Forty-Sixth Annual Report

to the

GOVERNOR OF FLORIDA

from

DEPARTMENT OF BUSINESS REGULATION

DIVISION OF PARI-MUTUEL WAGERING

July 1, 1976 through June 30, 1977

July 1, 1977

His Excellency Reubin O'D. Askew
Governor of Florida
Tallahassee, Florida

Dear Governor Askew:

The Division of Pari-Mutuel Wagering submits the Forty-Sixth Annual Report for the period beginning July 1, 1976 and ending June 30, 1977, in compliance with the requirements of Chapter 550.02(2), Florida Statutes.

The Board of Business Regulation, appointed by the Governor, is the governing authority for the Department of Business Regulation, of which Pari-Mutuel Wagering is one of five Divisions.

Several significant events occurred during the fiscal year. Mr. Richard A. Pallot resigned as Chairman of the Board of Business Regulation. Mr. Pallot had served as Chairman since the creation of the Department in 1971. He provided the leadership and direction which established the Department as an effective regulatory agency. Board member Walter S. McLin III, an attorney from Leesburg, Florida, was appointed Chairman by the Governor.

In November 1976, J. Jackson Walter, Esq. was named Executive Director of the Department. Mr. J. Patrick McCann resigned as Director of the Division of Pari-Mutuel Wagering on September 30, 1976 after approximately four years of effective management. Mr. Doug Morris ably served as Acting Director until the Board approved the appointment of Dan J. Bradley, Esq. as Division Director on May 13, 1977.

The Division wishes to acknowledge the invaluable guidance and assistance it received during the year from Executive Director J. Jackson Walter and his entire staff and from the Department's Legal Section, especially General Counsel William D. Moore and William Hatch, staff attorney.

The Governor's Thoroughbred Advisory Committee, chaired by Mr. Robert F. Mackle, and the Greyhound Advisory Committee, chaired by Dr. George Simmons, were always available for assistance to the Division on issues of major importance.

Finally, the entire staff of the Division deserves special acknowledgment for their efforts in providing stability and continuity during a year of change and new direction.

The records, files and documents from which the Annual Report is compiled are maintained at the Division Office in the State Office Building, 1350 N. W. 12th Avenue, Suite 510, Miami, Florida 33136. All records are open for inspection to all persons during regular business hours.

INVESTIGATION SECTION

The most important function of the investigative section is to cooperate with all law enforcement agencies and personnel in a mutual effort to insure the absolute integrity of the pari-mutuel industry. The Division has expanded the staff of the investigative section and has increased its communication with local, state and federal law enforcement agencies. These agencies, working closely with the track security forces, constantly seek to insure that only those persons meeting the requirements of law participate in the pari-mutuel activities.

A substantial amount of time is spent on background investigations of applicants for pari-mutuel licenses and in cases leading to the possible revocation or suspension of approved licenses. During the year, 180 cases of license eligibility were formally heard at Division hearings.

The Division investigators participate in all cases involving the use of illegal and prohibited drugs and medications at the horse and greyhound tracks. A top priority of the Division is the strict enforcement of the medication rules and the prevention of the sale and use of any substance intended to alter the performance of racing animals.

Representatives of the investigative unit attend all meetings of the Tri-County Organized Crime Group in south Florida. We maintain close liaison with criminal intelligence units throughout the state and nation in an effort to prevent organized crime infiltration into the pari-mutuel industry.

During the past year the Division opened 1,120 investigative files; inspected 526 farms and kennels, and approved 52 horse farms for training purposes.

LICENSE SECTION

Florida Statutes require that all persons in the industry be licensed, fingerprinted, and photographed. The Licensing Section is responsible for the supervision of this activity and, through the use of data processing equipment, maintains a complete up-to-date record of each person. During the past season, 31,666 occupational licenses were issued. A total of 9,614 persons were fingerprinted, making a total of approximately 113,636 on file.

