Forty-Fifth Annual Report

to the

GOVERNOR OF FLORIDA

from

DEPARTMENT OF BUSINESS REGULATION

DIVISION OF PARI-MUTUEL WAGERING

July 1, 1975 through June 30, 1976

July 1, 1976

His Excellency Reubin O'D. Askew
Governor of Florida
Tallahassee, Florida

Dear Sir:

The Division of Pari-Mutuel Wagering hereby submits this Forty-Fifth Annual Report for the period beginning July 1, 1975, and ending with the close of business June 30, 1976, in compliance with the requirements of Chapter 550.02, Subsection 2 of the Florida Statutes.

This Division is one of five in the Department of Business Regulation, under the Board of Business Regulation. J. Patrick McCann is the Director, administering the varied activities of the Division.

The able assistance of Doug Morris, Pari-Mutuel Operations Coordinator; Dr. W. Dale Snyder, Racing Research and Laboratory Manager; Mrs. Lillian Meisner, Administrative Assistant; Mr. Jeremiah Mullane, Chief Investigator; and Mrs. Nancy Satcher, Licensing Administrator, is hereby acknowledged.

Legal services were ably provided by the Legal Section of the Department of Business Regulation, under the direction of General Counsel William D. Moore. Mr. J. Riley Davis, who has since resigned, and Mr. William Hatch from the Department represented the State most capably at Division hearings. The Division also received assistance from other members of the legal staff of the Department, for which it is most grateful.

The Governor's Thoroughbred Advisory Committee, under the direction of Chairman Robert F. Mackle, also ably assisted the Division on thoroughbred racing matters, and their assistance is gratefully acknowledged.

The Greyhound Advisory Committee, chaired by Dr. George Simmons, ably assisted the Division on problems relating to greyhound racing.

The records of all pari-mutuel activities in this state are maintained at the Division office, located in the State Office Building, 1350 N.W. 12th Avenue, Suite 510, Miami, Florida 33136. Since this report contains but a small fraction of these records, any additional information will gladly be furnished upon request.

The Division held twelve formal meetings to hear appeals and matters concerning reinstatement, licensing, and rule amendments on the following dates: July 29, October 14, October 22, October 29, December 18, 1975, and February 26, March 8, April 9, June 3, 1976 (all in Miami); July 24, 1975 (Daytona Beach), January 7, 1976 (Tampa), March 12, 1976 (Winter Park).

INVESTIGATION SECTION

The investigative section works closely with local, state and federal law enforcement agencies and the pari-mutuel associations' security forces to promote and correlate effectively investigations of any illegal activities at the race tracks and frontons within the state.

The late J. Edgar Hoover once stated: "Cooperation is the backbone of law enforcement." This Division adheres closely to the principles of that statement. Mutual exchanges of information pertaining to pari-mutuel installations occur on an almost daily basis between this Division and local, state and federal law enforcement agencies.

All matters regarding positive specimen reports are assigned immediately, and logical investigation is conducted on a priority basis. As a result of investigations conducted by Division personnel, our investigators, along with responsible persons, are constantly appearing at hearings conducted by stewards and judges, for appropriate action.

A substantial amount of time is spent in background investigations in connection with referrals, reinstatements, licensing, license denials, and license pickups. Each of these matters involves the preparation of a report. In the past year reports were prepared on 164 matters heard at Division hearings.

Because of the recurrent allegations on an almost daily basis, of the infiltration of organized crime into successful enterprises, the Division is alert to such possibility in a pari-mutuel installation. It maintains close liaison with criminal intelligence sections of state and federal enforcement agencies. An investigator from this Division is a member of the Tri-County Organized Crime Group in South Florida and meets on a regular basis with that group.

Hundreds of inquiries are exchanged yearly; intra, interstate and abroad are made on an almost daily basis. In the past year, four hundred thirty-seven persons were ejected from the state's pari-mutuel associations. Numerous patron complaints were investigated.

Investigators attend roll calls at all the associations and assist in the licensing procedures. They periodically visit the associations and, over all, assist in any way possible:

Investigations opened	1005
Hearings files prepared	164
Approved farms	43
Kennel inspections	75

LICENSE SECTION

Florida Statutes require that all persons in the industry be licensed, fingerprinted, and photographed. The Licensing Section is responsible for the supervision of this activity and, through the use of data processing equipment, maintains a complete up-to-date record of each person. During the past season, 30,190 occupational licenses were issued. A total of 11,022 persons were fingerprinted, making a total of approximately 104,022 on file.

This section also concerns itself with the enforcement of Florida Statute 550.27, commonly called the "85% Law," which requires that at least this percentage of the employees at each track or fronton be bona fide Florida residents and that such a percentage of the weekly payroll be paid to them. This Law assures local residents of a fair opportunity for employment at the pari-mutuel establishments.

A record of rulings from all jurisdictions is kept: 1,147 rulings were processed in 1975-1976.

