Gentlemen:

We are pleased to submit this fifty-ninth Annual Report of Pari-Mutuel Wagering in the State of Florida for the fiscal year ended June 30, 1990.

Florida Pari-Mutuel Wagering had revenues to the state of \$114.5 million, which is a decrease of 3.3% under prior year revenues. Total handle was \$1.77 billion, which reflected a decline of 4.3% from last year's handle of \$1.85 billion.

This report is submitted jointly by the Florida Pari-Mutuel Commission and the Department of Business Regulation, Division of Pari-Mutuel Wagering.

The Florida Pari-Mutuel Commission awards racing dates, hears appeals of Department decisions which relate to revocation or suspension of Pari-Mutuel licenses and approves all expenditures of track and fronton capital improvement funds. The commission may also recommend rule changes to the Division.

The Division monitors and regulates Florida's Pari-Mutuel industry, collects and audits pari-mutuel tax revenues, and issues licenses to all persons affiliated with Pari-Mutuel activities.

The Division and Commission are funded primarily from a daily license fee based on the number of races or games conducted at each Pari-Mutuel facility. Total revenues for operation of the Division and Commission were \$7.2 million and total expenditures were \$6.7 million.

The continued support and cooperation which has been received from you, your staffs and the pari-mutuel industry is deeply appreciated.

Respectfully submitted,

JOSEPH A. SOLE, SECRETARY

INTRODUCTORY SECTION

OVERVIEW:

This annual report on pari-mutuel wagering in Florida covers the fiscal year which began on July 1, 1989 and ended on June 30, 1990. This is the 59th annual report in the series. The 1st annual report was issued for fiscal year 1931-1932, the first year of legalized pari-mutuel wagering in Florida.

That year there were 462 operating days. Total handle was \$17.4 million, and State revenue was \$0.7 million. This year, total handle was over \$1.7 billion, and State revenue was over \$114.5 million from 4,992 operating days.

In Florida, pari-mutuel wagering is authorized for thoroughbred horse racing, harness horse racing, quarter horse, Appaloosa and Arabian horse racing, dog racing and jai-alai. Florida is one of the primary pari-mutuel states. It is the nation's leading state in both dog racing and jai-alai as well as a major horse racing state.

This annual report which is required by Florida law is intended to inform the Governor, the Legislature, the industry and other interested parties on pari-mutuel wagering activities. The report is organized in four sections:

1. **Introductory Section** - This section provides information regarding the organization of the Division of Pari-Mutuel Wagering and the Florida Pari-Mutuel Commission.
2. **Statistical Section** - This section provides a summary of racing activities, multiple year comparative trend data, and the data concerning physical, economic, social and political characteristics of the pari-mutuel industry. The statistical section is intended to provide the reader with a broad perspective on the State's pari-mutuel activities.
3. **Financial Section** - This section provides the official financial statements of the Division of Pari-Mutuel Wagering, notes to financial statements and additional information.
4. **Tax Structure** - This section provides charts which illustrate a breakdown of the takeout.

EVENTS SHAPING THE 1989/90 RACING SEASON IN FLORIDA

The 1989 Breeders' Cup was held for the first time in Florida at Gulfstream Park on the weekend of November 3, 4 and 5. The meet resulted in record attendance and handle for racing in North America. For more information on the meet see page 18.

The 1989 Breeders' Crown was held at Pompano Park on October 20, 21 and 27. 33,634 fans attended the meet and wagered \$2,024,862. All 12 Hambletonian Races were awarded to Pompano Park for the 1990 Breeders' Crown which will be held October 27, November 2 and 30, 1990. For more information on the Breeders' Crown see page 19.

As a result of legislation passed during the 1988/1989 session, greyhound and jai-alai permitholders were allowed to withhold an additional two percent of all exotic wagers during this fiscal year. These withholdings generated \$5,276,822 in greyhound purses, \$5,276,942 in greyhound permit revenue, and \$2,264,504 in state revenue. The same withholdings generated \$3,903,210 permitholder revenue and \$800,781 state revenue in the jai-alai industry. The provisions for the two percent withholdings were enacted into permanent law by the Legislature in 1990.

On December 19, 1989, Hialeah Park closed as a result of declining attendance and handle. Because a deviation from assigned racing dates is a violation of Florida Statutes, the Division suspended Hialeah's racing license for the remainder of the 1989-90 season.