This section also concerns itself with the enforcement of Florida Statute 550.27, commonly called the "85% Law," which requires that at least this percentage of the employees at each track or fronton be bona fide Florida residents and that such a percentage of the weekly payroll be paid to them. This Law assures local residents of a fair opportunity for employment at the pari-mutuel establishments.

A record of rulings from all jurisdictions is kept: 1,073 rulings were processed in 1976-77.

LABORATORY

The Division Laboratory, which is the oldest of its kind in the United States, has a top reputation with the racing laboratories of the world. Its function is the detection of micro-quantities of drugs in the blood and urine of racing animals which might affect their performances. These samples are taken under the supervision of licensed veterinarians employed by the Division.

During the year, 37,687 samples were received, with a total of 86,174 analyses being performed. The cost per sample was \$4.78; per analysis was \$2.09. Of these samples, sixteen were identified as chemically positive, and appropriate investigative and disciplinary action was taken.

In addition to its analytical purposes, the laboratory also maintains an active and continuous research program for the purpose of testing drugs, including a controlled medication program which permits the use of therapeutic drugs, under controlled conditions, to be administered to horses.

PERMIT HOLDERS

Thirty-seven permits to conduct pari-mutuel wagering have been granted by the State. Pari-Mutuel activities were conducted during the fiscal year by thirty-four permit holders: seventeen greyhound tracks, nine jai-alai frontons, five thoroughbred tracks, two harness tracks and one quarter horse track. Detailed statistical analyses of each are included in the exhibits of this report.

Bayard Raceways, Inc. (St. John's County) will begin operation as a greyhound track during October 1977, and Golden Crown Corporation (Gadsden County) will open a jai-alai fronton on January 27, 1978.

SCOPE OF PARI-MUTUELS

A modest increase occurred in all pari-mutuel categories during the past fiscal year. State pari-mutuel tax revenue increased 6.4%, attendance decreased to .1% and gross pari-mutuel wagering increased 6.5%.

Florida had a record number of 4,387 pari-mutuel performances during the past fiscal year.

The sum of \$87,607,130 was collected from all sources by the Division during the fiscal year. Of this amount \$1,917,385 was expended in controlling, directing, and supervising the operation of the entire industry.

The sum of \$29,915,500 was distributed to the 67 counties, each receiving \$446,500. This is the maximum amount permitted because of a ceiling placed on such distribution by the 1971 Legislature.

An additional amount of \$16,891,975, which under the former statute would have been distributed to the counties, was deposited in the State General Revenue Fund.

In addition, \$36,224,229 was deposited in the State General Revenue Fund to support the varied functions of our state government.

Other monies were distributed to the Racing Promotional Trust Fund, Racing Scholarship Trust Fund, State School Trust Fund and the Bicentennial Trust Fund, as enumerated in Schedule "G," Statement of Cash Receipts and Disbursements.

A recapitulation of the pari-mutuel handle, attendance, and tax revenue amounts, along with the percentages of increase and/or decrease for each licensee, is found on page 15.

CHARITY DAYS

Thirty tracks and frontons operated a total of 123 extra performances during the fiscal year for approved charitable organizations and schools.

SCHOLARSHIP FUND

Pursuant to Chapter 550.08, Florida Statutes, the Legislature authorized the various tracks and frontons to operate additional days for the express purpose of creating and producing state scholarships for qualified applicants. These funds are the net proceeds derived from the extra days. This scholarship fund is administered by the State Board of Regents for institutions of higher learning. A total of \$541,271 was deposited to this fund in the past fiscal year. Exhibit "H" of this report shows the amounts raised by the industry.

Since their inception twenty-seven years ago, these extra days have raised \$12,615,279 for our state-supported colleges.

