ADMINISTRATION

Richard A. Kumble is the Supervisor of Racing. He is the administrative officer representing the State Racing Commission.

James F. Real and Robert J. Snyder are Assistant Supervisors of Racing and are primarily concerned with administration in connection with the 27 active pari-mutuels associations located throughout the State of Florida.

George D. Johnson, Jr., heads the complex of the vast auditing department for the Commission.

Patrick H. Dougherty, Ph.D., is Director and Head Chemist in the State Racing Commission Laboratory.

Gerald E. Shingledecker is the Chief Investigator for the Commission and Tom C. Parker is Assistant Chief Investigator.

All records, statistics and correspondence which pertain to racing activities of any nature throughout the State are maintained and controlled through the Commission offices located on the fifth floor of the State Office Building, 1350 N. W. 12th Avenue, Miami, Florida.

This report includes a condensed version of all of the Commission records, although precisely covering the most vital areas of the State's racing interests. Any additional information not contained herein, will be promptly furnished upon request.

PERMIT HOLDERS

There are 29 permits to conduct pari-mutuels wagering in the varied fields of thoroughbred, harness horse, quarter horse, greyhound racing and jai-alai frontons presently in good standing with the Florida State Racing Commission.

There are two permits of the 29 which are inactive, the applicants having applied for no racing dates in the concluded season. We are hopeful that these permits can become operative in order to aid racing and the resultant economic advantage throughout the State next year.

The two permits named above include Bayard Raceways, Inc., to which the permit of Ponce de Leon Raceway in Bayard, Florida, was transferred with approval of the State Racing Commission on April 15, 1965. Ponce de Leon

Raceways operated a harness horse and quarter horse meeting for three seasons and has been dormant for the last six years.

Seminole Park and Fairgrounds, Inc., is the other inactive permit holder. This corporation is presently in receivership and its affairs are managed by a court appointed trustee. Seminole Park, in Casselberry, Florida, operated a harness horse and quarter horse meeting for one season and has been dormant for two years.

The 1965 session of the Florida State Legislature passed a law which permits Seminole Park to operate for a 90-day summer season of either harness, thoroughbred or quarter horse racing.

Active permit holders who were granted permission to change their corporate name during the recent fiscal year include:

Florida Greyhound Racing, Inc., which is now known as Pensacola Greyhound Racing, Inc.

Fronton Exhibition Company, Inc., which is now known as Miami Jai-Alai, Inc.

Sunshine Park Racing Association, Inc., which is now known as Florida Downs, Inc.

The breakdown of the 27 active permit holders operating under licenses is: Greyhound-16; Jai-Alai-6; Thoroughbred Horse-4; and Harness Horse-1.

PERMIT APPLICATIONS

West Coast Sports Association, Incorporated, filed an application during June, 1965 for a Jai-Alai permit in Hillsborough County. The Racing Commission took no action on this application by August 15, 1965 and the permit therefore became void, according to law.

During the month of June, 1966 applications for new permits were received as follows:

West Coast Sports Association, Incorporated, filed an application for a Jai-Alai permit in Hillsborough County.

Gandy Operating Company, Inc., filed an application for a Summer Jai-Alai permit in Hillsborough County.

Jai-Alai Associates, Inc., filed an application for a Jai-Alai permit in Hillsborough County.

First Jai-Alai Corporation filed an application for a Jai-Alai permit in Duval County.

The Racing Commission was not scheduled to act upon the above four applications as of this writing, in accordance with the Statute governing same.

SCOPE OF RACING

Once again Florida racing showed phenomenal increases in surpassing all previous figures. State Tax Revenues increased 7.7%, attendance was up

5.1% and the total pari-mutuels wagering, which for the first time exceeded five hundred million dollars, increased 8.3% over the previous season.