Gulfstream Park was purchased by Catoctin International Racing on March 21, 1990. Catoctin now holds the Calder Race Course, Tropical Park and Gulfstream Park permits.

On July 12, 1989, the jai-alai permit of Sports Palace in Melbourne was converted to a greyhound permit. It is anticipated that the Melbourne greyhound track will be running live races in 1991.

Golden Crown Corporation, Inc. closed its doors on April 11, 1990. On June 1, 1990, it was given permission to convert to a greyhound track. A date for its reopening as a greyhound track was not available at the time of this report.

The jai-alai players' strike, which began in April, 1988, continued throughout the fiscal year. However, during the first three months of fiscal year 1990/1991 agreements were reached between players and management at most Florida frontons, resulting in players returning to work. As of the date of this report, the strike continued at Palm Beach Jai-Alai.

Workshops and hearings were held throughout the fiscal year for the purpose of revising the pari-mutuel wagering and fiscal rules. The majority of rules governing wagering were promulgated and became effective January 9, 1990. Work is continuing on the Tri-Super Combination, Pick(N) and fiscal reporting rules; all of these will be promulgated in fiscal year 1990/91. This is the first revision of these rules since 1973.

On March 1, 1990 a comprehensive study of Florida's pari-mutuel industry prepared by Florida State University was released. The study noted declining public support for the jai-alai and greyhound industries since the mid-eighties and could not accurately assess the economic impact of the Florida lottery. The study also concluded that increased take-out reduces attendance and total handle.

1989/90 LEGISLATION

This year's legislative session produced some of the most significant pari-mutuel legislation in recent years.

Comprehensive legislation was passed which approved intertrack wagering for all pari-mutuel industries in the state. Although horse tracks may only receive broadcasts from other horse tracks, dog tracks and jai-alai frontons may receive any type of broadcast. All intertrack pools have to be combined with the host track's pools. For information on the applicable tax structures, see pages 88 - 100.

Provisions for common pool wagering with out-of-state tracks also were passed. Each class of permitholder may receive races or broadcast races from an out-of-state permitholder holding the same class of permit. If a Florida permitholder receives an out of state signal, the signal may be rebroadcast to any number of permitholders in Florida. Florida taxes apply to any handle generated in Florida. Out-of-state handle is presumed to be taxed at the source and is tax exempt in Florida.

The off-track and intertrack wagering study commission was created. The commission consists of 17 members and is funded by \$5,000 contributions from each horse racing permitholder. The purpose of the commission is to evaluate the impact and effect of the implementation of off-track and intertrack wagering on state revenues, existing permitholders, and purse levels in Florida.

Sunday performances were approved for jai-alai and greyhound permitholders. In addition, these tracks and frontons may now run matinees without evening performances. Such matinees, however, will count as an evening performance.

Legislation was passed which provided tax relief to jai-alai and greyhound permitholders. The bill allows permitholders to reduce their effective tax rate to a minimum of 5.1% and 5.6% for the jai-alai and greyhound permitholders, respectively, by allowing permitholders to earn a tax credit based on the amount of tax paid in fiscal year 1989/90.

Legislation which establishes the Greyhound Race of Champions' meet was passed. The meet is to be held by a permitholder selected by the American Greyhound Track Operators Association, Inc. The permitholder conducting the meet shall receive a tax credit of \$300,000 to supplement purses and to cover extraordinary expenses generated for the meet.

A breeder sales' meet was created to benefit the Florida Thoroughbred Breeders Association. The meet is to consist of races broadcast to a permanent location for a maximum of 21 days. Net revenues from the meet shall be used by the F.T.B.A for additional breeders awards.

An insurance fund for the backside employees of Florida harness racing was created. The funding for the insurance is generated by an additional withholding of one-half of one percent of harness racing handle.

The Legislature authorized that any sums withheld by a permitholder for capital improvements or to reduce capital improvements debt may also be used by the permitholder for advertising and promotion.

The method of funding the Division of Pari-Mutuel Wagering was restructured by revising the funds in which revenues are deposited.

