## THE FLORIDA STATE RACING COMMISSION

JULY 1, 1959 THROUGH JUNE 30, 1960

---

July 1, 1960

His Excellency LeRoy Collins  
Governor of Florida  
Tallahassee, Florida

Dear Sir:

In compliance with the requirements in Chapter 550.02, subsection 2, Florida Statutes, the Florida State Racing Commission submits this, its Twenty-ninth Annual Report for the period beginning July 1, 1959 and ending with the close of business on June 30, 1960. During the period of this report, the membership of the Commission consisted of the following named persons, and the Congressional Districts from which they served:

First District \_\_\_\_\_ Warren H. Toole, Jr., Tampa  
July 1 through October 31, 1959  
Walter L. Caldwell, Auburndale  
November 17 through December 28, 1959  
Glenn Coryell, St. Petersburg  
January 25, 1960 to present

Second District \_\_\_\_\_ Roger J. Waybright, Jacksonville  
July 1 through October 5, 1959  
J. Edwin Gay, Jacksonville  
October 6, 1959 to present.

Third District \_\_\_\_\_ J. D. Johnson, Pensacola

Fourth District \_\_\_\_\_ John R. Ring, Miami

Fifth District \_\_\_\_\_ C. Sweet Smith, Jr., Cocoa

During the year in review, John R. Ring served as Chairman and J. D. Johnson as Secretary. The Attorney for the Commission was George F. Gilleland of Miami.

The Commission's membership suffered two grievous losses during this period. In October, 1959, Warren H. Toole, Jr., who had been a member

since 1955, was accidently killed in an airlines crash in West Virginia. He was replaced by Walter L. Caldwell, who served for only six weeks before he suffered a sudden, and fatal, heart attack. Glenn Coryell is now representing the First District.

Roger J. Waybright resigned from the Commission after having been appointed Judge of the Civil Court of Record in Duval County. He was replaced by J. Edwin Gay.

The Commission held formal meetings on the following dates and at the indicated locations during this period:

July 13, 1959.....	Miami
August 14, 1959.....	Miami
November 20, 1959.....	Miami
January 18, 1960.....	Miami

This application was withdrawn; therefore, no action was necessary by the Commission.

Huntpal, Inc., Dade County  
This application was denied by the Commission.

The following new applications for Jai-Alai permits were filed during the month of June, 1960 and as of this writing, the Racing Commission has not acted upon them:

- Law Corporation, Brevard County  
Florida East Coast Enterprises, Inc., Brevard County

### ADMINISTRATION

The Commission moved its offices into new quarters located in the State of Florida Office Building, Room 510, at 1350 N. W. 12th Avenue, Miami, Florida, in April. The dedication of the building was held May 8, at which time open house was observed in the Commission offices.

Robert Kelly, for many years the Supervisor of Racing, passed away very suddenly on the evening of the dedication. Mr. Kelly was 80 years of age and had served the Commission since 1941. He was beloved by all who knew him, and a short time before his death the licensees of the state honored him with a testimonial dinner at which over three hundred persons were in attendance. Mr. Kelly has been replaced as Supervisor by Kenneth Noe, Jr.

Irving Harrington, Sr., veteran Chief Auditor, and George D. Johnson, Jr., Assisant Auditor, direct the activities of the Auditing department. Tom C. Parker heads the Investigative department and Elsie S. Bellows, Ph.D., supervises our fine laboratory.

The records and statistics of all the racing activities in the State are kept under the supervision of the Auditing department in the Commission office. This report contains but a small fraction of these records and any other data, too voluminous to be included in its entirety, will be gladly furnished upon request.

## INVESTIGATIVE DIVISION

The first responsibility of the Investigative division is to promote and correlate the law enforcement program of the racing industry in this State. This program is designed with the best interest of racing and the safety of the public in mind. This division has worked very closely with law enforcement agencies in the interchange of information, records and ideas which has proven a great asset to the industry.

The Investigative division is especially concerned with the enforcement of the commonly called "85%" law which requires at least 85% of the employees at each track to be bona-fide Florida residents and that 85% of the weekly payrolls be paid to them. This law assures Florida residents a fair proportion of the positions at the tracks.

This division is responsible for the fingerprinting and photographing of all officers, directors and association employees and in the keeping in the Miami office a complete file of all fingerprints and photographs. During the past season 14,942 persons were issued occupational licenses. Of this number, 1,435 were new employees who were fingerprinted and photographed. When these fingerprints were processed by the Federal Bureau of Investigation, only seven felony records were revealed. There has again been a reduced number of felonies disclosed by these investigations; a decline which has continued for the past five years.

