Melbourne Kennel Club, Inc., Brevard County.

ADMINISTRATION

Robert Kelly, the Supervisor of Racing for many years, and Louis Derteen, Jr., the Assistant Supervisor, direct the various activities of the Racing Commission. The departmental heads are: Auditing, Irving Harrington; Investigative, Tom. C. Parker; and Laboratory, Elsie S. Bellows, Ph. D.

The records and statistics of all the racing activities are kept in the Commission office located at 911 Metropolitan Bank Building, Miami. Additional information not contained in this report will be gladly furnished to anyone on a request addressed to the Florida State Racing Commission, Post Office Box 4781, Miami, Florida.

INVESTIGATIVE DIVISION

With the interest of the public in mind, the Racing Commission maintains an investigative division whose function is to maintain the confidential files of records and fingerprints of persons associated with racing and to make investigations at the request of the Racing Commission.

Among the laws that this division is charged to enforce is the so-called 85% law which requires that each association employ Florida residents to the extent of at least 85% of the total number employed and these Florida residents must receive a minimum of 85% of the total wages paid.

During the year some 13,000 persons were licensed including over a thousand new employees of the various associations who required fingerprinting. From this number, twenty were found to have felony records which prohibits them by law from employment at a racing plant in Florida.

With the cooperation of the various safety departments, 306 persons were ejected from the grounds of Florida race tracks for several reasons. Nine persons were ejected under arrest, convicted and fined for violation of Chapter 849.24, Florida Statutes, which states that anyone who returns to a race track after being ejected without first being reinstated by the Commission is charged with a misdemeanor.

The Racing Commission wishes to express its appreciation to the Federal Bureau of Investigation, the Thoroughbred Racing Protective Bureau, the safety departments of the various associations and local law enforcement agencies for the splendid cooperation received during the year. The Commission is also grateful to the Racing Commissions of other states for information used in the enforcement of the 85% law.

LABORATORY

The laboratory is concerned with the microdetection of drugs in the saliva and urine of racing horses and greyhounds. A series of highly sensitive tests are made in the search for drugs which could alter the performance of the racing animal. Crystallography, paper chromatography and spectrophotometry are techniques employed in the detection and identification of microquantities of illegal drugs. In the past year 9,299 Florida racing samples and 357 foreign racing samples were analysed; a total of 22 positives, including 10 foreign positives, were reported. Of the 12 Florida positives, a total of seven were found in samples taken from the same kennel. Theobromine was present as the result of using a chocolate-flavored food supplement that was erroneously labeled.

The Florida laboratory enjoys a top reputation among the racing laboratories of the world. Training of the Panamanian racing chemist at our Laboratory was arranged through the U. S. Embassy in Panama. A Puerto Rico racing chemist also visited our laboratory for observation and study last summer. A continuous program of research at the laboratory is essential for recognition and identification of the many newly marketed drugs.

SCOPE OF RACING

The general business recession and the unseasonable weather experienced by the State during the winter months caused the racing revenue to decrease

2.29% from the previous year. Even with this decrease, the 1957-1958 racing season will go on record as the second best year in Florida racing history. This was also the first year in the history of the Commission that over 2,000 racing days were allotted and supervised. Exhibit "A" of this report reflects the comparison of the 1957-1958 season with those of past years.

During the past year the Bonita-Ft. Myers Corporation commenced operation of the Naples-Ft. Myers Kennel Club and from a review of its first season, it appears that dog racing in that area will prove a success.

The mutuel handle and percentage of increase, or decrease, for each activity is as follows:

(These figures do not include Scholarship or Charity Days)

The 67 Counties of the State each received \$170,671.64, of which \$135,313.43 was apportioned under the old racing laws and \$35,358.21 from the additional taxes on greyhound tracks enacted by the 1955 legislature.

Although the sum of \$24,306,949.76 was collected by the Commission during the season in review, only 2% was expended in controlling, directing and supervising the operations and activities of the various licensees. The expenditures for the year represent a saving of \$44,294.87 from the budget appropriation.

ABANDONED PARI-MUTUEL TICKETS

Pursuant to Chapter 550.164, Florida Statutes, 1957, it was declared by the Legislature that all abandoned pari-mutuel tickets over two years of age should escheat to the State for deposit in the Principal State School Fund, to be used for the support and maintenance of public free schools. A total of \$204,449.30 was received by the Commission covering unclaimed 1955-1956 pari-mutuel tickets during this past racing season. Exhibit "E" of this report lists the amounts remitted by the individual Associations.