THE COMMISSION

The Pari-Mutuel Commission holds the legislative authority for awarding racing dates, hearing appeals of Department decisions which relate to revocation or suspension of pari-mutuel operating and occupational licenses, and approving expenditures of the permittees' special capital improvement funds. It also may recommend rule changes to the Division. During this year, Mr. Joseph Priede-Rodriguez served as chairman of the Commission. The current members of the Commission are Mr. L. Erich Braun, Mr. Berton Brown, Mr. James A. McGrath and Mr. Armer E. White. The Commission met five times this year in order to consider the above-referenced matters.

THE DIVISION OF PARI-MUTUEL WAGERING

The Division of Pari-Mutuel Wagering is a division of the Department of Business Regulation within the Executive Branch of Florida's government. It is charged with the regulation of Florida's pari-mutuel industries under Chapters 550 and .551 of the Florida Statutes; as well as collecting and safeguarding revenues due to the state. In its 59 years of operation, the Division has grown from the old racing commission staff to a large professional organization regulating a highly complex and sophisticated industry.

The structure of the Division best demonstrates how it regulates pari-mutuel wagering. The legislature funds the Division from the Pari-Mutuel Wagering Trust Fund, which is comprised of the daily license fees (a per-race fee; see "Tax Structure"), and one-half of collected admission tax, tax on handle, and breaks tax. The statement of revenues and expenditures for the fund is located on page 80.

The Divisions' operating budget is divided among four bureaus: Operations, Investigations, Laboratory Services, and Auditing, under the management of the Office of the Director. Each Bureau focuses upon a different aspect of the industry in our efforts to protect state revenues and maintain the public's confidence in the integrity of the sport.

BUREAU OF OPERATIONS

The Bureau of Operations is responsible for overseeing the network of state offices located in every pari-mutuel plant, as well as the issuance of more than 32,000 occupational licenses every year. The state offices are divided into three regions, each under the supervision of a regional manager. As many as 250 temporary and seasonal personnel may be on staff during the peak season. These employees, under the direct supervision of the Bureau of Operations, see to it that the day-to-day operation of races or games are conducted in accordance with Florida's rules. Judges or stewards monitor racing/game activities and conduct hearings under Florida's Administrative Procedures Act for violation of the rules. They rendered more than 950 rulings last year. More serious violations are referred to the Division Director for determination. Operations staff also collect urine and blood samples from horses and dogs for examination by the Bureau of Laboratory Services. Many of the seasonal personnel are highly skilled and have been employed by the division for more than 20 years.

The state office staff processed a majority of the 32,792 occupational license applications and fees received last year. The computerization of the occupational licensing program allows for instant retrieval of eligibility information and current license status.

BUREAU OF INVESTIGATIONS

The Bureau of Investigations examines possible rule or criminal violations which may occur in the pari-mutuel industry. The Bureau is comprised of a central office in Miami, and regional offices in Jacksonville and Tampa. Case investigations range in complexity from the investigation of falsified license applications to race fixing and drug violations within the industry. Among the more significant investigations conducted by the Bureau are those concerning the issuance of new and/or transfers of existing permits. These investigations require an in-depth examination of the applicant's personal and financial background in order to ensure compliance with Chapter 550.181, Florida Statutes. Ultimately, cases investigated by the Bureau may result in referrals to law enforcement agencies for criminal prosecution, other regulatory agencies, or the issuance of administrative charges and hearings before the Division Director or a designated hearing officer. Assessed penalties can range from the levying of fines and suspensions to the revocation of occupational licenses and exclusion from participation in the industry. All Division rulings are honored within the United States, Canada, Mexico and Puerto Rico, pursuant to the reciprocity agreement of the Racing Commissioners International.

BUREAU OF LABORATORY SERVICES

The primary function of the Bureau of Laboratory Services is to detect and identify any drug, medication, stimulant, depressant, hypnotic, local anesthetic or drug masking agent in the blood, urine, or other bodily fluid of racing horses and greyhounds. To ensure that testing methods remain current with increasingly sophisticated drugs being introduced, the laboratory participates in collaborative research with the University of Florida, College of Veterinary Medicine. Funds for this research are generated from revenue collected from the tracks and are designated for improved programs to benefit the Division and industry.

