter the room. Modern access systems
11 and surveillance can document who does enter the room.
12 Allowing operators to maintain a manual or electronic
13 record of access provides the Commission with a
14 stronger audit trail, while reducing the maintenance
15 of staffing audits.
16 As section 014 cards had previously been
17 mentioned, two important subsections had already been
18 discussed previously by Mr. Lockwood that focus on the
19 replacement of cards and the use of automatic
20 shufflers. We agree that these sections should be
21 modified to the gaming industry standards, and we have
22 proposed language for these subsections as well as
23 subsection 2, which currently states that all cards in
24 use must be plastic.
25 The use of paper cards throughout the industry is

1 commonplace, and necessitating any type of material
2 only limits the operator's ability to maintain game
3 integrity. By loosening the standards to allow
4 suitable cards provided by a licensed gaming supplier,
5 card rooms can increase game protection, potentially
6 withstand changes in pricing, and disrupting supply
7 chains as well.
8 Section 0279 jackpot surprises and giveaways.
9 Our rooms would like to mirror the sentiment of Mr.
10 Lockwood as it relates to subsection 6. The cost of
11 maintaining jackpot funds is increasing, and allowing
12 an operator to offset a portion of these expenses with
13 transparency to the poker playing public, we would be
14 able to provide better functionality, marketing, and a
15 more enjoyable product to our guests.
16 We'd also like to address subsection 1, paragraph
17 D and subparagraph 2, which states that funds must be
18 held in a noninterest-bearing account. We are
19 proposing language that will allow funds to be held in
20 an interest-bearing account, that would be returned in
21 entirety to the promotional pool of the players.
22 We would like to also speak on section 005
23 subsection 9, prohibition of jackpots. In addition to
24 the topics previously mentioned on March 24th, we
25 would like to address a common concern that we have

1 seen throughout the pari-mutuel industry in Florida
2 and a point of contention for our player base.
3 Currently, section 005 subsection 9 prohibits any
4 additional eligibility requirements for the
5 distribution of jackpots, prizes, and giveaways. We
6 recognize Florida statutes state that these
7 distributions must be tied to a card combination.
8 Players who play in other jurisdictions often request
9 promotions with variable promotional elements, such as
10 splash pots, mystery envelopes, multipliers. We have
11 proposed language, and we will submit in writing that
12 would align promotions with industry standards,
13 provided that they still are tied to a qualifying card
14 combination.
15 We are also proposing additional paragraph M to
16 section 019, which is a methodology for the retirement
17 of chips. The goal is simply to create a transparent
18 and standardized process for removing outdated or worn
19 chips from circulation. The proposal would require
20 advanced public notice and provide players with a
21 reasonable redemption period for any chips that are
22 retired. This protects players by ensuring that they
23 have ample opportunity to redeem their chips, while
24 giving operators a clear regulatory framework for
25 handling chips that have been in circulation for

extended periods.

Many gaming jurisdictions already maintain similar procedures in establishing a defined process in Florida with a line of state with common industry practices, improve clarity for operators and regulators, and allow card rooms to properly reconcile and remove long outstanding chip redemption liabilities from their accounting records once the redemption period is past. Ultimately, the proposal strengthens transparency, protects players through notice and redemption opportunities, and provides a clear regulatory path for managing chip inventories over time.

As it pertains to section 0275 subsection 4 chapter C, we are submitting specific language to subsection. The current rule requires currently that documentation of all tournament prize winners, regardless of the size of the payout. In modern poker tournaments, particularly those known as bounty tournaments, numerous small payouts occur throughout the duration of the tournament to our players.

Recording each nominal payout can create significant administrative burden without providing additional regulatory benefit, and we are proposing that operators maintain all the information required

when winnings needed by IRS for reporting thresholds.

MR. DILLMORE: Excuse me. Could you repeat that section again? That last part.

MR. VAIL: Yes. So it's the section on tournaments, which is 0275, and this is subsection 4. And the current rule requires the documentation of all submitted prize winners.

And then lastly, as Fred had previously mentioned, we would like to -- we would be remiss to not look to where the future of the industry is leading. As technology advances and the world evolves, the preference of our guests change and the methods by which they prefer to participate in gaming changes as well.

We are submitting two proposals in writing that firstly defines a wagering instrument to go beyond our current limitations of chips, tokens, and currency. It allows for commonly used instruments such as tickets and electronic products.

Secondly, we will be proposing language to allow for the future of dealer-assisted gaming tables, which may utilize digital functionality with the oversight and administration of a licensed dealer. And lastly, we will have four minor additional changes that are going to be definitions and procedural modifications

that will simply be put in writing.

Once again, thanks to the Commission for -- all those present for taking an active role in the betterment of our industry.

MS. ZIMMER: Can you give me a little more information on that last piece? You said you had four additional definitions.

MR. VAIL: Sure. So there is section 001. Definition of a button. It currently states that it must be circular. It just seems arbitrary to define what shape the button is. Section 003 subsection 4, direction of button movement, states the button must move clockwise. Certain games within Florida gaming such as Pai Gow traditionally in other jurisdictions work counter-clockwise. It seems arbitrary to define a direction.

Section 004, subsection 8, clearing of hands. Many jurisdictions don't define a necessity to clear hands in any sort of code or statute, but simply in-house procedures as a procedural need. We propose that it be less restrictive than what it currently is showing.

And then 005 subsection 2, its section defining the extension of credit. There is a concept of overrule referred to as playing behind, where an

1 individual who has presented money off the table,
2 while that money is in transit to the cage and the
3 chips are in transit back to them, they are allowed
4 to, in many jurisdictions, utilize that money as a
5 basis for being able to continue to play. Currently
6 this section may prohibit that and cause problems,
7 that they must have the chips physically in front of
8 them to participate.
9 MR. GUZMAN: It does speed up the game if we are
10 able to do that. More hands per hour and more chance
11 for revenue.
12 MR. DILLMORE: One question there as to that and
13 so, when does that come up? I mean are the chips not
14 normally available in the cash tray or how does that -
15 - I mean, can that not be awarded by the dealer paying
16 more?
17 MR. GUZMAN: Ideally yes. Sometimes not. If its
18 an extremely busy day, and the chips aren't there in
19 the deal cross table, we'd have to call over a brush.
20 And so right now the way it currently stands, the game
21 has a stock, so the brush brings over the chips and
22 transaction is paid. What we're proposing is to allow
23 to bet the money. We're not paying with the money.
24 It's just basically chips in transit and they are
25 already under surveillance, and you can see the chips

coming, but we're just slowing down the gaming needlessly. That's the basic point.

MR. DILLMORE: Did you have more to go on that? Okay. So, thanks again for a very -- presenting that thought. But if you can go back to one, you're talking about the section 005 subsection 9. Can you talk a little more about your -- you were talking about that prohibitions, and I'd like to get that clarified. Could you go in a little more detail on that? I'm not sure of that.

MR. VAIL: Absolutely. So currently the subsection states that, like the statute, that it has to be predicated on a card combination and that no additional qualifier is made in presence in the distributions of these revises. We envision jurisdictions that will use things such as a stamp book that says, if you receive a certain card combination of hands, you will receive an immediate prize, and if you happen to black out the entire book, you'll get an additional prize as well, each one of them predicated on a card combination.

