#### PERMIT APPLICATIONS

The Racing Commission acted on the following applications for Jai-Alai permits to conduct racing during the past year. These were filed during 1959-1960:

Law Corporation, Broward County

This application was denied by the Commission.

Florida East Coast Enterprises, Inc., Brevard County

This application was approved by the Commission but at a subsequent referendum held by the voters of Brevard County it was defeated.

No new applications were filed during the year in review.

#### ADMINISTRATION

Kenneth Noe, Jr., Director and his assistant Knox Eldredge, supervise the many and varied activities of the Racing Commission.

Irving Harrington, Sr., veteran Chief Auditor retired in June after eighteen years of faithful service. His assistant George D. Johnson, Jr., has replaced him as Comptroller and directs the activities of the Auditing department. Tom C. Parker heads the Investigation department and Elsie S. Bellows, Ph.D, supervises our fine laboratory. Arthur T. Potter, former F. B. I. agent, joined the Agency as the fiscal year came to a close as Security Director.

The records and statistics of all the racing activities in the State are kept under the supervision of the Auditing department in the Commission office located at 1350 N. W. 12th Avenue, Miami, Florida. This report contains but a small fraction of these records and any other data, too voluminous to be included in its entirety, will be gladly furnished upon request.

#### INVESTIGATIVE DIVISION

The first responsibility of the Investigative division is to promote and correlate the law enforcement program of the racing industry in this State. This program is designed with the best interest of racing and the safety of the public in mind. This division has worked very closely with law enforcement agencies in the interchange of information, records and ideas which has proven a great asset to the industry.

The Investigative division is vitally concerned with the enforcement of the commonly called "85%" law which requires at least 85% of the employees at each track to be bona-fide Florida residents and that 85% of the weekly payrolls be paid to them. This law assures Florida residents a fair proportion of the positions at the tracks.

This division is responsible for the fingerprinting and photographing of all officers, directors, association employees, Greyhound owners, trainers and their personnel, and in keeping in the Miami office a complete file of all fingerprints and photographs. During the past season 14,474 persons were issued occupational licenses. Of this number 2,225 were new employees who were fingerprinted. When these fingerprints were processed by the Federal Bureau of Investigation twelve (12) felony records were revealed. Under the Statutes of Florida, employment of the twelve persons with felony records was terminated.

This department, together with the various track police departments, was instrumental in the ejection of 278 bookmakers, touts and other undesirables during the 1960-61 racing season. In addition, numerous investigations were conducted by this division to resolve questions concerning allegations of drugging, improper practices and miscellaneous matters pertaining to racing.

The Investigative department has kept the Commission informed of the operations and general conditions at the various tracks, thus insuring that the public is being protected to the best of our ability.

#### LABORATORY

The Florida State Racing Commission Laboratory, the oldest in the United States, enjoys a top reputation among the racing laboratories of the world. Directed by Dr. Elsie S. Bellows, its function is the detection of microquantities of drugs in saliva and urine which might be employed to effect the performance of the racing horse and greyhound. In the search for significant drugs in the past year a total of 10,729 analyses were performed.

Of 3,453 analyses, one sample was positive for the stimulant amphetamine, often referred to as benzedrine.

Of 6,945 greyhound analyses, thirty-two were positive for the depressant phenobarbitol, four for the diuretic theobromine and four for the muscle relaxant mephenesin.

Miscellaneous and experimental analyses totaling 331 included confiscated hypodermic needles and syringes, capsules, tablets, solutions, a drugged meat ball and bloods and urines collected from greyhounds administered drugs experimentally.

The laboratory also maintains a continuous research program of new drug isolation and identification technics, drug excretion and metabiolite studies and other pertinent aspects of drug detection.

#### SCOPE OF RACING

During the winter months, the State experienced a general business recession which was nationwide in scope. As a result "tourism" in the Miami area declined with an accompanying decrease in the pari-mutuel play and tax revenues at the horse tracks. Never-the-less, the Greyhound tracks and Jai-Alai Frontons, statewide, continued their phenomenal growth and produced nearly enough tax revenues to offset the horse track decrease. As a result, Florida experienced its second best year in our racing history being exceeded only by the 1960 season.

We are looking forward to a banner 1962 racing season as the general economic conditions are showing an upward trend. The importance of racing revenue to the tax structure of the State of Florida cannot be under-estimated for many worthwhile projects are solely dependent upon this revenue.

Each of the sixty-seven counties of the State received \$187,600.00 for the fiscal year, of which \$145,600.00 was apportioned under the old racing laws and \$42,000.00 came from the additional taxes enacted by the 1955 Legislature. In addition, the Old Age Assistance program received in excess of twelve and one-half million dollars from racing. Another beneficiary of racing revenues was our school system. Various exhibits of this report show in detail these distributions.

Although the sum of \$26,883,222.80 was collected by the Commission during the season in review, only 2.1 per cent was expended in controlling, directing, and supervising the operations and activities of the twenty-six licensees. The expenditures for the past year represented a saving of \$19,348.67 from the budget appropriation and this sum has been returned for distribution to the counties.

The mutuel handle and percentage of increase or decrease for each licensee was as follows:

#### ABANDONED PARI-MUTUEL TICKETS

Pursuant to Chapter 550.164, Florida Statutes, it was declared by the Legislature that all abandoned pari-mutuel tickets over one year of age should escheat to the State for deposit in the Principal of the State School Fund and to be used for the support and maintenance of our public free schools. The escheatment period had formerly been established at two years but was changed during the 1959 Legislature session. Consequently, during the past fiscal year we have been collecting these payments under the two escheatment periods. A total of \$403,903.95 was received and Exhibit "E" of this report lists in detail the amounts remitted by the individual licensees. In the future, all payments will fall under the one year escheatment period and the expected tax revenue produced from this source will be approximately half of the sum collected during this past fiscal year.