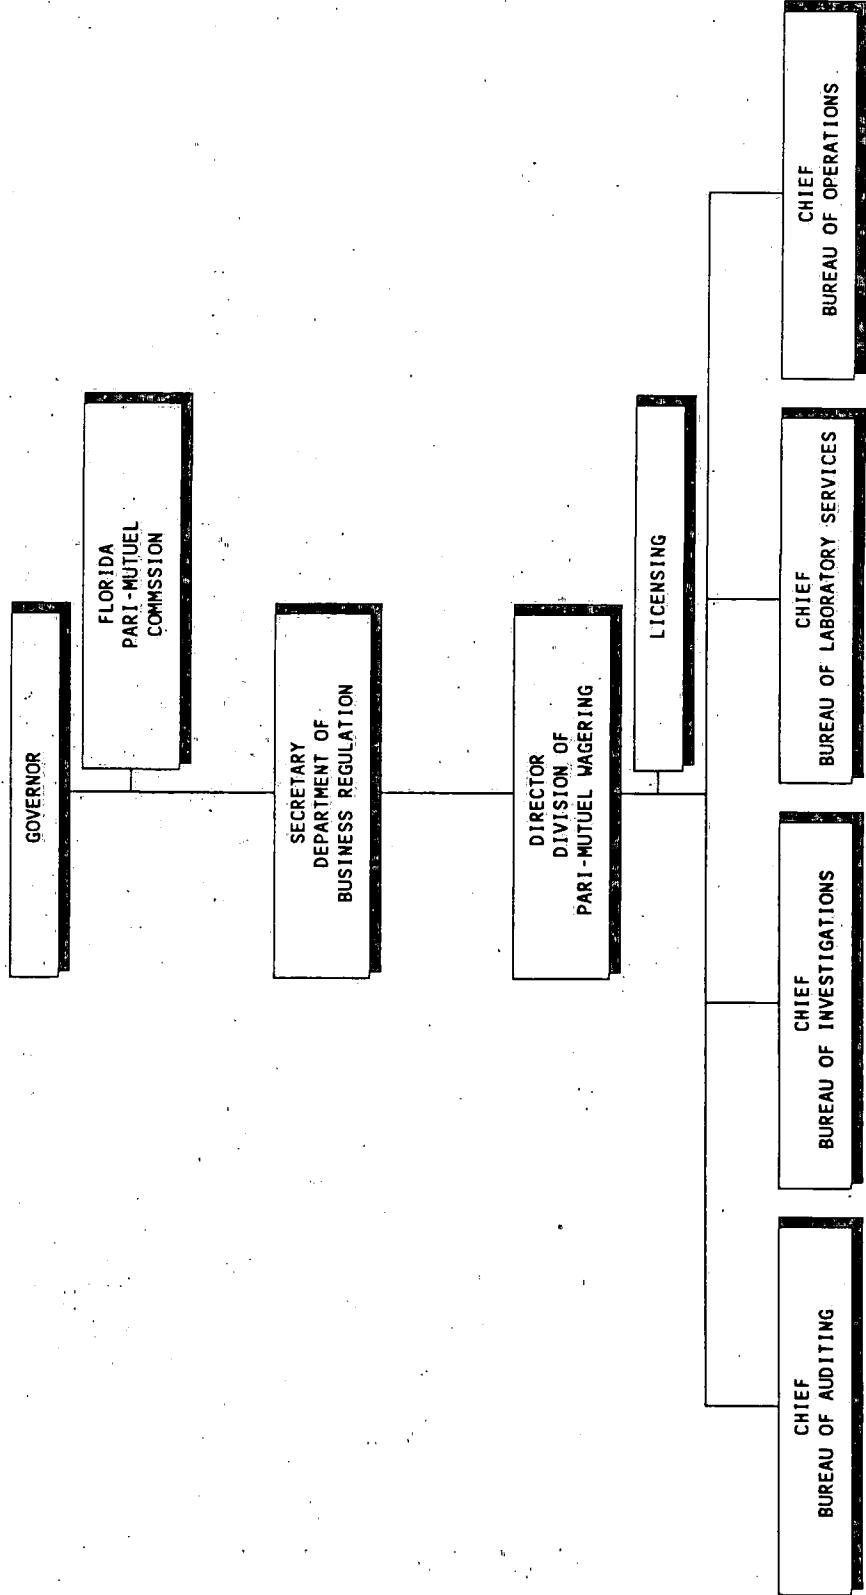

To monitor proficiency and accuracy, the laboratory participates in the Quality Assurance Program sponsored by the Racing Commissioners International through Ohio State University. During the 1989-90 fiscal year, the Bureau of Laboratory Services received 58,597 samples which resulted in 96,130 analyses. The vigilant monitoring of samples by the laboratory serves to deter the illegal drugging of racing animals in Florida.