SCHOLARSHIP FUND

Pursuant to Chapter 550.08, Florida Statutes, 1957, the Legislature authorized the various tracks and frontons to operate a total of twenty-three additional days of racing during the past year for the purpose of creating and providing State Scholarships for qualified applicants from the profits derived therefrom. A total of \$366,481.60 was remitted to the State Board of Control for Institutions of Higher Learning during the past racing season. This was an increase of \$16,967.54 over the previous year. Exhibit "D" of this report lists the individual amounts raised for this worthy project by each participating Association.

CHARITY DAYS

Pursuant to Chapter 550.03, Florida Statutes, 1957, the Legislature authorized the various tracks and frontons to operate a total of twenty-one additional days of racing during the past year wherein the profits would go to recognized charities of their choice. The 1957 Legislature amended this Chapter so that recognized charities and institutions of higher learning located within 100 miles road travel of a track and not already participating in a scholarship day, could share in the profits of the racing day. Under this new provision, a total of \$378,286.19 was raised with the Commission supervising the distribution of this sum as follows:

University of Miami.....	\$257,809.28
University of Tampa.....	\$ 12,306.54
Chipola Jr. College.....	\$ 238.33
John B. Stetson University.....	\$ 1,000.00

Pensacola Jr. College.....	\$ 562.60
Jacksonville University.....	\$ 3,201.23
Community Chests and United Funds.....	\$ 84,041.26

and miscellaneous local charities received \$18,746.72.

LEGISLATION

Because the Legislature was not in session during the period covered by this report, there were no changes in the Statutes.

LITIGATION

Since the report for the fiscal year ending June 30, 1957 was submitted, certain litigation then pending has been terminated.

Tropical Park, Inc. and Maurice J. Hirshstein v. C. H. Ratliff, et al.

The Supreme Court of Florida held that the Commission's order denying Hirshstein the privilege of attending any pari-mutuel operation in Florida "was entered pursuant to a putative hearing ordered by the Commission without proper notice of the proposed action and an opportunity to be heard." It concluded that certiorari should be granted as to Hirshstein and quashed the Commission's order. As to Tropical Park, Inc., the Supreme Court held that the Commission's action in revoking its license was harsh and inequitable and quashed the Commission's order but with directions that consideration be given to the imposition of an order of censure or reprimand.

State, Ex Rel., Caron, Inc. v. Florida State Racing Commission.

The Petitioner dismissed its Petition for Alternative Writ of Mandamus filed in the Supreme Court of Florida on July 15, 1957. The Petitioner sought to force the Commission to issue to it a permit for the construction of a fronton in Duval County after the Commission had denied the application because of the general reputation of some of the incorporators and also because of other legal reasons.

Leon V. McLaughlin and Sanford-Orlando Kennel Club, Inc., v. Seminole Park and Fairgrounds, Inc. and Florida State Racing Commission.

This was an action in the Second Judicial Circuit, Leon County, for a declaratory decree seeking to void a harness horse racing permit issued by the State Racing Commission in Seminole County, Florida. The State Racing Commission had previously ruled that Section 550.05, Florida Statutes, relating to distances between racing establishments meant that the 100-mile provision referred to dog track v. dog track and horse track v. horse track, but that it did not mean that a harness horse track could not be established within a radius of 100 miles of a dog track. Judge Hugh Taylor of the Second Judicial Circuit, Leon County, held on May 30, 1957, that the 100-mile provision specified in Section 550.05, Florida Statutes, prohibited the issuance of a racing permit to the harness horse track in Seminole County. On appeal the Supreme Court of Florida affirmed the decree of the Circuit Court of Leon County.

State of Florida, Ex Rel., Emanuel S. Kramer v. Florida State Racing Commission, et al.

This is a Petition for Writ of Mandamus and Petitioner seeks to compel the State Racing Commission to make available to him for inspection all annual audits for all greyhound racing tracks, applications for permit filed by all greyhound racing tracks, daily and weekly reports of employees filed by the Broward

County Kennel Club, Inc., and any other information and reports in the possession of the State Racing Commission that may be pertinent to a suit which he has instituted against the Broward County Kennel Club, Inc., and its officers and directors upon the theory that such records are public documents and as such petitioner as a citizen is entitled to inspect the same. This case was dismissed with prejudice by the Circuit Court of Dade County on August 19, 1957.