There are many things that are being done in other jurisdictions that are still based on a card combination and a prize giveaway that has a secondary component to them at times as well.

MR. DILLMORE: Okay.

MR. GUZMAN: That secondary component that's basically that we're not able to do and we can't do it here. There's many creative ways of doing that.

MR. DILLMORE: Thank you.

MS. ZIMMER: I just wanted to thank you. Okay, it just -- this was perfect, and I really appreciate you bringing forward, you know, solutions and language for that. That's really helpful for us. I don't want the rest of you to feel like it has to be, you know, that perfect if you don't want to come up and speak. So, please, you know, don't let that dissuade you for coming up. That was fantastic though --

MR. DILMORE: Thank you.

MS. ZIMMER: -- and thank you very much. This gives us a lot to go on. I guess I kind of -- I would like to go back to those, and maybe just a show of hands. If you also are experiencing some of that, if you wouldn't mind chiming in and letting us know that that's not just an issue with them, that other places are having that as well. Can anybody, I mean, just speak up and say, : Hey, yeah, we're having an issue with that too," or just so we have an indication of how many people are experiencing those things.

MR. FISCHER: As far as licensing goes, we've had

1 -- sorry, Melbourne Greyhound Park Michael. We've had
2 a hard time finding maintenance men that don't have
3 any sort of criminal background.
4 MS. ZIMMER: Sure.
5 MR. FISCHER: I mean its, just in food and
6 beverage as well, cooks specifically. Sometimes it's
7 tough to get guys in that, you know, they don't get in
8 if they have any sort of background. Even if their
9 background isn't exculpatory, they don't still get a
10 license. They find a job and its three weeks just to
11 get a license, and we don't have the cooks that we
12 need or the maintenance that we need. We've been
13 searching for a maintenance man for about a year,
14 because the guys have -- you know, they're lower
15 income guys, they're not --
16 MS. ZIMMER: Sure.
17 MR. FISCHER: So they're -- they need a job now.
18 And if we have to wait for three weeks for the
19 license, they're going somewhere else. So, that's
20 just one of the things that we're also struggling
21 with.
22 MS. ZIMMER: Thank you. Thank you for that.
23 Anybody else want to add to that for any of the other
24 issues that were mentioned that you may be
25 experiencing as well?

MR. FISCHER: One other one, the identification requirements. It just, it seems silly to me that we -- that the gaming commission is not accepting the social security card, when the federal government does with the I-9. You know, we're onboarding people constantly with a driver's license and social security card, and then have to have them go find something else for our gaming commission.

MS. ZIMMER: Okay. Others also experiencing that in any other organizations?

MR. LOCKWOOD: I would just say, John Lockwood. I've heard since that rule, I think, was recently modified for that. We had sent out the notice to clients, and I don't know if they've got missed. We didn't really get a lot of feedback. But however, once the rules started getting applied, we've heard from the clients, that this has been significantly problematic just because, you know, their staff was trained on onboarding people. You know, some people don't have passports.

You know, definitely the issue with the form not matching the rule has causing a lot of problems. So, I can just say across the board, I'm not really sure what necessitated the change, but it's definitely caused a lot of heartache in the industry.

1 MS. ZIMMER: Would anybody else like to come up
2 and, and add to some of the things that you'd like to
3 address?
4 MR. LOCKWOOD: I've got just a few minor points
5 to address. Again, thank you all for having this
6 forum. As Fred has said, it's been quite a while
7 since some of these rules have been workshopped. So I
8 think definitely we're in need of that. I definitely
9 echo all of their comments, very thorough. They hit
10 on a lot of the topics that we addressed last week,
11 specifically the jackpot promotions, and the prizes
12 that you were referencing in the prohibition 005(9).
13 I think that there's, you know, a lot of
14 confusion in the industry on, you know, how these
15 promotions are done, and we see, you know -- you know,
16 certainly throughout the room some people get a little
17 bit more aggressive with these things than others.
18 But at the end of the day, all of these, you know,
19 promotions are tied back to an initial qualifying card
20 hand.
21 And you know, right now, certainly, you know, all
22 of the money is being paid back to the players, all
23 the stuff that's being done to benefit the players.
24 Trying to do everything that we can to compete in this
25 marketplace. So, you know, we'd certainly like to

1 have the ability to expand that jackpot.
2 And I would echo, too, I think the rule is
3 potentially in violation of the statute, because I
4 think having the additional qualifier limitation on
5 there is an additional limitation of what's really
6 contemplated by the legislation. The legislature just
7 said that, you know, if we have a jackpot and it just
8 had to be tied to the kind of initial qualifying hand.
9 So, we may have that specified by the operator.
10 One thing Elina, you had mentioned about the
11 identification and the names, the addresses. I do
12 know that it is housed on DBPR, but you access it now
13 through the gaming commission website. So, if you go
14 to the gaming commission's website, like, check
15 license, it takes you to a portal with DBPR, and so
16 that's where a lot of that is. I was actually just
17 talking to someone who said that they had updated
18 their identification with the FGCC to have their work
19 address. But still, when you go to the check license
20 and you pull it up on the DBPR website, it has a home
21 address.
22 And then, this is one additional comment that I
23 have that I didn't raise last week. 75-11.016 card
24 and domino tables. Paragraph 2 has a very specific
25 definition of what a domino table is. We don't have

1 any similar specific definition of what a card table
2 is. And this rule says you can only play dominoes on
3 domino tables. You can only play cards on card
4 tables. I think that's a little unnecessary in 2026
5 and even going forward.
6 We've got some clients that have interest in kind
7 of expanding into some domino games and just trying to
8 have additional offerings and things like that. Being
9 limited to the square table and how this is defined in
10 the rule is a little onerous. And certainly having
11 the ability to spread these games on, you know, empty
12 card cables that aren't being utilized at that time
13 would be helpful for the facilities. They wouldn't
14 have to update floor plans or anything, so.
15 And again, all of this stuff, we'd intended to
16 have written comments in advance of this workshop.
17 Things kind of ran over. We'll have comments provided
18 in writing with suggested revisions, probably within a
19 week or so.
20 MS. ZIMMER: And that would be great. And I did
21 mention this earlier, but we're gathering all this
22 information from all three of the discussions, and
23 we're sending out the transcripts to you all. If you
24 are on our list, you should have received that
25 yesterday or the day before, if you kind of remember,

so you got all that information. But we'll be doing the same thing for this one and the next one. And once we have that, we'll compile that and go through and look at how we'll go and what our strategy will be going forward.

So, if you have information like you're saying, like written comments and things like that, please, please still provide those to us, because it is very helpful.

MR. LOCKWOOD: That's all I have.

MS. ZIMMER: Thank you. All right, anybody else like to come up? I might just have to call on you randomly. Okay, well, again, thank you all for being here today. We'll have our next one, the third, the afternoon of Thursday, May 7th. We haven't published the time yet. It will be either 1 o'clock or 3 o'clock , but we're not exactly sure yet, but we'll be publishing that.