Each of the sixty-seven counties in the State benefited by receiving a record \$290,000, of which \$214,000 was apportioned under the old racing laws and \$76,000 came from the additional taxes enacted by the 1955 Legislature. The steady rise of the sums received by each county over the past five years is shown below:

1966 —	\$290,000
1965 —	262,500
1964 —	234,000
1963 —	206,800
1962 —	201,800

In addition, the General Revenue Fund received in excess of sixteen million dollars from racing. Other beneficiaries of racing revenues are the State's School System and many charitable organizations. Various exhibits of this report show in detail these distributions.

Although the sum of \$39,656,751.41 was collected by the Commission during the fiscal year, only 2.36% was expended in controlling, directing and supervising the operations and activities of the 27 operating licensees. The expenditures for the past year represented a saving from the budget appropriation in the amount of \$65,629.89.

The pari-mutuels handle, attendance and State Tax Revenue percentage of increase or decrease over the previous year for each licensee was as follows:

ABANDONED PARI-MUTUEL TICKETS

Pursuant to Chapter 550.164, Florida Statutes, it was declared by the Legislature that all abandoned pari-mutuels tickets over one year of age should escheat to the State for deposit in the Principal of the State School Fund and to be used for the support and maintenance of our public free schools. Eleven journal audits were conducted by your staff during the fiscal year verifying the record total of \$425,130.20 received by the Commission. Exhibit "E" of this report lists in detail the amounts remitted by the individual Associations.

The Racing Commission has been receiving these funds since 1957. The total revenues derived from this source to date are itemized below:

SCHOLARSHIP FUND

Pursuant to Chapter 550.08, Florida Statutes, the Legislature authorized the various tracks and frontons to operate additional days of racing for the expressed purpose of creating and providing State scholarships for qualified applicants from the net profits derived on these extra days. These scholarships are administered by the State Board of Regents for Institutions of Higher Learning. A total of \$462,441.03 was deposited to this fund during the past fiscal year. Exhibit "D" of this report lists the amounts raised by the participating licensees for this worthy project.

Since their inception seventeen years ago, these extra days have raised in excess of five and a half million dollars for our State supported schools:

CHARITY DAYS

Since 1953, Florida Statutes have permitted the race tracks and frontons to operate additional days of racing, wherein the profits would go to recognized charities and institutions of higher learning not already participating in a scholarship day. These funds are in addition to the other racing revenues detailed in this report by various Exhibits.

The 1965 Legislature enacted several new laws and amended others which increased the number of these performances. Our 34th Annual Report detailed these changes in the Statutes. Twenty-six permittees participated during the year and conducted fifty-six extra performances in which a record total of \$1,374,485.40 was raised for approved charitable organizations and schools. The Commission supervised the distribution of this sum to the following beneficiaries:

University of Miami	\$255,556.55
Miami Dade Junior College.	194,299.36
Nova University	158,448.55
University of Tampa	33,680.05

LITIGATION

During the fiscal year ending June 30, 1966, the Florida State Racing Commission was a party to four court proceedings, one of which was pending at the beginning of the year.

1. In the 1965 Report mention was made of the litigation wherein a party sought to have the Commission reinstate his license to own and race horses in the State of Florida, the same having been revoked by the prior State Racing Commission. During the pendency of the voluminous Circuit Court proceedings and before final determination, the Petitioner sought to have the Supreme Court of Florida entertain an Alternative Writ of Mandamus. This action was resisted by the Commission and after oral argument, briefs and pleadings the Supreme Court did by Opinion, dated the 13th day of July, 1965, deny the Petition for Writ of Mandamus without prejudice to pursuing the matter in the Circuit Court.

The cause was then resumed in the Circuit Court of Dade County, resulting in the entry of an Order wherein the Court determined that the revocation of the Petitioner's license by the prior Florida State Racing Commission had been effected without due process and, therefore, ordered the Commission to issue Petitioner a license to own and race horses in the State of Florida. The Commission, after reviewing all of the evidence, decided to forego an appeal and compliance was made with the Order of the Circuit Court.