ABANDONED PARI-MUTUEL TICKETS

Pursuant to Chapter 550.164, Florida Statutes, it was declared by the Legislature that all abandoned pari-mutuel tickets over one year old should escheat to the state for deposit to the Principal of the State School Fund. These funds are used for the support and maintenance of our public schools. A total of \$1,449,016.10 was received from this source by the Division throughout the fiscal year, and related audits were made. Exhibit "I" of this report shows in detail the amounts remitted by the individual associations.

Yearly receipts dating from 1957, when the Division first began collecting these funds, are itemized below:

1957 - \$ 3,992.20	1965 - \$ 320,530.50	1973 - \$ 943,267.65

LEGISLATION

The following bills were passed that relate to racing and Pari-Mutuel Wagering:

1. Chapter 77-53; An Act Relating to Division of Pari-Mutuel Wagering; Administrative Procedures Act; Exempts the Division of Pari-Mutuel Wagering from the requirement of giving 14 days notice of hearing for Judges, Stewards, and Board of Judges when a hearing is to be held for the purpose of imposition of fines or penalties with regard to specific violations associated with horse racing, greyhound racing, and jai-alai.

2. Chapter 77-166; An Act Relating to Pari-Mutuel Wagering; requires dog racing/horse racing/jai-alai permittees to withhold additional commission of 0.6% from pari-mutuel pools; provides for disposition of said funds; excepts quarter horse permittees; repeals law re additional 0.4% commission authorized. Amends Chapter 550.

3. Chapter 77-167; An Act Relating to Horse Racing; provides for per race allowance for winter thoroughbred horse racing permittees; provides for certain taxes and commissions re winter thoroughbred horse racing and provides limitations; admission tax calculated on total of entrance gate admission and payments and reports made every 30 days in lieu of 7 days; provides for purse allowance for summer thoroughbred horse racing. Amends Chapter 550.

4. Chapter 77-168; An Act Relating to Pari-Mutuel Wagering; prohibits certain persons/entities from holding horse racing/dog racing/jai-alai permits; provides for denial/suspension/revocation of such permits; requires certain persons/entities be divested of interest in permitholder as condition of holder retaining permit.

5. Chapter 77-176; General Bill by Regulated Industries & Licensing Relating to Horse Racing; amends law re certain payments in lieu of taxes now imposed upon horse racing tracks; provides fixed daily license fee for quarter horse race meets. Amends 550.39.

6. Chapter 77-177; General Bill by Related Industries & Licensing Relating to Quarter Horse Racing; provides for payment of additional one percent (1%) from total contributions to quarter horse pari-mutuel pools to be deposited in Florida Quarter Horse Racing Promotion Trust Fund; provides for Agriculture & Consumer Services Department to administer such funds. Amends 550.16.

7. Chapter 77-472; An Act Relating to Jai-Alai Frontons; authorizes two (2) additional charity days for Big Bend Jai-Alai Fronton in Gadsden County; provides proceeds from such additional days be allocated and paid to Florida A. & M. University.

LITIGATION

During the fiscal year ending June 30, 1977, the Division of Pari-Mutuel Wagering was party to approximately twenty lawsuits arising out of regulation by the Division. These actions can generally be characterized as appeals from individual license suspensions or revocations and litigation concerning the constitutionality of various sections of the pari-mutuel statutes. The number of cases in litigation shows a decrease over previous years, reflecting the Division's increasing success and reputation for perseverance in facing legal challenges. The reduction is significant in light of the general trend observed in the regulatory area to submit more issues to litigation.

In *Calder Race Course, Inc. v. Division of Pari-Mutuel Wagering*, Dade Circuit Court, Case No. 76-13208; Calder Race Course attacked the validity of the revenue tax statute imposed upon summer thoroughbred racing in Florida (Florida Statute 550.42). The Plaintiff had contended that the tax was discriminatory and, therefore, unconstitutional as unfairly burdening the summer racetrack licensee compared to license holders in greyhound racing and jai-alai fronton operations, and had further attacked the statute as being confiscatory by its unreasonably high rate of tax. The Division successfully defended this case thereby safeguarding approximately 1.5 million dollars in pari-mutuel revenues collected from the summer thoroughbred season. There was no appeal. During the 1977 Florida legislative session, remedial legislation was passed which will preclude any further controversy in this area.