But as soon as the transcript from this is done, maybe a week or so, we'll also send that out to the list. If you didn't receive that, we don't know have your email for that. So we do have a sign-in sheet over here. Maybe just make sure your email address is in that, and you can cross-check it to make sure that you're on that to receive the transcript as well. I

1 also have --
2 MR. MCCAFFERY: Before you give that to them.
3 MS. ZIMMER: Yeah, I also have my card and
4 Brandon's card is up there, too. If you run out, let
5 me know, come up, and you can take that and reach out
6 to us as well. We really do want this to be just open
7 dialogue, and you all to feel comfortable bringing
8 this to us. We know that it's been 12 years since
9 we've done it. We want to make sure that we're
10 catching up. We feel like, you know, we are a little
11 behind in some of these things, and we want to serve
12 you, our partners, as well as we can.
13 MR. DILLMORE: If I could add one thing, I know
14 most of us submitted written comments, but if you can
15 also -- if you have an idea of what you think the rule
16 would look like, I mean, you actually could use -- you
17 know, go to the rule and strike through what you think
18 shouldn't be there and add the new language, that's
19 very helpful to us, too, to not only to see all the
20 sections that need to be touched, because like, if you
21 may introduce a concept, but it really helps if we
22 know exactly what rule and kind of the thought process
23 of the new rule.
24 MR. GUZMAN: So, you'd like to see it in the red
25 line?

MR. DILLMORE: If you want to take that opportunity, it just helps us see clearly going back, and that going through the -- of what your -- show what it was and your --

MS. ZIMMER: And it expedites the process, right, if you kind of placed the circles. Okay, well, thank you everyone for being here, and you're welcome to come back next month as well. If you have other people in the industry or other people in the organizations that you'd like to participate. We, we do encourage people that are on the floor every day, like are interacting with your customers, who are experiencing this too. Sometimes they have, you know, a different perspective and can add, add a bit to that as well. So, we encourage you to invite them to attend. Thank you.

Thereupon,
the following proceedings began at 3:04 p.m.:

MS. ZIMMER: Good afternoon, everyone. Thanks for being back with us this afternoon. This is the third and final cardroom discussion we've had over the last few months starting in Tallahassee in -- it looks like March we were in Tallahassee, April in Orlando, and here we are today for our last discussion.

We'll start out, we will give you an overview of some of the things that we've already discussed, some language that's been shared, and then you can add to any discussion points and items you'd like to add.

So Elina.

MS. VALENTINE: Good afternoon, everybody. We have had a lot of suggestions in the last two weeks.

And just to do a brief overview of some of the important ones that we've received in the past include for -- I believe there were some discussions about introducing or implementing cashless at cardrooms; to avoid publishing the home addresses of licensees, which is not in our rule, but it is on the DBPR website; the replacement of

damaged card and use of automatic shufflers; amending our jackpot rules to both allow for an administrative fee to be taken out of jackpot funds and to authorize private getaways; removing the requirement that a list of individuals employees be identified outside of the security room and --

MR. DILLMORE: Surveillance room.

MS. VALENTINE: Surveillance room and counting.

MR. DILLMORE: Different access areas.

MS. VALENTINE: Yes. I think those are the big ones. But if anybody wants to speak to any of those changes or any other additions, please come to the podium now.

MR. RUTLEDGE: Good afternoon. For those of us that were here like yourselves, everybody up here, up front at least, has been here since 9:00 or earlier. So I thought I'd go ahead and get my comments out of the way.

Gary Rutledge of Rutledge Ecenia on behalf of a number of permit holders in North, Central, and South Florida. We appreciate the opportunity to provide comments.

We did not provide verbal comments at the prior workshops, but wanted to touch on a few

1 things that your general counsel just touched on
2 that were brought up previously, as well as a few
3 other things. And then we look forward to
4 providing specific written comments at the
5 conclusion of this within the time period that you
6 choose to utilize for same.
7 One or two things that I want to talk about at
8 the beginning that are not specifically on the
9 rules, and one or two of them I've talked to the
10 Commission as a body about previously, including
11 the last Commission Meeting.
12 And first thing has to do with administrative
13 actions against licensees for various violations,
14 including cardrooms; since that's the predominant
15 product that's being offered in the state,
16 everywhere in the state with the exception of one
17 facility in Central Florida. So it gives rise to
18 the most cases to the Commission.
19 As I mentioned at the last Commission Meeting
20 in Tallahassee, it's become rather burdensome. I
21 wouldn't suggest that it's not a fair process, but
22 I think that there's a more economic kindly way to
23 handle many of those actions before us.
24 I've spoken to General Counsel, the Executive
25 Director in passing about this before. And we,

1 basically, would recommend that a process be
2 established -- alternatively we'd be glad to give
3 comments about this, even though it's not within
4 the purview specifically of the rules -- that one
5 of two things could take place.
6 One would be the mechanisms -- like the
7 Division of Hotels and Restaurants and the Division
8 of Alcoholic Beverages and Tobacco and your former
9 predecessor agency, Business and Professional
10 Regulations realized -- where particularly for the
11 minor violations, 90 percent of them, that there
12 would be prescribed penalties over periods of time
13 for such violations.
14 Warnings, small fees, fines, I should say,
15 kind of larger fines over a period of time
16 depending on aggravation and so forth; so that
17 people would know what the penalties are for those.
18 The other option would be to somehow modify
19 the predecessor process; which was when complaints
20 were filed, the Commission, through legal and
21 otherwise, would provide what they thought was an
22 appropriate penalty for the permit holder, and we
23 could respond to that and the Commission would
24 choose to adopt that or not.
25 It's a little difficult now, because the

1 process is such that when the complaints come
2 forward, we've got to throw a dart at the board in
3 terms of what we expect the Commission would take
4 in terms of a settlement; a warning, $500, $5,000,
5 or whatever.
6 And I use the analogy in that regard; when I
7 get pulled over for a traffic citation, the officer
8 doesn't ask me, do you think a warning would be
9 okay or I should pay you $200. It's just a little
10 burdensome and the number of times that they have
11 to go to the Commission.
12 So we applaud the action that you've been
13 taking through the General Counsel and the staff to
14 try to bring reasonableness and fairness to the
15 process as it goes forward. But we think one or
16 two of those combinations would be more efficient,
17 more economic, and would be fair to the industry.
18 And we'll be glad to reduce those comments in
19 writing. They're not specifically as part of these
20 rules. But they could be included in the rules
21 that otherwise do deal with pari-mutuel wagering,
22 as well as slots for that matter, the same
23 indication.
24 The second overall comment that I wanted to
25 provide, which is a particular issue in Central

1 Florida and in North Florida, is the ability of
2 people to obtain licensure, you know, promptly,
3 timely.
4 A lot of these positions that people have in
5 these areas, particularly in the Panhandle and
6 Central Florida, throughout the state for that
7 matter; they have situations arise where if the
8 person can't start to work there within a day or
9 two or a week, they're not going to be; whether
10 they're in the kitchen, on the floor, maintenance,
11 whatever the positions may be.
12 And over the course of time, what previously
13 was allowed was the Commission had people at all
14 facilities, basically, during their operational
15 season. Well, most of them don't have live
16 performances with a very few exceptions now.
17 So all they have are their cardrooms, at least
18 outside of South Florida. And that's imposed a
19 real burden on these facilities, because you don't
20 have somebody at these facilities routinely that is
21 handling licensure.
22 And we would urge consideration, and I've
23 touched on this before, we would urge consideration
24 that some more efficient, streamlined version could
25 occur at facilities; whether it's to designate