#### SCHOLARSHIP FUND

Pursuant to Chapter 550.08, Florida Statutes, the Legislature authorized the various tracks and frontons to operate additional days of racing for the expressed purpose of creating and providing State scholarships for qualified applicants from the net profits derived therefrom. These scholarships are administered by the State Board of Control for Institutions of Higher Learning. A total of \$316,021.21 was deposited to this fund during the past fiscal year. Exhibit "D" of this report lists the amounts raised by the participating licensees for this worthy project.

#### CHARITY DAYS

Pursuant to Chapter 550.03, Florida Statutes, the Legislature authorized the various tracks and frontons to operate extra days of racing, wherein the profits would go to recognized charities and institutions of higher learning not already participating in a scholarship day. A total of \$519,589.94 was raised for these organizations with the Commission supervising the distribution of this sum as follows:

| University of Miami                | \$304,533.79 |
|------------------------------------|--------------|
| University of Tampa                | 11.395.80    |
| Community Chest and United Fund    | 128,518.05   |
| Miscellaneous schools and colleges | 17,283.57    |
| Miscellaneous local charities      | 57,858.73    |

#### NATIONAL CO-ORDINATION

Members of the Florida State Racing Commission are members of the National Association of State Racing Commissioners, an organization made up of Commissioners from all the various states having legalized pari-mutuel activities. Through the exchange of information and ideas, the National Association is of great benefit to each member Commission. Under an agreement of reciprocity each State recognizes rulings made by any other State Racing Board.

The 1961 convention was held in Toronto, Canada, where Florida was represented by Commissioner John A. Torode. Kenneth Noe, Jr., Knox Eldredge and A. T. Potter also attended.

The Association of Offical Racing Chemists held their convention in conjunction with the National Association and Dr. Elsie S. Bellows attended.

#### LITIGATION

In the 1959 and 1960 reports mention was made of the case of Morris Wexler vs. John R. Ring, et al, as and constituting the Florida State Racing Commission, resulting from the Commission's action in denying a horse owner's license. The Circuit Court of Dade County, Florida, held in 1960 that there was competent evidence to support the Commission's action. The decision of the Circuit Court was appealed to the Third District Court of Appeal of Florida. On January 16, 1961 the Third District Court of Appeal rendered a decision holding that there was competent evidence to support the action of the Commission in denying an owner's license to Wexler. In this decision the Court of Appeal held that the Racing Commission was authorized to apply the provisions of Section 550.181 authorizing the denial of a permit by reason of a criminal conviction, bookmaking or association with bookmakers, or criminals, to owners and other persons who are licensed by the Commission. Wexler filed a petition for certiorari in the Supreme Court of Florida, and the Supreme Court denied certiorari on June 30, 1961, thus terminating this litigation which established the power of the Commission to apply the same rule of fitness to a licensee as is applied to a permittee under the provisions of 550.181, Florida Statutes.

There was no other litigation affecting the Florida State Racing Commission during the year ending June 30, 1961.

#### FLORIDA BREEDERS

The Florida Thoroughbred breeding industry not only produced an increasing number of registered foals during 1961 but also more outstanding performers.

Monies earned by Florida-breds again reached a new high in 1960 with a total of \$2,260,717.00. Races won increased to 725. The following figures illustrate the gains in both categories:

#### PURSES EARNED

#### WINS

| 1960\$ | 2,260,117 | 1960 |     |
|--------|-----------|------|-----|
| 1955   | 859,899   | 1959 |     |
| 1950   | 285,455   | 1958 |     |
| 1945   | 11,650    | 1957 | 320 |
| 1939   | 675       |      |     |

Among the most accomplished Florida-breds performing in 1960, along with their total money earnings by the end of June 1961, were nationally famous CARRY BACK (\$739,068), winner of the Flamingo, Florida Derby, Kentucky Derby and the Preakness States; INDIAN MAID (\$285,812); CONESTOGA (\$224,011); HEROSHOGALA (\$150,006); and GEECHEE LOU (\$140,263).

A further indication of the steady expansion of Thoroughbred breeding in Florida is illustrated by the number of operating farms shown in the following tabulation:

| 1960 | <br>1950 |  |
|------|----------|--|
| 1955 | <br>1945 |  |

#### LEGISLATION

During the 1961 session of the Legislation, the Florida Statutes were amended to include the following provisions which affect racing:

- Track audits certified by a certified public accountant must now be submitted on an annual fiscal year basis.
- (2) Greyhound Tracks, with the exception of those located in the area between the parallel of 28° North latitude and 30° North latitude and lying East of the meridian of 82° West longitude, may now conduct their meetings at any time during the calendar year.
- (3) A permit held by the Seminole Park and Fairgrounds, Inc., since 1956 was re-validated.
- (4) Each horse track is now required to run an average of one race per day in which Florida breds shall be given preference in the entries.
- (5) An act providing for Harness Racing in Broward County if approved by electors of Broward County.

#### CONCLUSION

We, the present members of the Florida State Racing Commission, express to you our appreciation for the trust and confidence which you have placed in us.

The Commission feels that the present racing laws need to be revised and would recommend that this be presented to the next Legislature for their consideration.

We accept the responsibility of administering the racing laws of this State in the pari-mutuel industry and assure you that we will always protect the public and the State's interest at all times and keep racing on the highest plane.

Respectfully,

Robert Morgan, Chairman J. W. Rood, Secretary Jack Fiveash, Member Carl G. Rose, Member John A. Torode, Member