2. On June 23, 1965, St. Petersburg Kennel Club made application, which was later amended, to the Florida State Racing Commission, for approval of its racing season, commencing on January 5, 1966 and concluding on May 12, 1966. This application included a request for approval to operate matinees bi-weekly on Wednesdays and Saturdays beginning with the matinee on Wednesday, January 5, 1966, plus special matinees on Monday, May 9, and Thursday, May 12, 1966. The Commission granted the Petitioner's request for its

racing season commencing on January 5, 1966 and terminating on May 12, 1966; however, it did not grant the total request for matinees, giving permission instead for thirty-seven matinees to be held, the first to commence on March 11, 1966.

St. Petersburg Kennel Club did on the first day of October, 1965, petition the Supreme Court of the State of Florida for a Writ of Certiorari, seeking to review the order of the Florida State Racing Commission denying the matinees desired, the petition being accompanied by a brief in support thereof. The Florida State Racing Commission filed pleadings and briefs in opposition thereto. During the pendency of the matter St. Petersburg Kennel Club moved for dismissal of its Petition for a Writ of Certiorari without prejudice, which motion was consented to by the respondent, Florida State Racing Commission. The Supreme Court did, therefore, by Order, dated January 11, 1966, dismiss the Petition for Writ of Certiorari without prejudice.

3. Fronton Exhibition Company (Miami Jai-Alai) made application to the Florida State Racing Commission for permission to conduct nightly jai-alai programs for the 1965-66 season commencing on December 25, 1965 to April 30, 1966, inclusive, and in addition, forty matinee programs during said period.

The Commission granted the requested night programs but denied permission for all of the requested matinees.

The Fronton Exhibition Company (Miami Jai-Alai) did on the 27th day of October, 1965, file a Petition for Alternative Writ of Mandamus and Brief in support thereof in the Supreme Court of Florida, seeking to have the Court command the respondent Commission forthwith to convene and grant the requested matinees or to show cause why they should not do so.

The Commission filed appropriate pleadings and Brief in Opposition to the Petition for Alternative Writ of Mandamus and after oral argument the Supreme Court of the State of Florida did by Order, dated December 8, 1965, deny the Petition of the Fronton Exhibition Company (Miami Jai-Alai) for Alternative Writ of Mandamus.

4. At the outset of the 1965-66 racing season, the Florida State Racing Commission did, in accordance with the pertinent statutes and Rules of Horse Racing require individual blacksmiths to be fingerprinted and photographed before receiving an occupational license to work on race horses in the race tracks of this State.

The blacksmiths, by and through their purported union, and its president individually and in behalf of members of the same class (blacksmiths) brought a complaint for a declaratory decree in the Circuit Court of Dade County, seeking to adjudicate the right of the individual Plaintiff and other blacksmiths to pursue their trade on the race tracks of Florida without compliance with the pertinent rule, i.e., being fingerprinted before receiving an occupational license.

The Commission, in resisting the Complaint, brought a Motion to Dismiss the Complaint and Motion for Summary Final Decree, together with its answer. The Commission's Motion for Summary Final Decree came on for hearing before the Circuit Court of Dade County at which time the Court dismissed the Complaint at the request of the Plaintiffs.

INVESTIGATION DEPARTMENT

This Department's liaison activities with Foreign, Federal, State and local law enforcement and investigative agencies, racing industry security organizations and track security personnel has produced the most active year in the history of this department.

The number of licensees engaged in the pari-mutuels industry who were fingerprinted totalled 8,606 during the past fiscal year. This figure represents a 250% increase over 1964-65.

The fingerprint program produced 4,702 Federal Bureau of Investigation records from which our investigations revealed 84 felony and narcotic convictions, an increase of 71% over 1964-65. These individuals are prohibited from being licensed due to such convictions. Increased activity in this field has reduced the number of incidents relating to corrupt, fraudulent and other illegal practices within the industry.

A master of the fingerprints of record contained in our files has been published and is being distributed to all pari-mutuels security organizations in the state, all state racing commissions, and all related national pari-mutuels industry associations. This lateral dissemination is beneficial to all recipients.