1 certain days of the week, but every week to have a
2 State employee there to handle that licensure;
3 whether or not it's a situation for whether people
4 that are not routinely doing licensure could do it
5 as a part of their job responsibilities that are
6 there.
7 Just to be specific, I've gotten calls from
8 clients in Sarasota and Tampa and Tampa Bay Downs.
9 And the people that are in Sarasota are having to
10 go all the way to Tampa Bay Downs to get their
11 license if they're doing this in person. For those
12 of you that are familiar with that distance,
13 you know, it's about an hour drive for somebody to
14 go there to get their license application.
15 Director Dillmore has been great to encourage
16 and has talked to me in the past about doing some
17 of these online. I understand there's some real
18 problems in that regard; not so much with just
19 doing them online, but it's my understanding
20 temporary licenses may be an issue in terms of
21 whether or not you could obtain them online.
22 So I'm not here to come up with anything other
23 than a plea really in these places in the state,
24 North and Central Florida specifically, where you
25 don't have people in the facilities like you may do

in South Florida on a regular basis to assisting these people. Because I routinely hear about those issues, and I know you're very concerned about that. And we look forward to working with you further about that.

I know that there are other State offices, such as Division of Alcoholic Beverages and Tobacco and Hotel and Restaurants and your predecessor sister agency, that may be able to help as well in certain areas. And I think I suggested that at a prior meeting. So those are brief comments, although those may be longer than my other comments.

I just wanted to touch -- your General Counsel touched on a few things, and I just want to reiterate on behalf of my clients a number of things that we share with in terms of particular, you know, support.

One of the things that's come up, and you've had a lot of administrative violations for facilities around the state in the past, the various listing of people in the secure areas of the facility and they're not on there, they're there one day and they're out.

We don't really see a great deal of need for

that, so long as there's an adequate system in there either limiting the people there or otherwise. But to have somebody that is signing off in the money room or otherwise that wasn't there that day or there's a new hire and to have some, it's an administrative burden, I know.

It's like a lot of cases, they may have been de minimis in terms of the penalties that occurred, you know, from them. But I think you've heard this from other people, other facilities, and we want to reiterate our support for that particular situation.

We want to reiterate the support that gaming cards could be replaced in card games individually, as opposed to the entire decks from a cost saving or otherwise purpose. That wouldn't mean that the damaged cards wouldn't still need to be segregated and identified and kept track. But replacements would seem to be in order as an alternative.

MR. DILLMORE: Mr. Rutledge, can I ask you a quick question?

MR. RUTLEDGE: Yes.

MR. DILLMORE: The damaged cards. And there's been quite a discussion on cards. And just so I understand it, if -- and, again, this is from

1 people who deal with it on a daily basis like you
2 here.
3 If you just replace a single card and the card
4 has been used, is it not going to be visually
5 different just by the normal wear and tear on a
6 card. Like the color on the back is a little more
7 faded and then you bring in -- I guess 7 of
8 diamonds get damaged and you bring in a brand new
9 7 of diamonds to an existing deck, is that going to
10 be noticeable to players?
11 And you don't have to address me now. But
12 when you come up and make your comments, if someone
13 could, you know, touch on that. Because, you know,
14 that's the thing that we would be concerned about.
15 But you guys see, you're the ones replacing the
16 decks all the time.
17 And I would love to hear your feedback if
18 that's just a real concern or not. So when you
19 come up, if you could talk to us, that would be
20 great. I'd be interested to hear your comment as
21 well, Mr. Rutledge.
22 MR. RUTLEDGE: Yeah. I'm going to leave it to
23 the experts. I saw a lot of head shaking that it
24 wasn't a problem. Let them identify themselves and
25 come forward to speak. I do hope that they'll do

that. I don't know that everybody would choose to do that. Once again, it would be an option for them to do so.

The other issue that came up in some previous comments was the shuffling of the cards. I'm not sure if you had mentioned that or before whether or not we would allow for alternative shuffling of decks, which is typically utilized in poker games and card games, casinos all over the country.

They may have automatic shufflers, but sometimes those break and they hand shuffle. Or they have multiple shufflers to maintain the speed and play the game not to do that. So we would hope that that could be altered.

There's some interest as an option that plastic cards could be substituted in some instances for paper cards. We certainly would support that as an option.

I thought one of the things that was most interesting -- it's not a big dollar item, but it would be good for the players, the Commission, and the industry -- is to allow for interest-bearing accounts where money is being held such as for jackpots. Currently that's prohibited.

And there's no reason, so as long as that

money, we believe, is continued to be segregated, to occur interest if like the underlying monies, that money would be returned to players in the jackpots. It's just lost money to everybody involved, because of not being able to have an interest-bearing account regardless of what purview you have for requiring all of that.

Or there have been some other options that have been discussed previously, I know, such as allowing some modest fee to be taken from that. But regardless of where you go with that direction, there's no reason not to allow for an interest-bearing account, in our opinion.

I know there's some discussion about rotating the button in a manner other than clockwise or counterclockwise. I don't think it matters so long as you offer the button to be, you know, rotated to the different players.

Lastly, I know we had had a couple of people speak about the retirement of poker chips. There are occasions where after some years due to marketing or availability, the poker chips need to be retired.

And we would like to have a mechanism for those that after some due public notice, 30 days,

1 60 days, whatever the time frame may be, that they
2 can cash them before they're no longer capable of
3 being utilized.
4 I wish I have would have gotten that notice
5 for casinos that I've been to in Las Vegas that are
6 out of business now, and I've still got some chips
7 back at the house that couldn't be cashed. But you
8 get the situation that I think some mere providing
9 of notice after the retirement of chips and
10 replacement of chips be allowed.
11 I see Director Dillmore. Yes, sir.
12 MR. DILLMORE: Yes. On the retirement chips.
13 So, I mean, there's nothing in the rule now that is
14 preventing from retiring or setting any kind of
15 deadline now. Are you asking that we establish a
16 time frame in a rule?
17 MR. RUTLEDGE: I think that it would be
18 advisable. There could be an issue otherwise due
19 to completely unrelated statutes that you're
20 dealing with -- specifically Chapter 717 Florida
21 Statutes, which is the unclaimed property
22 provision -- that it's possible that our CFO could
23 designate in the unclaimed property provision that
24 those are unclaimed property.
25 So when you went through when you had $50,000

in chips and you could only account for, you know, 45,000 that there's $5,000 in unclaimed property that would have to be disposed of. There's some very complicated procedures utilized, I've practiced in that area extensively, for how to deal with that.

But I think it's a protection to some degree, Joe, for those facilities to know if they could retire that somebody comes in the next year with a bunch of $100 chips that they can't cash and sort of protect them. I'll let you grill some of my friends in the industry about some of the other comments.

And we appreciate the opportunity and look forward to providing some written comments accordingly. Thank you all very much.

MS. ZIMMER: Thank you.

MR. ZACHEM: Good afternoon. Jon Zachem, for the record. Just a couple quick points. Some of them are for clarity, and some of them actually piggyback off what Mr. Rutledge just said. He was inspiring some thought as he was saying certain things.