In *Division of Pari-Mutuel Wagering v. World Jai Alai, Inc. and Bally Manufacturing Corporation*, Dade County Circuit Court, Case No. 77-14910, the Division successfully enjoined a proposed transfer of four jai-alai permits owned by World Jai Alai to Bally Manufacturing Corporation, a corporation not approved to conduct pari-mutuel operations in the State of Florida. Bally subsequently agreed to apply to the Division for approval and did so following the passage during the 1977 Florida legislative session of a pari-mutuel felony bill (Chapter 77-168, Laws of Florida) requiring all corporate permit holders to be of good moral character.

In *Mercury, Inc. v. Shevin*, Circuit Court of Dade County, Case No. 76-39532, the Plaintiff sued for permission to engage in a messenger betting service which is prohibited by Florida law. The Division intervened as a party Defendant and it is anticipated that the suit will be successfully concluded in the State's favor.

Tourist Attractions, Inc. v. Division of Pari-Mutuel Wagering, Circuit Court, Dade County. Pompano Park, a licensed harness track, successfully contended in circuit court that it was due an additional allowance from legislation passed in 1975. The Division contended no relief was intended for harness tracks and that Pompano Park (Tourist Attractions, Inc.) was indebted to the State for an additional amount. The Division is appealing this decision. No long-term consequence of the litigation is foreseen, since the statute under which the action arose will automatically expire in June, 1977.

The Division also successfully prevented professional gambler and convicted sports fixer Frank Rosenthal of Nevada from obtaining a pari-mutuel owner's license. Rosenthal is appealing the decision. This case is significant because of the implications of the use of "good moral character" as a criteria and valuable tool in the regulatory field, particularly in highly regulated industries such as the pari-mutuel industry.

NATIONAL COORDINATION

The State of Florida is a member in good standing of the National Association of State Racing Commissioners (NASRC), an organization representing all states which have authorized pari-mutuel activities. Membership in this organization is a valuable forum for the exchange of information and ideas. Under a reciprocity agreement between all members, each state recognizes decision and rulings made by other states.

The 1977 convention was held in Puerto Rico and the State was represented by Department and Division staff persons. The 1978 convention will be held in Florida and the Division will serve as official host. The Association of Official Racing Chemists always meets in conjunction with the National Association of State Racing Commissioners.

Florida continues to be a subscriber of the National Association of State Racing Information System (NASRIS). This system permits the Division to have instant access to a computer located in Lexington, Kentucky which contains a complete record of all decisions and rulings issued against each person participating in racing in North America. This system gives the Division the capability of precluding ineligible persons from racing in Florida.

CONCLUSION

The Division wishes to express its appreciation to all of those who provided assistance during the year. The understanding and support of members of the legislature and their staffs, the cooperation of numerous persons in the executive branch and the guidance of the Board of Business Regulation all contributed to a very successful year. The Division looks forward to a continuing collective effort from each of these individuals as we seek to insure the absolute integrity of all pari-mutuel activities within Florida.

Respectfully submitted,

Dan J. Bradley

The Florida Horse Racing Promotional Trust Fund was abolished during fiscal year 1976/77 by Florida Laws Chapter 77-167, Section 16, which amended Florida Statutes §50.42(3) to have the tracks retain the breaks from summer thoroughbred horseracing formerly remitted to the Florida Horse Racing Promotional Trust Fund and pay awards directly to the horse breeders and trainers. All monies on hand at July 1, 1976 and collected during fiscal year 1976/77 in the Florida Horse Racing Promotional Trust Fund were disbursed prior to June 30, 1977, and there were no balances in the fund at June 30, 1977.