BUREAU OF AUDITING

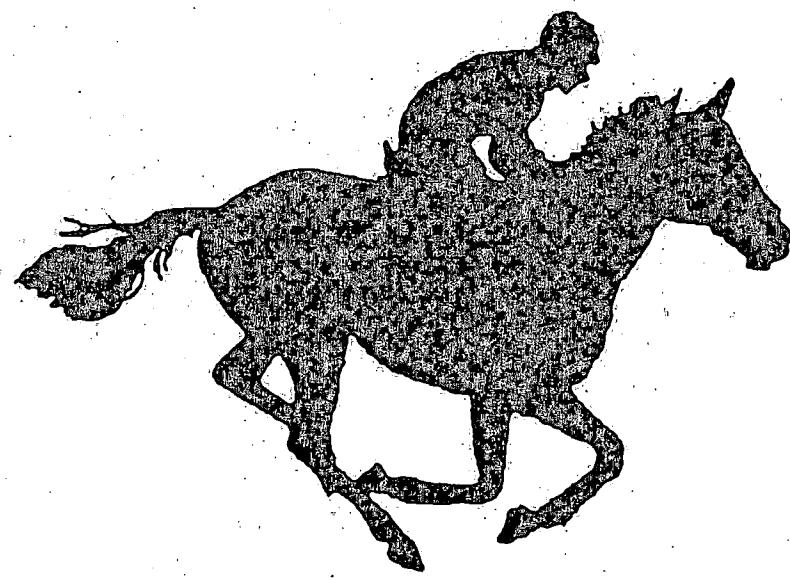

The Bureau of Auditing is the tax collection and financial reporting arm of the Division. As such, its functions are divided into three major activities: field operations, compliance audit, and accounting. Each activity serves to account for and safeguard state revenues.

A field auditor is assigned to each track or fronton to assure that every pari-mutuel calculation is accurate, the pool is fairly paid out to the public and that Florida statutes and rules are enforced in the calculation of admissions, track or fronton revenue, and taxes due to the state. The compliance audit staff audits various aspects of pari-mutuel activity, which may include totalisator tests, reviews of permitholder compliance with statutes and rules, purse audits, and other pertinent financial investigations.

The accounting staff ensures that state taxes are collected on a timely and accurate basis and are responsible for reviewing permitholder financial statements and other financial reports. The staff compiles the information for this report, and makes recommendations to the Commission on various accounting matters. Collections from all sources during the year totaled \$114,559,213 as noted on the summary of State Revenues from Pari-Mutuel Activities on page 17.

HORSE RACING

Thoroughbred Racing

The long tradition of quality thoroughbred racing in Florida continued with 389 regular performances at four racetracks.

The premier horse racing event for the year was the Breeders Cup meet, which was held in Florida for the first time at Gulfstream Park. The highly successful meet resulted in an all-time Florida attendance high of 51,342, as well as a record breaking handle of \$12,373,213 on-track and \$45,129,419 simulcast for the 10 race Breeders Cup Day. The total handle of \$57,502,632 is the largest handle in the history of racing in North America and is also a Breeders' Cup record.

Florida's major stakes races continued to draw large crowds and were enhanced this year with additional stakes brought to the Sunshine State through the Breeder's Cup event. Some of the annual highlights are the Gulfstream's Florida Derby and Tampa Bay Down's Tampa Bay Derby; both events prelude the racing of the Triple Crown. Calder Race Course is the home of the Florida Stallion Stakes series which has gained national attention for the running of two year old Florida bred thoroughbreds. Of the 125 stakes races held in Florida, 80 were conducted at Calder Race Course, Inc., 45 at Gulfstream Park including those held in connection with the Breeder's Cup, 11 at Hialeah, Inc., 21 at Tampa Bay Downs, Inc., and 24 at Tropical Park, Inc.

Thoroughbred racing experienced a slight increase in attendance with 2,290,363 racing fans, who wagered \$444,608,090 during fiscal year 1989-1990. No new thoroughbred applications were received by the Division during fiscal year 1989-1990. Thoroughbred racing contributed 9% of Florida's total collections from pari-mutuel wagering performances.