Currently in rule you have a section in 2.021 that talks about aggravating and mitigating

1 circumstances. Maybe if there was some kind of
2 development that how that applies towards cardroom
3 or if you thought about it towards slots, that
4 would be a little helpful. It could be tailored a
5 little bit more towards those areas.
6 And some of the suggestions Mr. Rutledge had,
7 that might be able to help bring some of the
8 clarity he's looking for. I think that -- the list
9 was done very well. But that seems to apply, my
10 understanding, is for your pari-mutuel operations
11 as opposed to cardroom and slots.
12 So you already have it in rule. It might need
13 to be modified and, like I said, tailored a little
14 differently. But I think it might be a little
15 helpful for some of the administrative complaints
16 to just be able to make things flow a little easier
17 for an understanding to come out.
18 Also, I want to point to -- you know, you got
19 a lot of subject matter folks here that are much
20 better to listen today than me. You hear from me
21 way too much. But there is one section that,
22 I think, some clarity needs to be offered. And
23 that is in the card section.
24 When you talk about 11.014 for cards, there's
25 a subcategory for paren (4), and it talks about

1 each dealer assigned to a card table shall inspect
2 cards and what the assigned dealer must do. The
3 list that follows afterwards doesn't look like it
4 should be assigned to the dealer. So it creates a
5 little bit of a challenge in understanding what is
6 the dealer's responsibility and what is the
7 facility's responsibility.
8 For instance, if you look down under (4), it
9 ends up talking about that, sub (b)(4) says, all
10 damaged cards shall be retained for at least 14
11 days from the date of withdrawal from play.
12 Clearly, you don't intend the dealer to hold on to
13 cards for 14 days. So that probably needs to be
14 flushed out a little bit more for some clarity as
15 far as whose responsibility it is for compliance.
16 And Mr. Rutledge raises a very interesting
17 point as far as some kind of penalty schedule or
18 something of that nature. I don't know if it's out
19 of bounds for today's discussion or not. Other
20 boards and commissions normally will have a
21 prosecutor come up with some suggestions as far as
22 a penalty that goes along with something, and they
23 look at what has been done before.
24 I prosecuted at the Department of Health. And
25 we had settlement agreements that would come up

1 before. We would look at three prior violations of
2 something similar, so that we can educate -- it was
3 the Board of Medicine at that time -- but you-all
4 in this process that here's what we've done
5 previously and what fines were associated with it.
6 All violations are different to some levels.
7 But it at least gives you a starting off point.
8 And that discussion can be had before it comes to
9 you; so that there is a little bit of work through
10 the process, so we're not having as much back and
11 forth and confusion. Just a thought maybe to
12 clarify a little bit. Thank you all.
13 MR. CALABRO: Steve Calabro, Hialeah Park
14 Casino. I had one point, but I have a couple
15 things I want to piggyback with Mr. Rutledge.
16 So on the concept of consent orders,
17 violations, we're partners. The slot and the poker
18 rooms are partners with the State of Florida,
19 you know. As a matter of fact, in slots you get
20 35 percent. It's a pretty good margin. Our margin
21 is a little less than that. So we are truly
22 partners.
23 So in that concept of being a partner,
24 I think, and I've seen this in other jurisdictions,
25 the warning process is really something that we

1 should start to talk about with the Commission to
2 use that. Because think about this just in a
3 logical sense.
4 If we are truly partners and you're trying to
5 help our industry, and we're trying to make sure we
6 deliver a clean game and a good business for the
7 customers, if we happen to make -- we're not
8 perfect. We make mistakes. If we make a mistake
9 and we get a warning, well, then we learn from that
10 warning. It's almost like a counseling.
11 Now, if we do it a second time, well, then
12 I guess, you know, penalties, financial penalties
13 make sense to me. But for a one-time thing, it
14 just seems to me that many of the violations --
15 like if you had whatever, pick whatever violation
16 you want, particularly some of the routine stuff --
17 I think there should be, the warning letter should
18 be more used in the process both in slots and
19 poker.
20 I know this is poker. But it happens to be --
21 I'm asking for both. So that's one point, concept.
22 And it is very popular in other gaming
23 jurisdictions. Because just like in Florida, in
24 many states the Commission is, in fact, a partner
25 to the industry and they want to -- in Nevada they

1 might be more than partner.
2 You know, they really, really -- that
3 Commission really looks out for the industry,
4 because it's just a big economic driver in that
5 state. But we're still a pretty big economic
6 driver, and our partnership is pretty real too.
7 So that's what would I say about the consent order
8 thing.
9 I also would agree at the highest level
10 standardization. You can never get in trouble if
11 you're consistent. If you're consistent, it's
12 great.
13 And what happens is, think about it, as
14 Commissioners -- you're not all Commissioners --
15 but as the Commission changes and as the staff
16 changes, literally one year somebody could get
17 fined $1,000; and maybe three years later it's a
18 different staff member, different Commission, and
19 you get fined 5,000. It seems like that doesn't
20 make sense.
21 So if we standardize -- if you look at the
22 history of the last five years of the consent
23 orders, there's probably about 70 percent of them
24 are very, very common things. And we just go
25 through them, the Commission would go through them,

1 or a prosecutor as Mr. Rutledge said, or maybe that
2 Mr. Zachem said, and then we'd just come up with
3 standards.
4 You do this wrong, you get a warning letter
5 first. And then you if do it wrong a second time,
6 it's a $500 fine. You do this, it's a $1,000 fine
7 and this is a $1,500 fine. Because other than
8 that, you're sort of grabbing at air.
9 And I'm just -- I don't think it's -- it
10 doesn't make sense from a Commission regulatory
11 standpoint either to be doing that. So that's what
12 I would talk about just piggybacking on what
13 Mr. Rutledge and Zachem said.
14 On the concept of cards, when poker cards are
15 about three-months-old, perhaps even as young as
16 two-months-old; if you put in a new card, there's a
17 chance that you might see a difference between,
18 you know, 52 cards and 51 of them are
19 three-months-old and one is new.
20 There is some kind of time frame. You're
21 going to have to research as to what. We can give
22 you some input into exactly what would be a safe
23 haven. But at three months, I think, you'd start
24 to get into problematic.
25 And the last thing is somewhat minor, but I

1 have a solution for it. They touched on it in
2 terms of those lists. And I think those lists --
3 think about what happens. You go into -- you know,
4 there's a couple of areas -- into the cage or the
5 count room or the vault or the surveillance room,
6 there's these little lists.
7 Now, probably there was a rule in the '70s,
8 right, or '60s, right. But we've progressed a
9 little. And what a lot of facilities have are card
10 access systems. They're about as accurate as you
11 can get.
12 And, by the way, you'd also have surveillance
13 too if you want to verify that, which is sort of a
14 cousin to each. So for the properties that have a
15 card access system, we don't need the list. It's
16 kind of almost like silly to have a list.
17 Now, I understand that some properties
18 throughout the state, or poker rooms throughout the
19 state, maybe don't have the luxury of buying,
20 you know, card access systems. You do have an
21 expense, a couple hundred thousand dollar expense.
22 So maybe they have to go -- so you would have the
23 option to have a list if you don't have the card
24 access system.
25 If you have a card access system, you would