LABORATORY

The Division Laboratory, which is the oldest of its kind in the United States, has a top reputation with the racing laboratories of the world. Its function is the detection of micro-quantities of drugs in the blood and urine of racing animals which might affect their performances. These samples are taken under the supervision of licensed veterinarians employed by the Division.

During the year, 32,604 samples were received, with a total of 58,731 analyses being performed on them. The cost per sample was \$4.28; per analysis was \$2.40. Of these samples, fifteen were identified as chemically positive, and appropriate investigative and disciplinary action was taken.

In addition to its analytical purposes, the laboratory also maintains an active and continuous research program for the purpose of testing drugs.

The laboratory has acquired new sophisticated equipment for the detection of drugs which were difficult or impossible to detect with the older equipment; it continues a controlled medication program which permits the use of therapeutic drugs, under controlled conditions, to be administered to horses.

PERMIT HOLDERS

Thirty-seven valid permits have been granted to conduct pari-mutuel wagering in the varied fields of horse racing, greyhound racing and jai-alai, all under the jurisdiction of the Division of Pari-Mutuel Wagering.

Pari-Mutuel activities were conducted by thirty-four permit holders during the past fiscal year. Seventeen operated greyhound tracks, nine operated jai-alai frontons, five operated thoroughbred horse tracks, two operated harness tracks, and one conducted quarter horse racing. Detailed statistical analyses of each are included in the exhibits of this report.

An application for permit was received by the Division in June 1976 from Columbia Fronton, Inc. and is to be considered by the Board of Business Regulation in August.

SCOPE OF PARI-MUTUELS

A modest increase occurred in all pari-mutuel categories during the past fiscal year. State pari-mutuel tax revenue increased 1%, attendance increased .6% and gross pari-mutuel wagering increased 1.1%.

Florida had a record number of 3,252 pari-mutuel performances during the past fiscal year.

The sum of \$84,996,164 was collected from all sources by the Division during the fiscal year. Of this amount \$1,923,082 was expended in controlling, directing, and supervising the operation of the entire industry.

The sum of \$29,915,500.00 was distributed to the 67 counties, each receiving \$446,500.00. This is the maximum amount permitted because of a ceiling placed on such distribution by the 1971 Legislature.

An additional amount of \$15,017,256 which, under the former statute would have been distributed to the counties, was deposited in the State General Revenue Fund.

In addition, in excess of \$35,280,049 was deposited in the State General Revenue Fund to support the varied functions of our state government.

Other monies were distributed to the Racing Promotional Trust Fund, Racing Scholarship Trust Fund, State School Trust Fund and the Bicentennial Trust Fund, as enumerated elsewhere in this report.

A recapitulation of the pari-mutuel handle, attendance, and tax revenue amounts, along with the percentages of increase and/or decrease for each licensee, is found on page 15.

CHARITY DAYS

Thirty-two tracks and frontons operated a total of 152 extra performances during the fiscal year for approved charitable organizations and schools.

SCHOLARSHIP FUND

Pursuant to Chapter 550.08, Florida Statutes, the Legislature authorized the various tracks and frontons to operate additional days for the express purpose of creating and producing state scholarships for qualified applicants. These funds are the net proceeds derived from the extra days. This scholarship fund is administered by the State Board of Regents for institutions of higher learning. A total of \$740,841.75 was deposited to this fund in the past fiscal year. Exhibit "H" of this report shows the amounts raised by the industry.

Since their inception twenty-six years ago, these extra days have raised over twelve million dollars for our state-supported colleges.

ABANDONED PARI-MUTUEL TICKETS

Pursuant to Chapter 550.164, Florida Statutes, it was declared by the Legislature that all abandoned pari-mutuel tickets over one year old should escheat to the state for deposit to the Principal of the State School Fund. These funds are used for the support and maintenance of our public schools. A total of \$1,429,361.00 was received from this source by the Division throughout the fiscal year, and related audits were made. Exhibit "F" of this report shows in detail the amounts remitted by the individual associations.

Yearly receipts dating from 1957, when the Division first began collecting these funds, are itemized below:

1957 - \$ 3,992.20

LEGISLATION

The following bills were passed that relate to racing and Pari-Mutuel Wagering:

(1) Chapter 76-24; An act relating to racing; Adding subsection (13) to section 550.37, Florida Statutes, authorizing certain holders of ratified permits to conduct harness racing to apply for and receive a license to conduct dog race meetings in lieu of harness racing at such harness tracks under certain circumstances. (Permits Bayard Raceway to operate as greyhound track.)

(2) Chapter 76-48; An act relating to Pari-Mutuel Wagering; Adding subsection (3) to section 550.08, Florida Statutes, providing for the restoration of certain racing and jai-alai performances when such performances are lost as result of circumstances beyond the control of the permittee.