There were 282 patrons ejected as undesirables by track and fronton security personnel in cooperation with this department. Ejection lists are periodically distributed to all frontons and tracks under our jurisdiction and to related national pari-mutuels industry associations. The 15% reduction in track ejections during 1965-66 resulted from our increased investigative activities.

The investigative caseload totalled 773 during the year, an increase of 34% over 1964-65. Investigations conducted included eight involving drug attempts on racing animals, 71 on license applicants and 46 involving patrons. Eight licensees and 21 patrons were arrested by law enforcement agencies for crimes ranging from touting to attempting to dope racing animals. These arrests resulted in 14 convictions, three acquittals, three nolle prossed and nine cases pending trial at this writing.

The investigative department carried out a continuing check system involving payroll audits, gate inspections and security sweeps to eliminate the possibility of employment by unlicensed individuals. This activity has contributed to the increased sale of licenses during the past year. Inspection of on and off track facilities were tripled during the year to assure compliance with security and safety rules and regulations. It is our continuous goal to further protect the general public, the pari-mutuels industry and all persons participating in same.

LABORATORY

One of the greatest functions of the Racing Commission, which renders invaluable aid to guarantee protection for the general public and those involved in the racing industry, is the operating of the Commission Laboratory.

The function of the Laboratory is to keep racing clean by detecting the presence of drugs, stimulants and depressants in the saliva and/or urine samples of selected animals. These drugs, which affect the racing and physical condition of greyhounds and horses currently competing, are forbidden, and airtight security is our constant objective.

During the past fiscal year, 16,241 specimens were received in the Laboratory and 19,335 separate analyses were performed. From this great quantity, there were only eight which could be identified as chemically positive. Greyhounds involved numbered four, while horses also provided four cases.

The number of specimens processed by the Laboratory increased 13.7% over 1964-65. Total number of analyses increased 781 or 4.2%.

The Laboratory developed and expanded its research program and perfected technique through various experimental programs involving new drugs on the market, creditable reports of drugs being experimented with in the industry, plus additional drug and metabolite excretion studies.

During the past fiscal year, the compilation of reference UV spectra of drugs has been approximately doubled. The development of identification patterns for numerous potential doping drugs has continued and various substances that might interfere with proper identification of doping drugs have been investigated.

FLORIDA BREEDING

The thoroughbred horse breeding industry in the State of Florida has grown to tremendous proportions.

There are more than 140 breeding farms throughout the State at this time. Several more in planning stages will be operated by breeders from other parts of the country who are taking heed of the tremendous development and fantastic potential of the Florida-bred horse. Of the total, 75 farms lie in and around the Marion County area, recognized as the main base of operation for Florida-bred horse farms.

There were more than 1,300 foals in the 1966 crop of Florida-bred fillies and colts, and the State's broodmare population has expanded beyond the 2,500 figure.

There were many races held during the past racing season in which Florida-bred horses were preferred as entries. Of these, five were added money stakes events restricted exclusively to Florida-breds. An overall recap of the past season's 1,783 races held at thoroughbred race tracks found 328 won by Florida-breds, a new all-time high figure of 18.4%.

Florida-breds establishing and maintaining their reputation in the national racing picture included handicap stars Roman Brother, which has earned \$943,473, Cedar Key, Hail to All and Slystitch. Native Street, Gunflint and Tequillo are three of the nation's outstanding three-year old campaigners. Newest figures on the horizon, at this writing, include the two-year old stakes horses Tumble Wind, Restless Song, Northeast Trades and Forgotten Dreams.

One of the feature attractions of the winter racing season has become the Annual Sales of two-year olds in training conducted at Hialeah by the Florida Breeders Sales Company. Last year a record 231 juveniles were sold for an all-time high gross of \$3,298,200. The sales average of \$14,278 per horse offers sufficient proof that the market for available Florida-breds has a phenomenal foundation.

CONCLUSION

We, the members of the Florida State Racing Commission, express to you our appreciation for the trust and confidence which you have placed in us. We assure you that we will always protect the interest of the general public, members of the various phases of the racing industry, and the State of Florida, by seeing to it that racing is conducted in only the highest possible manner.