1 merely just not need to have that list that has to
2 be administratively, oh, wow, we didn't, we forgot
3 one person's name out of the 15. That's kind of
4 almost like, it's a little odd. You know, it's a
5 little odd to even in 2026 be saying that that's a
6 rule.
7 And we have this quarter million dollar card
8 access system that can track everybody going in and
9 out of that sensitive area. So the language should
10 just be, if access is not controlled via a badge
11 access system, then -- and we'll send it in writing
12 to you. That's sort of a no-brainer. And that's
13 the fourth thing that I have.
14 Any questions? Thank you.
15 MS. ZIMMER: I know previously there were
16 heads shaking and nodding either that the cards
17 were affected by age or were not. We saw both of
18 those responses.
19 Would anybody else care to elaborate on that?
20 MR. CALABRO: So there's a reason why some
21 were saying yes, some were saying no. Because it
22 really depends on the length of time. Like if a
23 deck has only been in use for a short period of
24 time, you're not going to tell.
25 I happen -- it's my opinion -- and I'm sure

that there could be people that disagree with me and I respect that -- at the three-month mark, you might start to see the difference, in my opinion, in my opinion. I don't know, you know, what exactly the mark is. But I know at three months, I believe you'd see it in some decks.

MS. ZIMMER: Okay.

MR. HOLLANDER: Jesse Hollander, bestbet, Jacksonville, Florida. I do agree the three-month time is going to be too late to replace a card. However, most jurisdictions you are allowed to replace a single card into a deck. The cards are all together to begin with. So they all start out, basically, the same age and they sort of age together.

So we would never put a brand new card in a deck that's been out for three months. We generally don't have decks that are out for three months anyway. We tend to replace the whole batch of them sooner than that. But the cards are aging together, basically, you know. So they're old cards being replaced.

They're being replaced anyway, just not right at the table. So it's kind of the same thing. You're just doing it off the table. So it could be

1 done, one single card, as long as you're not doing
2 a brand new deck into an existing allotment.
3 MS. ZIMMER: Just to go back on a quick
4 question I had here also. Some of you represent
5 more of the rural cardrooms across the state and
6 some of them in the bigger cities.
7 But can I get a general idea of how many
8 people don't have those card access systems?
9 MR. CALABRO: So I know Hialeah Park has it.
10 I know Pompano has it. I'm saying the people that
11 do have it. Put it this way. In Dade and Broward
12 County, my thoughts are that they all have it.
13 Because they have to have it, because it's related
14 to the slot rules. So that would be pretty safe to
15 say.
16 It would be interesting to see -- West Palm.
17 Yeah. So West Palm is a very big room, very
18 productive and, you know, vibrant room and they
19 don't have it. So they have to have an
20 availability to have the list.
21 MS. ZIMMER: Sure. Okay. I'm just curious
22 kind of what we're dealing with.
23 MR. MCCAFFERY: Who else was --
24 MR. CALABRO: Does bestbet have one?
25 MR. HOLLANDER: Yes, we do have it.

MR. MCCAFFERY: Do you have a question?

MR. DILLMORE: I do. Thank you. I don't know if this ties in. 'Cause there was also a discussion about allowing -- the three month, the wear and tear, is that for plastic cards?

'Cause there has also been a discussion that some facilities would like to go away from, that we don't specify the use of plastic cards. I don't know what the other term is, but the other type. And with that -- so kind of balance that, the 90 days and replacing the single card.

If the Commission considered getting away from plastic cards and allowing whatever type they are, would that wear and tear even go faster? And then is there a huge -- so the Commission can understand, is there a huge cost differential? I'm guessing there's a bigger cost on plastic cards.

But at the same time I imagine they last longer and maybe, I'm not sure, are less susceptible to maybe marking or cheating. I'm not sure. So if anybody would like to speak to that, I would be very interested to hear.

MR. HOLLANDER: There is a massive cost difference between plastic cards. The other ones are paper. And you would not use them for three

1 months. You would probably use them for a matter
2 of hours, if not just a single day.
3 But there's really no reason that anybody sees
4 why we should be restricted from only using plastic
5 cards. I don't know that we would ever use paper
6 cards or anything. But if you do use paper cards,
7 it's typically for a matter of hours or maximum a
8 day.
9 MR. DILLMORE: So reading that -- and if the
10 Commission changed the rule to allow paper cards,
11 you wouldn't want to replace a single card with a
12 paper card? Like at that point you would --
13 MR. HOLLANDER: No. You would replace a whole
14 deck in paper cards.
15 MR. DILLMORE: Got it.
16 MR. HOLLANDER: Every time. But you probably
17 -- yeah, they're only used for a matter of hours.
18 MS. VALENTINE: I have a quick question as
19 well. You had mentioned that typically one card is
20 replaced, it would be replaced in a way that it's
21 wear and tear is similar to the wear and tear of
22 the existing deck.
23 Should the Commission wish to look at those
24 rules language that says, you know, you have to
25 replace the damaged card with a card of similar

degradation or wear and tear as the existing deck; would that be something that would make sense in practice or no?

MR. HOLLANDER: I suppose, yeah. I mean, we're never going to put a brand new card into an old deck.

MR. CARBONE: We'd ask that it be differentiated. There is language in there. No cardroom in Palm Beach -- there's language that says it has to be differentiated. As long as that matches, which is swapping a card, I think that --

MR. HOLLANDER: That's what they do -- most jurisdictions they just replace a single card at the table, good, bad, or indifferent. You know, they show the front, show the back, put it in, you know. So the bad one, good one, switch them.

MS. VALENTINE: Thank you.

MS. ZIMMER: Anybody else like to speak on any of the previous topics or bring up any new ones?

MR. FAMIANO: Hello, Commission. Frank Famiano, Harrah's Pompano. Just regarding the possibility of even thinking about going to a paper version of the playing cards, easily marked, big problem.

Humidity gets involved with them very quickly.

1 You're going to get yourself into a situation where
2 you're going to have real integrity issue with your
3 cards. So I implore you, please do not bring paper
4 decks involved. Thank you.
5 MS. ZIMMER: Thank you. I know we received
6 feedback --
7 MR. CALABRO: Two more things I forgot. Steve
8 Calabro from Hialeah Park. This one is the
9 infamous -- and maybe there -- I heard one story
10 there is and one story there isn't. The list of
11 approved DP games.
12 So my question to you is, is there a list and
13 is it limited to that list? And like all things in
14 life things evolve. So people -- that there should
15 be some mechanism where that list can be updated.
16 So right now there's like X amount of -- is
17 there a list? Are we following a list, are we not
18 following a list of DP games that are approved in
19 the State of Florida?
20 MR. DILLMORE: So the list that was created
21 reflects the statute. It's a list of games that
22 were in the cardroom applications.
23 MR. MCCAFFERY: What year?
24 MR. CALABRO: 2021.
25 MR. DILLMORE: 2018.

MR. CALABRO: Oh, '18. 2018.

MR. DILLMORE: Yes. And then the two subsequent years. So, yes, that list has been compiled. And it's not that we approve those games. That's just what the statute says. Those games are good to go.

