## SCOPE OF RACING IN FLORIDA

Florida is now recognized as one of the capitals of winter racing. Each year we have experienced a steady growth in the popularity of racing as evidenced by the attendance and pari-mutuel handled as set forth in Exhibit A of this report. It has now progressed to such an extent that it makes a considerable contribution to the revenue of our state. During the year under review racing and jai-alai contributed the sum of \$20,521,462.81 to the State Treasury.

The manner in which this revenue has been allocated at the direction of the Legislature is also summarized in Exhibit A.

During the period covered by this report the Commission supervised and directed the operation of twenty-two licensed pari-mutuel plants, consisting of four horse tracks, fifteen greyhound tracks and three jai-alai frontons.

The individual mutuel play and percentage of increase or decrease is as follows:

#### HORSE TRACKS

	PARI-MUTUEL PLAY	PERCENTAGE	
		INCREASE	DECREASE
Gulfstream Park .....	\$ 45,822,089.00		0.16
Hialeah Park .....	68,413,252.00	1.99	
Sunshine Park .....	8,764,025.00	1.89	
Tropical Park .....	31,787,548.00	5.58	

#### GREYHOUND TRACKS

Washington County Kennel Club, Inc.....	275,211.00	(New)	

#### JAI-ALAI FRONTONS

Fronton Exhibition Company.....	\$ 5,510,816.00	6.13
Gandy Operating Company.....	2,939,078.00	10.8
Monro Operating Company.....	5,022,989.00	34.1
<b>TOTAL.....</b>	<b>\$284,044,131.00</b>	<b>2.66</b>

The 67 counties of the state each received as their proportionate share the sum of \$127,200.00, which amount represents an increase of \$2,100.00 or 1.68% more than they received during the previous season.

The Old Age Assistance Fund also experienced an increase. Its share of increase amounted to \$276,352.99, which amount is 2.51% of \$10,989,841.96, in excess of the preceding year.

Of the aggregate amount of \$20,521,462.81 collected by the Commission during the current season from all racing activities, only 2.08% was expended in connection with its year-round activities in controlling, directing and supervising the operations and activities of the various licensed operators.

#### SCHOLARSHIP FUND

Pursuant to Chapter 25258, Acts of 1949, the Legislature authorized the various tracks and frontons to operate a total of 21 additional days of racing during the past year for the purpose of creating and providing State Scholarships

from the profits derived therefrom. A total of \$279,227.97 was derived for this purpose and remitted to the State Board of Control for Institutions of Higher Learning.

In addition, the Commission, in compliance with Chapter 28499, Acts of 1953, authorized the applicable tracks and fronton in Hillsborough County, to operate a total of three additional days for the benefit of the University of Tampa, from which said University derived the sum of \$22,451.14 to be used for scholarships for worthy students.

### CHARITY DAYS

In conformance with Chapter 20843, Acts of 1941, whereby the operators of the various tracks and frontons are permitted to apply for an additional day wherein the net proceeds are to be contributed to charities of their choice, subject to provision designating the University of Miami as a charitable institution entitled to 25 per cent of the day's profits. Permission was granted by the Commission for the operation of five such days during the year as a result of which \$247,073.99 was realized by the University of Miami for scholarships for worthy students.

### LITIGATION

During the year under review, litigation involving the Racing Commission has been instigated as follows:

*Volusia County Kennel Club, Inc., et al, Plaintiffs, vs. Curtis A. Haggard, et al*, a case involving the validity of the Act of the 1953 Legislature relating to increase in taxes on dog racing, was decided by the Supreme Court of Florida prior to the date of the report of the Commission for the year ending June 30, 1954. This cause was appealed to the Supreme Court of the United States, which court refused to act thereon.