(3) Chapter 76-179; An act relating to thoroughbred horse racing; Amending section 550.17, Florida Statutes, placing certain conditions precedent upon the transfer of permits or licenses for the conduct of thoroughbred horse meetings. Requires referendum in both counties where transfer of permit from one county to another county is sought. The expense of each such referendum to be borne

by the licensee requesting the transfer.

(4) Chapter 76-257; An act relating to quarter horse racing; Amending section 550.33 (7), Florida Statutes, changing the requirements for substitution of quarter horse races; providing for taxes on races substituted with horses registered with jockey club. (Allows Florida Downs an additional 24 Racing Days.)

LITIGATION

During the fiscal year ending June 30, 1976, the Division of Pari-Mutuel Wagering was party to approximately 30 law suits arising out of regulation by the Division of State Pari-Mutuel Wagering businesses. These actions can be generally characterized as appeals from individual permit suspensions or revocations, and as appeals from existing or attempted rule making by the Division. The number of such cases in litigation shows an increase over previous years, reflecting the increasing numbers of licenses issued by the Division, and the trend observed in the regulatory area to submit more issues to litigation in court than has been seen in the past. However, the litigation offers no challenge to the jurisdiction of the Division, nor any risk of loss of revenues or money damages significant to the Division's operation.

Three additional cases do, however, offer the possibility of significant effect on the Division. They are: *Calder Race Course, Inc. v. Division of Pari-Mutuel Wagering*, Dade County Circuit Court, Case No. 7613208; and *Florida Board of Business Regulation v. National Labor Relations Board*, United States District Court, Middle District of Florida, Tampa Division, Case No. 76-313-Civ-T-H.

In *Calder v. Division of Pari-Mutuel Wagering*, Case No. 7613208, Dade County Circuit Court, Calder Race Course has attacked the validity of the revenue tax statute imposed upon summer thoroughbred racing in Florida (Florida Statute 550.42). The Plaintiff Calder has contended that the tax is discriminatory and, therefore, unconstitutional as unfairly burdening the summer race track licensee compared to license holders in greyhound racing and jai-alai fronton operations, and has further attacked the statute (Florida Statute 550.42) as being confiscatory by its unreasonably high rate of tax. The Division is defending the action and expects an outcome favorable to the Division. Provision has been made for a stay order and appeal in the event of an unfavorable decision, in order to safeguard approximately \$1.5 million in pari-mutuel revenues expected from the summer thoroughbred season. It is expected that if this litigation was decided adversely to the Division, an adequate opportunity would exist to apply for remedial legislation during the 1977 Florida Legislative Session.

In another law suit, *Florida Board of Business Regulation v. National Labor Relations Board*, the Division has joined the Attorney General of Florida in an attempt to reverse a decision of a National Labor Relations Board to enter the regulatory field in jai-alai fronton operations in Florida. The action is filed in the Tampa Division of the United States Federal Court, Case No. 76-313-Civ-T-H, and after an initial unsuccessful attempt for a restraining order against the National Labor Relations Board, the Division has taken no further action. Following the denial of the temporary restraining order by the Federal Court, an election was held under NLRB auspices to permit jai-alai players to decide

whether they wished to be represented in collective bargaining. A majority of players voted in the negative. This for a time relieves a challenge to the Division's authority to regulate in this area, but has not removed the NLRB from the area of regulation. The Division will continue to review the question.

Tourist Attractions, Inc. v. Pari-Mutuel Wagering Division, Circuit Court, Dade County. Pompano Park, a licensed harness track, contends it is due a \$250,000 allowance resulting from certain 1975 relief legislation. The Division contends no relief was intended for harness tracks and that Pompano Park (Tourist Attractions, Inc.) is indebted to the state for an additional \$125,000. No long term consequence of the litigation is foreseen, since the statute under which the action arose will expire automatically in June 1977.

NATIONAL COORDINATION

The State of Florida is a member of the National Association of State Racing Commissioners (NASRC), an organization made up of all of the various states having legalized pari-mutuel activities. Through the exchange of information and ideas, the National Association is of great benefit to each member of the association. Under a reciprocity agreement, each state recognizes rulings made by another state racing board.

The 1976 Convention was held March 21-27, 1976 in San Diego, where the host was the California Racing Board.

The Association of Official Racing Chemists also held their convention in San Diego in conjunction with the National Association of State Racing Commissioners.

The Division actively participates in meetings and conferences held by the NASRC regionally, and the Director is a member of the Executive Committee of the NASRC.

Florida continues to be a subscriber of the National Association of State Racing Information System (NASRIS). This permits the State of Florida to check a central computer located in Lexington, Kentucky, containing a record of all rulings issued against persons participating in racing in North America and data on their licensing status. This has been and will continue to be of invaluable assistance in excluding undesirables from racing.

CONCLUSION

On behalf of my employees and myself, please be assured that this Division shall continue to dedicate itself to the best interests of the public and the State of Florida by seeing that pari-mutuel activities are conducted with complete integrity.

Respectfully submitted,

J. PATRICK McCANN
Director