MR. CALABRO: So could there be a mechanism added where additional games can be added to the list?

For instance, maybe, you know, a game that is not on the list, you know, it all of a sudden becomes very popular in the poker community outside of Florida. We'd like to, you know, participate in offering that game to guests. And so that's really the question.

And there's some games -- you know, that list was sort of made 2018 or whatever year it was made. I'm not sure what year it was. But I'm sure there were some games that are out there that manufacturers had that didn't make the list for some reason.

You know, it just, maybe it wasn't really that popular or maybe it wasn't in their offering at that time. So we'd like to be able to offer the -- we want that list to be adjusted to have new games.

1 Like, for instance, there are some games on
2 that list -- that are not on that list that the
3 manufacturers offer, and we've seen them played in
4 poker rooms outside of Florida and -- I don't want
5 to say anything, but I have seen them elsewhere.
6 I'll just say that. So we just want to have that
7 whole list.
8 MS. VALENTINE: Florida law, unfortunately,
9 prohibits the addition of any new games to the
10 designated player card game list.
11 MR. CALABRO: That's what I was fearful of.
12 But think of how like a little bit archaic that is,
13 right. It would be like that's it. Anything new
14 that gets invented, sorry, we can't participate.
15 Maybe some day if there's ever a legislative
16 change, and you could throw that in as a simple,
17 simple request that isn't really that demanding.
18 Next thing, it might be also a Florida law, is
19 progressives on poker games. Many of the poker
20 manufacturers of these designated player games
21 offer progressive components where the customer
22 bets a side bet, and there's a meter on the game
23 and it causes a progressive jackpot.
24 What happened, to my recollection, is there
25 was this letter sent out. And, basically, there

1 were some people in some of the rooms in Florida
2 that were offering progressive and then they were
3 told -- the letter came out and said, hey, you
4 can't do progressives.
5 What's the chances of us being -- us, the
6 Florida poker rooms -- being able to offer
7 progressive jackpots on the DP games? Is there a
8 viable opportunity for that to occur? 'Cause
9 that -- remember, we're partners. That would
10 enable us to grow our business.
11 That would all of a sudden, that would attract
12 new players, because they might like -- there's
13 some players that just like to play for that
14 progressive, and particularly as the progressive
15 grows. Any possibilities?
16 MS. VALENTINE: I think that would depend on
17 the facts and circumstances of a particular game.
18 And cardrooms and slot machine facilities are
19 always welcome to submit additions for declaratory
20 statements outlining specifically what it is that
21 the facility would like to do.
22 And then the Commission would be able to offer
23 any formal opinion. It would be presented in front
24 of the Commissioners and the Commissioners would
25 decide.

MR. CALABRO: Okay. So we have the opportunity to --

MS. VALENTINE: Yes.

MR. CALABRO: -- meet with the manufacturers, look at a progressive game. If we feel that it would be advantageous to our business, we can present it in a declaratory statement and maybe the Commission would embrace. Great. Thank you.

MS. ZIMMER: So she's not saying it's out of the question.

MR. CALABRO: That's a good thing. That's a good thing. Thank you.

MR. MANCHESTER: Michael Manchester, Harrah's Pompano Beach. I received the same letter. It said no progressive jackpots and no secondary drawings. I want to address the secondary drawings.

It would really be a fun idea if, you know, somebody hit a high hand tied to a hand, and we give them a drawing ticket and they can go win a car or something like that. Currently with those rules we're not allowed to. I would like also, can we get that in there as well?

MS. VALENTINE: Under Florida law currently, a secondary drawing that would depend on something

other than the specific combination of cards would likely not be authorized.

But I think our response is also the same, that if there's, again, a particular offering or a particular way that you would like to offer a jackpot; if you would like an opinion on it, again, the declaratory statement process, I think, would be a really good avenue for that.

Because, again, it would depend on the facts and circumstances of the particular event that you're considering.

MR. MANCHESTER: Okay. Thank you.

MS. ZIMMER: Okay. Would anybody else like to comment on any of the previously discussed topics, either from this current session or the two prior to this in February and March -- or sorry -- March and April?

Okay. Our next step here, you do have time to submit your written comments within 14 days to the Commission, 14 days, calendar days.

And if you have any other questions, at any time if you have questions, you can always reach out and ask us things. They don't have to be necessarily, you know, a formal setting of questions. Call us. Our information is there.

After this we will compile all the information for each of the cardroom sessions and put all that together. And we'll take all the written statements that you've given us, any language that you've provided, and then have that accessible to everyone.

We also have a list of the recorded meetings from the last two -- we'll have them for this also -- that you should have received a transcript if you're on our list, so that you can see everything that was discussed and give you any information.

If you're not on that, again, just let us know. We'll make sure we get you added to that. You're privy to all that information as well.

MR. ZACHEM: With that transcript, can you include other people's submissions? So if there were any transcripts taken care of and we see what other people have submitted, so that we have an idea also. So whether or not they were appended to the previous one. We can either strengthen them. They might have inspired some other ideas too.

MS. ZIMMER: Well, since this next one, we'll have everything available.

MR. ZACHEM: Okay. Thank you.

MS. ZIMMER: Okay. Well, thank you, guys, especially for you that all traveled here and had to enjoy this horrible weather. Thank you for coming and we do appreciate your partnership.

(Thereupon, the proceedings concluded at 3:47 p.m.)

13. Discussion of Policies and Procedures

Florida Gaming Control Commission	**FLORIDA GAMING CONTROL COMMISSION** **ADMINISTRATIVE POLICIES AND PROCEDURES**
TITLE: Adopting, Changing and Repealing Administrative Policies and Procedures EFFECTIVE DATE: February 14, 2023 (01.01.01) REVISED: September 24, 2026 (01.01.02)	**POLICY NUMBER** 01.01.02 **FGCC SECTION** **AUTHORITY** Section 16.71, Florida Statutes

I. TITLE

Adopting, Changing and Repealing Administrative Policies and Procedures

II. AUTHORITY AND REFERENCES

Section 16.71, Florida Statutes

III. STATEMENT OF POLICY

The Florida Gaming Control Commission's (Commission) Administrative Policies and Procedures (AP&Ps) are to be used as policy for complying with the provisions of the State Constitution and the Florida Statutes. The AP&Ps convey procedures and outline responsibilities on topics that are applicable to the entire FGCC.

IV. IV. PURPOSE OR OBJECTIVE

To ensure that AP&Ps are adopted, changed, or repealed only with the prior

approval of the Commission, to provide for a review schedule and procedure for AP&Ps, and to provide policy to FGCC employees.

V. RESPONSIBILITIES

The Executive Director delegates to the Director of Administration the responsibility for ensuring that the Commission's AP&Ps are updated on a timely basis and routed through the review and approval process as outlined throughout this AP&P.

The FGCC's AP&Ps are developed and maintained as a mechanism to provide guidance on administrative matters and may reference applicable state and federal law and provisions of the Florida Administrative Code. Their primary purpose, however, is to address administrative implementation, such as defining processes, establishing levels of review and approval, outlining delegated authority, and specifying reporting requirements. The AP&Ps are intended for internal use only and do not affect either the private interests of any person or any plan or procedure important to the public and therefore are not considered administrative rules. The AP&Ps may reference State law, Federal law, or Florida Administrative Code rules if they are relevant and will relate primarily to administrative considerations, such as how a rule or responsibility is to be administered, levels of review, delegation, reporting, etc.