*Broward County Kennel Club, Inc., Plaintiff, and Peter A. Foglia, Intervenor, vs. Ray A. Dilg, et al*, a cause in which the plaintiff attacked the validity of the permit for summer dog racing in Broward County, issued by the Commission to Bernard Chauncey and Frank J. Kraemer, co-partners, d/b/a Dade Kennel Association was decided by the Supreme Court of Florida on January 21, 1955 on a Writ of Certiorari. The court held simply that neither the plaintiff or the intervenor taxpayer had such a special interest to enable them to attack the validity of the permit in question. The question of validity of the permit was not decided.

*Bernard Chauncey and Frank J. Kraemer, co-partner, d/b/a Dade Kennel Association, Plaintiffs, vs. J. Saxton Lloyd, et al, Defendants.* This cause was a suit for temporary injunction brought by the plaintiffs, the purpose of which was to enjoin the Commission from taking any action to revoke or declare void the permit held by the plaintiffs. The temporary injunction was granted, without notice to the Commission, by Judge George Holt, Circuit Court, Dade County. The question of validity of the permit was rendered moot by the electors of Broward County, who voted against ratification of the permit in a special election held on March 29, 1955.

*Volusia County Kennel Club, Inc., and Robert Neil McKay, Plaintiffs, vs. J. Saxton Lloyd, et al, Defendants.* This cause is an action attacking the validity of a permit for the operation of a Jai-Alai Fronton issued by the Commission

to Volusia Jai-Alai Inc. This case is pending in the Circuit Court, Leon County, and was not yet decided at the writing of this report.

*West Flagler Kennel Club, Inc.,* Petitioners, *vs. Ray E. Dilg, et al,* Respondents. This suit was brought by petitioners against the Commission seeking to mandamus the Commission to rescind its order apportioning dates for dog racing in Dade County. Biscayne Kennel Club was allowed to appear and file a brief amicus curiae. The Supreme Court held, in its opinion rendered on September 24, 1954, that the Commission had not abused its discretion in awarding dates for dog racing to the several tracks in Dade County and denied the petition for mandamus. Thereafter, on October 18, 1954 the Supreme Court denied a rehearing of the matter.

### LABORATORY

The Florida State Racing Commission Laboratory is the oldest established racing laboratory in the United States and is considered one of the most reputable. The function of the laboratory is the detection and identification of ultramicroscopic quantities of drugs in the saliva and/or urine samples of race horses and greyhounds. By the maintenance of the laboratory, the Commission effectively deters fraudulent doping practices at the four horse tracks and fifteen greyhound tracks of the state. It is known beyond doubt that without complete laboratory control, unprincipled horsemen will attempt to affect the performance of racing animals in the administration of various doping drugs.

The Florida State Racing Commission Laboratory, under the direction of Dr. Elsie S. Bellows, is the second largest of its kind in the racing world. During the past year, 7,875 racing samples were collected from the nineteen tracks and analyzed for doping drugs; in addition, 439 samples from foreign tracks were analyzed for a fee of \$10.00 per sample.

Striking proof of the deterrent action of an effective racing laboratory can be seen in the minimum number of Florida samples found to contain doping drugs as compared with those found at a foreign track. There were three doping cases in Florida as the result of 7,875 analyses; there were five doping cases at one of the foreign tracks as the result of only 180 analyses performed by the Florida State Racing Commission laboratory.

The number of racing samples analyzed per year has doubled since Dr. Bellows assumed directorship ten years ago. As Chief Chemist, she has assiduously studied and introduced new microdetection and research methods as applied to the field of racing chemistry.

### INVESTIGATIVE DIVISION

The Investigative Division of the Commission is under the direction of Tom C. Parker. The responsibility of this division is to promote and facilitate the enforcement of Laws of Florida governing racing and the Rules and Regulations of the industry as set forth by the Commission.

The Commission is appreciative of the splendid cooperation it has received from all track owners, their officials and heads of the various departments. The manner in which local and state law enforcement agencies have worked in harmony with our representatives has been most gratifying.

The Commission also wishes to express its appreciation for the assistance it has received from the Thoroughbred Racing Protective Bureau, the Pinkerton National Detective Agency and the Federal Bureau of Investigation.