This department, together with the various track police departments, was instrumental in the ejection of 284 bookmakers, touts and other undesirables during the 1959-1960 racing season.

The Investigative department has kept the Commission informed of the operations and general conditions at the various tracks, thus insuring that the public is being protected to the best of our ability.

## LABORATORY

To keep racing on the highest possible plane, the Racing Commission maintains one of the most complete and finest racing laboratories in the world. Urine and saliva samples taken from racing thoroughbreds and greyhounds are analyzed for any illegal drugs which would alter the racing qualities of the animal. These samples are taken by veterinarians employed by the Commission who are in attendance at all tracks during each performance. Each sample is then sent to the Miami laboratory for testing. The effectiveness of this program is best illustrated by the fact that of the 9,810 samples analyzed during the past season, only twenty were found to contain traces of illegal drugs or medicines; three were found in running horses, one in a trotting horse and sixteen in greyhounds.

In addition to the Florida samples tested, the laboratory analyzed 93 samples for the horse tracks in Cuba. Of this number, two were positive for forbidden drugs. We received \$990.00 from the Cuban government in payment for these services. Due to the political situation in Cuba at this time, we have temporarily discontinued the testing of these foreign samples.

In May of this year, the laboratory was moved to the new State Office Building where it now adjoins our administrative offices. This is the first

time in many years that the entire Racing Commission staff has been located under one roof. The laboratory enjoys a top reputation and a program of research is continuously in force to isolate and identify the large number of newly marketed drugs.

### SCOPE OF RACING

State revenue and pari-mutuel handle for the 1959-1960 racing season once again soared to new heights. State income was up 5.7% over the 1958-1959 season, which was the previous high. From all indications this source of taxation should continue to increase slightly for the next several years. The importance of racing revenue to the tax structure of Florida cannot be under-estimated, for many worthwhile projects are solely dependent upon this revenue.

The sixty-seven counties of the State each received \$188,700, of which \$148,000 was apportioned under the old racing laws and \$40,700 came from the additional taxes enacted by the 1955 Legislature on greyhound and harness tracks. In addition, the Old Age Assistance program received in excess of thirteen million dollars from racing. Another beneficiary of racing revenue was our school system. Various exhibits of this report show in detail these distributions.

Although the sum of \$26,609,331.64 was collected from pari-mutuel tax sources by the Commission during the season in review, only 1.92% was expended in controlling, directing and supervising the operations and activities of the various licensees. The expenditures for the past year represent a savings of \$38,538.68 from the budget appropriation and has been returned for distribution to the counties. In addition to the above sum, \$675,864.53 was collected for Scholarship and Trust Funds by the Commission.

The mutuel handle and percentage of increase or decrease for each activity is as follows:

## ABANDONED PARI-MUTUEL TICKETS

Pursuant to Chapter 550.164, Florida Statutes, it was declared by the Legislature that all abandoned pari-mutuel tickets over two years of age should escheat to the State for deposit in the Principal State School Fund to be used for the support and maintenance of public free schools. Subsequently, at the 1959 session of the Legislature, the above period was reduced to one year. A total of \$311,045.10 was received by the Commission. Exhibit "E" of this report lists in detail the amounts remitted by the individual Associations. It will be noted that many of the Associations have remitted in advance of the deadline required by Law.

## SCHOLARSHIP FUND

Pursuant to Chapter 550.08, Florida Statutes, the Legislature authorized the various tracks and frontons to operate a total of twenty-six additional days of racing during the past year for the purpose of creating and providing State scholarships to qualified applicants from the net profits derived therefrom. A total of \$364,819.43 was remitted to the State Board of Control for Institutions of Higher Learning during the past fiscal year. This represents an increase of \$70,917.64 over the previous year. Exhibit "D" of this report lists the individual amounts raised for this worthy project by each participating Association.

## CHARITY DAYS

Pursuant to Chapter 550.03, Florida Statutes, the Legislature authorized the various tracks and frontons to operate a total of twenty-five additional days of racing during the past year, wherein the profits would go to recognized charities and institutions of higher learning not already participating in a scholarship day. A total of \$524,332.10 was raised for these organizations with the Commission supervising the distribution of this sum as follows:

University of Miami .....	\$289,938.31
University of Tampa .....	14,895.90
Bethune-Cookman College .....	300.00
Chipola Junior College .....	67.40
Gulf Coast Community College.....	67.40
Jacksonville University .....	6,785.14
Madison Junior College .....	100.00
Palm Beach Junior College.....	307.69
Pensacola Junior College.....	630.98
John B. Stetson University.....	1,000.00
Community Chest and United Fund.....	162,000.45
Miscellaneous local charities.....	48,238.83

This represents a record amount of funds from these sources.