The Executive Director delegates the following positions to serve on the Policy Team: The Deputy Executive Director, the Director of Administration, the Inspector General, the Director of Law Enforcement, the Director of Pari-Mutuel Wagering, and the General Counsel.

The Executive Director will determine whether: (i) a policy needs to be repealed or amended; (ii) the change is minor or major; and (iii) the change is considered an urgent matter. If the change is minor, the AP&P may be changed as needed, and only the AP&P's Revised Date will be updated. If the Executive Director authorizes any changes to AP&Ps without prior Commission approval, the Director of Administration will promptly notify each Commissioner of any policy change that is not submitted to the Commissioners for a vote.

The Executive Director has the authority to make urgent or minor exceptions to AP&Ps on a case-by-case basis. These exceptions do not change the AP&Ps. The Director of Administration will promptly notify each Commissioner of any policy change that is not submitted to the Commissioners for a vote.

The Commission may request a new policy, change an existing policy or repeal an existing policy at any time.

Any Director-level employee can request a new policy or changes to an existing policy at any time by following the procedure herein.

The written submission must include the reason(s) that the proposed AP&P is necessary.

2. Upon receipt of the written submission, the Director of Administration will distribute the draft electronically to the Policy Team for review and comment by a certain deadline to ensure timely feedback.

3. Following this period by the Policy Team, the policy owner must address all comments and edits. The policy owner will be responsible for incorporating comments and revisions into the draft and finalizing it.

4. Once revisions are complete, the policy owner will submit the updated draft to the Director of Administration, who will present the final draft to the Executive Director for review and approval.

5. Upon approval by the Executive Director, the Director of Administration will present the proposed AP&P to the Commissioners for a vote at a duly noticed public meeting. Chapter 119, F.S., Public Records Standards for Offices of Inspector General published by the Association of Inspectors General "Green Book" Section 112.534, F.S. Whistle-blower's Act (§§ 112.3187-112.31895, F. S.) Section 112.533, F.S.

I. STATEMENT OF POLICY

Section 20.055, F.S., establishes an Office of Inspector General (OIG) within each state agency to provide a central point for the coordination of, and responsibility for, activities that promote accountability, integrity, and efficiency in government. Per section 20.055, F.S., the Florida Gaming Control Commission (Commission) shall maintain an independent internal investigation function within the OIG. The overall objective of internal investigation is to initiate, conduct, supervise and coordinate investigations designed to detect, deter, prevent, and eradicate fraud, waste, mismanagement, misconduct, and other abuses and

provide reasonable assurance that the Commission's goals and objectives will be achieved.

The OIG staff shall perform all work in compliance with Section 20.055, F.S., and the General Principles and Standards for Offices of Inspector General.

This policy applies to all Commission officers, employees, contractors, and other entities conducting business with the Commission as required by section 20.055(5), F.S.

I. PURPOSE

This policy enumerates guidelines and framework for conducting investigations.

II. DEFINITIONS

A. Administratively Closed: A category of investigative disposition. When an investigation is determined to be Administratively Closed, the OIG concludes that:

1. The allegation was not within the Commission's jurisdiction and, therefore, handled by or referred to another agency.

2. The subject is no longer with the Commission and would not cooperate with the investigation, thus leaving insufficient evidence to make a final determination, and/or

3. There was sufficient evidence to support the allegation; however, the activities of the subject were not in violation of any policy, rule, or statute.

B. Allegation: Information, whether written or verbal, from a known person or from an anonymous source, that forms the basis for a Complaint.

C. Complainant: The person or entity who makes an Allegation.

D. Complaint: An allegation of fraud, waste, mismanagement, misconduct, or other abuse in violation of law, rule, procedure, or policy by a Commission employee or, by an entity or individual contracting with the state, as defined in Section 20.055(1)(b), F.S.

E. **Exonerated**: A category of investigative disposition. When an Allegation is determined to be Exonerated, the OIG has determined that the alleged conduct occurred, but the conduct was lawful and proper and did not violate law, rule, procedure, or policy.

F. **Gross Mismanagement:** A continuous pattern of managerial abuse, wrongful or arbitrary and capricious actions, or fraudulent or criminal conduct, which may have a substantial adverse impact.

G. **Incident:** Any event involving state employees, offices, programs, or contract personnel or programs that concern allegations of fraud, waste, abuse, mismanagement, or violations of law, rule, procedure, or policy.

H. **Investigation:** A fact-finding activity conducted to determine whether fraud, waste, mismanagement, or other abuse in violation of law, rule, procedure, or policy occurred.

I. **Malfeasance:** Performing an action that a person has no legal right or authority to do.

J. **Misfeasance**: Carrying out a lawful act in an improper, careless, or incorrect manner.

K. **Nonfeasance**: The omission to perform a required duty at all, or total neglect of duty.

L. **Not Sustained**: A category of investigative disposition. When an Allegation is determined to be Not Sustained, the OIG has determined that there was insufficient evidence to prove or disprove the Allegation.

M. **Policy Failure**: A category of investigative disposition. When an Allegation is determined to be a Policy Failure, the OIG has determined that the alleged conduct occurred; however, the procedure or policy in effect at the time, or lack thereof, failed to adequately address the alleged conduct.

N. **Preliminary Inquiry**: The review and evaluation of information related to any suspected violation of Commission policy or procedure by an employee to determine whether a reasonable belief exists that the employee was involved in the alleged violation and a formal investigation is necessary. A Preliminary Inquiry may be necessary before a formal investigation is undertaken.

O. Subject: Person who is alleged to have committed wrongful actions.

P. Sustained: A category of investigative disposition. When an Allegation is determined to be Sustained, the OIG has determined that the Allegation was supported by a preponderance of proper and sufficient evidence, and was a violation of law, rule, procedure, or policy.

Q. Unfounded: A category of investigative disposition. When an Allegation is determined to be Unfounded, the OIG has determined that the Complaint was not based on facts, or the reported incident did not occur.

R. Whistle-blower: A current or former employee of a state agency, or an applicant for employment with a state agency, a state agency contractor, a current or former employee of a contractor doing business with the state, or an applicant for employment with a contractor doing business with the state who is reporting Whistle-blower's Act Information.

II. GENERAL PARAMETERS

The OIG shall initiate, conduct, supervise, and coordinate investigations designed to detect, deter, prevent, and eradicate fraud, waste, mismanagement, misconduct, and other abuses. All investigations will be conducted free of actual or perceived impairment to the independence of the Inspector General or the OIG and in accordance with the General Principles and Standards for Offices of Inspector General as published and revised by the Association of Inspectors General, statutory requirements, and collective bargaining agreements.

Each Commission employee must:

- Report verbally or in writing any incidents of known or suspected fraud, waste, mismanagement, misconduct, or other abuse believed to be a violation of law, rule, procedure, or policy to the employee's supervisor and to the OIG within five (5) calendar days of becoming aware of the incident. Failure of a employee to provide truthful or requested information or to otherwise fail to cooperate in the investigation may result in a separate disciplinary action based upon such failure.