The Florida Railroad and Public Utilities Commission, through its telephone engineer, Mr. Wilkins Linhart, has been most helpful in furnishing diagrams of the locations of all communication devices installed within the enclosures of the various tracks.

It is with the cooperation of the above law enforcement agencies that we have been able to maintain racing in Florida on a very high plane.

Chapter 550.27 of the Laws of Florida governing racing requires each association to employ Florida residents to the extent of at least 85% of the total number of all employees, and must pay them at least 85% of all weekly payrolls. The Investigative Division of the Commission has the responsibility of enforcing this law. Chapter 550.181 of the Laws of the State of Florida governing racing requires every officer and director of an association holding a permit for horse or dog racing or jai-alai in this state and every employee of the holder of such permit to furnish the Commission with fingerprints and photographs taken under the supervision and direction of the Commission. The Investigative Division of the Commission is charged with the enforcement of this law. Of the 1296 employees fingerprinted this year, 20 were found to have been convicted of a felony. It is worthy of note that since this law has been enacted and enforced there has been a decided decrease each year in the number of individuals found to have possessed criminal records.

The Investigative Division of the Commission in cooperation with the Safety Departments of the tracks was responsible for the ejection of 311 book-makers, touts and other undesirable persons during the 1954-1955 racing season.

The Chief Investigator has made regular reports to the Commission of his observations of the operations and general conditions of the various tracks, whereby the public is assured protection at all times.

#### FLORIDA BREEDERS

With the cooperation of the Florida Racing Associations, The Sports Writers and the Florida State Racing Commission, The Florida Thoroughbred Breeders Association has continued to grow and is now playing a major part as one of the many Florida industries.

Although only twelve years old, Florida Breeders have won in purses over the United States, up to the year 1955, a total of \$2,782,359.00. This does not include the winnings of 1955, which should make these winnings well over \$3,000,000.00.

In 1945 horses foaled in Florida earned \$11,650.00 in purses. Last year a total of \$570,924.00 was won by Florida bred horses. Of 54 two-year-old starters in 1954, 32 were winners of 54 races and \$178,550.00 in purses.

Florida bred horses receive a five-pound weight allowance at all Florida tracks. In addition to the weight allowance, a Breeders' award is paid by Florida Racing Associations to the breeders of all Florida bred winners.

Such outstanding breeders' establishments as the Dickey Stable, Rosemere Farm, Pine Island Ranch, Christopher Ranch, and many others, are contributory to the continued success of this Florida enterprise.

The time is approaching when there is a strong possibility that a Florida bred horse will be prominent in some of the outstanding races of the nation, such as the Flamingo, Florida Derby or Kentucky Derby.

### NATIONAL COORDINATION

The members of the Commission are members of the National Association of State Racing Commissioners and participate in its programs and committee activities. Under a policy of reciprocity, a State Racing Commission authority's denial of privileges to a person in its state operates to deny such privileges to such person in any other state until the denial has been removed by the original authority.

### ADMINISTRATION

The Commission maintains an office at 911 Security Building, Miami, Florida. The office is under the direction of Mr. Robert Kelly, who has been Supervisor of Racing for the State since 1941.

In the Commission office a complete record is maintained of all racing activities and financial and statistical records, pertaining to racing. Due to the voluminous scope of the records, it is impossible to include all of them in this report, but any information pertaining to racing will be provided upon request.

### LEGISLATION

Prior to the convening of the 1955 Legislature, the Commission appointed by you, at your request made a thorough study of the distribution of the pari-mutuel take between the greyhound tracks and the state. As a result of this study, the 1955 Legislature amended the law and thereby increased the state's share of the pari-mutuel take approximately \$2,000,000.00 per year.

### CONCLUSION

We, the present members of the Florida State Racing Commission, wish to express to you our deep appreciation for the trust and confidence you have exhibited towards us in appointing us to administer the racing laws of our state.

By accepting this responsibility, we have pledged ourselves to protect the public and the state's interests at all times.

Respectfully,