## NATIONAL CO-ORDINATION

Members of the Florida State Racing Commission are members of the National Association of State Racing Commissioners, an organization made up of Commissioners from all the various states having legalized pari-mutuel activities. Through the exchange of information and ideas, the National Association is of great benefit to each member Commission. Under an agreement of reciprocity each State recognizes rulings made by any other State Racing Board.

The 1960 Convention was held in Mexico City, Mexico, where Florida was represented by Chairman John R. Ring and Tom C. Parker, Chief Investigator. The Association of Official Racing Chemists met in conjunction with this convention and Dr. Elsie S. Bellows attended.

### LITIGATION

In the 1959 report mention was made of the case of *Morris Wexler v. John R. Ring, et al, as and constituting the Florida State Racing Commission*, resulting from the Commission's action in denying Wexler a horse owner's license. Subsequently, the Circuit Court of Dade County held that there was competent evidence to support the Commission's action and denied certiorari. Wexler then appealed to the District Court of Appeal of Florida, Third District. This case has been argued and now awaits final determination.

*State ex rel Volusia Jai-Alai, Inc., a Florida Corporation, v. John R. Ring, et al, as and constituting the Florida State Racing Commission.*

This was an original mandamus proceeding in the Supreme Court of Florida. Volusia Jai-Alai, Inc. is a Florida corporation with its principal place of business in Daytona Beach, Volusia County, Florida. The Florida State Racing Commission, in August, 1954, granted to Volusia Jai-Alai, Inc. a permit to erect and operate a jai-alai fronton under the pari-mutuel laws of the State of Florida in Volusia County, Florida. Volusia County is situated wholly East of the St. Johns River and South of the Matanzas Inlet. The location is pertinent to Volusia's allegation in the suit because of the provisions of § 550.04, Florida Statutes, which authorizes summer dog racing in this area. While this section relates specifically to dog racing, § 551.12, Florida Statutes, provides that § 550.04, where not inconsistent with § 551.12, applies to the operation of frontons. Volusia Jai-Alai, Inc. commenced operation on June 4, 1959 and completed one full summer season of ninety (90) days. In June, 1959 Volusia Jai-Alai, Inc. applied to the Florida State Racing Commission for additional operating days of not less than ninety (90) days during the winter season in addition to its ninety (90) days in the summer season. When the Commission denied the application, Volusia Jai-Alai, Inc. applied to the Supreme Court of Florida for a writ of mandamus directing the Commission to grant to Volusia Jai-Alai, Inc. an additional ninety (90) days operating period during the winter season. The Supreme Court of Florida held that the Commission is required to grant all frontons operating dates of not less than ninety (90) days during the winter season, and that Volusia Jai-Alai, Inc. should be granted such dates during each summer season as the Commission, in its discretion, may allow, but not exceeding ninety (90) days.

### FLORIDA BREEDERS

Thoroughbred breeding in the state continued its forward progress, and Florida-bred horses won a record 115 "open" races during the 1959-1960 racing season against competition from all over the world. Florida bred horses won 28 "open" races at Tropical, 18 at Hialeah, 42 at Sunshine and 27 at Gulfstream. Breeder awards totaling \$22,300 were paid by the four thoroughbred tracks. This compares with \$18,800 for the 1958-1959 Florida racing season.

During the past calendar year, "Florida Breds" earned a total of \$1,662,418, which brings the grand total to more than eight and one-half million dollars earned by them in the relatively few years the breeding industry has been in existence. It is interesting to note that horses foaled in Florida made 4,219 starts during 1959 and won 515 races, which is an average the industry can point to with pride.

The growth of "Florida Breds" is readily shown by the following figures:

The phenomenal forward strides taken by the state's breeding, training and racing groups have been aided by the support of the Florida Breeders' Association, the racing associations, the turf writers and the Racing Commission. Such cooperation was vital in the formative stages and is assured now that success has been attained.

### CONCLUSION

As our terms of office draw to a close, we would like to take this opportunity to express our sincere and genuine appreciation to all those persons employed by your Commission to carry out its mandates and functions. It is largely due to their loyalty and diligence that this State has experienced such a banner year. We would also like to thank the many Associations for their fine spirit of cooperation in maintaining the highest of standards during this administration. We sincerely trust that this spirit will continue in the future years.

We, the members of the Florida State Racing Commission, again express to you our deep appreciation for the trust and confidence you have placed in us in our administration of racing affairs. We pledge to protect the public and the State's interests and shall always endeavor to keep racing on the high plane on which it has been conducted in the past.

Respectfully,