During the year in review, the State Racing Commission was a party to the following suits:

State of Florida, Ex Rel., Lawrence G. Getz v. Florida State Racing Commission.

This was a suit instituted in the Circuit Court of Dade County in the nature of a Petition for Writ of Mandamus and an Alternative Writ was issued directing the Racing Commission to show cause why it refused to issue a trainer's license to Petitioner. The Commission filed a return to the alternative writ and a motion to quash. On hearing the Commission introduced evidence to the effect that the Petitioner was indefinitely suspended by the Michigan Racing Commission for improper conduct as a trainer of horses and further that he had been found guilty of other misconduct which affirmatively precluded him from receiving the stamp of approval of the Florida State Racing Commission. The court entered its final judgment granting the motion to quash and the alternative writ was quashed.

Morris Wexler v. John R. Ring, et al, as and constituting the Florida State Racing Commission.

During the 1957-1958 horse racing season, Morris Wexler filed an application for a horse owner's license with the Stewards of Tropical Park Racing Association. The Stewards, pursuant to the rules of the Florida State Racing Commission, called Wexler before them on December 9, 1957 to allow him to demonstrate to them his fitness to be licensed as an owner in the State of Florida. After the hearing Wexler's application was denied by the Stewards and he then applied for a license to the Florida State Racing Commission on January 2, 1958. The Commission held a hearing on Wexler's application and thereafter the application was denied due to Wexler's prior connections with the Continental Press Racing Wire Service and other causes. Subsequent to the denial by the Commission, Wexler filed a Petition for Writ of Certiorari in the Circuit Court of Leon County seeking to renew the order of the Commission denying his application for an owner's license. The cause was argued before the Circuit Court but up until this writing no opinion has been rendered.

NATIONAL CO-ORDINATION

Members of this Commission are members of the National Association of State Racing Commissioners, an organization made up of representatives of all the various states having legalized pari-mutuel activities. Through the exchange of information and ideas the National Association is of great benefit to the member Commissions. Each state recognizes rulings made by any other state through a reciprocity agreement.

The Florida State Racing Commission played host to the National Association at its 1958 Convention which was held in Miami Beach. With the cooperation of the Florida racing associations, a well-received program of

business and entertainment was presented to the delegates representing practically all the various State Commissions and several foreign racing boards.

John R. Ring, Chairman of the Florida Commission, received signal honor at the Convention when he was elected president of the National Association for 1958-1959.

The Association of Official Racing Chemists held their convention in conjunction with the National Association and gave additional recognition to Florida by electing Dr. Elsie S. Bellows their president for the coming year.

FLORIDA BREEDERS

"Florida-bred" now is a nationally recognized racing term that connotes the highest qualities of a race horse. The Sunshine State yearly is gaining fame for its thoroughbred products and the continued excellent performances by "Florida-bred" racers at tracks throughout the nation bode well for the future of the state's breeding industry.

Florida's thoroughbred breeders have increased rapidly in the past year and there is hardly a County in the central and southern portions of the state that does not boast one or several breeding farms. The temperate year-around climate plus the nourishing soil elements have induced many well-known Northern breeders to move their operations to Florida for both breeding and training headquarters.

During 1957-58 "Florida-bred" horses won purses totaling \$925,396.25. This fiscal year also brought the total earnings of "Florida-bred" runners to \$5,943,501, with well over half of this amount having been earned during the past three years, providing an optimistic criterion for the years ahead. "Florida-bred" competitors scored 320 victories during 1957-58 with 274 "Florida-bred" horses compiling the record. Breeding awards during the period totaled \$15,200 compared to \$10,850 the preceding fiscal year.

A high point of the past year was the first running of the Florida Breeders Futurity at Sunshine Park. The inaugural Futurity attracted an amazing total of 107 nominees.

The phenomenal forward strides taken by the state's breeding, training and racing groups have been aided by the support of the Florida Breeders Association, the racing associations, the racing writers and the Racing Commission. Such cooperation was vital in the formative stages and is assured now that success has been attained.

CONCLUSION

We, the members of the Florida Racing Commission, express to you our deep appreciation for the trust and confidence you have exhibited toward us in our administration of racing affairs. We pledge to protect the public and the state interests and shall always endeavor to keep racing on the high plane on which it has been conducted in the past.

Respectfully,