Under Florida law, thoroughbred permitholders are obligated to pay a minimum of 7.5% of their total handle to thoroughbred owners in the form of purses. In addition, each thoroughbred permitholder may withhold an additional 1% of the handle on exotic wagering to pay awards to owners of Florida thoroughbred horses which win races. Any permitholder who elects to withhold the additional 1% for owner awards is entitled to withhold up to an additional 2% of the handle on exotic wagering for purses. Tracks which receive broadcasts of horse races from outside Florida, or transmit broadcasts of horse races to other tracks outside Florida must also pay up to 50% of the proceeds, less direct expenses, to horse owners in the form of purses. Additionally, the new intertrack wagering legislation effective July 7, 1990, provides 7% of the intertrack handle to be contributed to the purse by the host track. For guest tracks which are thoroughbred tracks that accept intertrack wagers during their current race meet, 2.5% of the intertrack handle will be contributed towards the payment of purses. The thoroughbred racing permitholders reported the following payments for fiscal year 1989-90:

Harness Racing

Pompano Park's winter harness racing meet in Broward County conducted 153 regular performances, and continued to attract many of the nation's better standardbreds despite increasing competition from year-round racing in the North. Major stakes races included the Breeder's Crown, which this year offered a total purse of over \$4,209,704. This was the sixth year in a row that Pompano has hosted the Breeder's Crown, which is televised nationally.

Harness racing in Florida experienced a decrease in handle and attendance during the year, with \$66,660,012 wagered by 565,216 patrons. No new permit applications were received by the Division during fiscal year 1989-90. Harness racing contributed 1% of the State's overall collections from pari-mutuel wagering performances.

Under Florida law, harness racing permitholders are obligated to pay a minimum of 7.5% of their total handle to standardbred owners in the form of purses. In addition, each harness racing permitholder may withhold up to an additional 3% of handle on exotic wagers to pay purses. With the passage of legislation effective July 7, 1990, harness permitholders are required to contribute 8% of the total handle to the purse account, which is to be divided 7.5% for the payment of purses and .5% for harness occupational licensees insurance benefits. Additionally, intertrack legislation provides for 7% of the intertrack handle to be contributed to purses by harness tracks which are accepting intertrack wagers during their current race meet. Florida's sole harness racing permitholder, Pompano Park Associates, Ltd. reported the following purse payments for fiscal year 1989-90:

	Purses	Stakes	Starting Entry and Nomination	Contributions	Total

Quarter Horse Racing

No quarter horse races were held during fiscal year 1989-1990.

Promotional Programs For Florida Bred Horses

Florida Breeder's promotions and award programs are administered by private breeders and owners' associations organized to promote ownership and breeding of race horses in the state of Florida. Each association conducts its own campaign to enhance the horse breeding industry in the state, and provides breeders and owners awards of up to 20% of announced gross purses. The thoroughbred, standardbred, and quarter horse breeders associations are funded by the breaks and the uncashed tickets from live races only for each racing season. The collections for the associations are noted on page 13 in the Schedule of Collections for Promotional Trust Funds and Breeders' Associations.

The Florida Thoroughbred Breeders' Association administers promotional activities for the state's thoroughbred breeding industry, which consists of over 600 breeding farms and over 38,000 thoroughbreds. Florida is the third leading thoroughbred state by population in the United States, behind Kentucky and California. Last year, over \$5,000,000 was paid in breeders incentives by the association.

The Florida Standardbred Breeders and Owners Association promotional activities included providing \$136,117 in breeders, owners and stallion awards for eligible horses during Pompano Park's 1989-90 meet, and \$127,261 for the Florida Breeders Stakes Races. An additional \$73,650 was added to purses in overnight races for Florida-breds, and purses in the amount of \$207,510 were provided for non-wagering harness races conducted at six locations throughout Florida. Those races provided an opportunity for standardbreds to prepare for the winter meet and allowed Florida citizens outside the Pompano area to experience harness racing.

The Florida Quarter Horse Breeders' and Owners' Association conducts promotional activities for the state's quarter horse industry. Although no wagering quarter horse races were held in Florida during this fiscal year, the association provided \$10,000 for one non-wagering performance (Florida Bred Futurity) held in the state. Additionally, Florida-breds continue to excel nationally in sanctioned Quarter Horse racing held in other states. Florida Breds were winners of many prestigious Futurity and Derby races. The High Point two year old stallion nationally in 1989 was a home bred "POWER TRAIN", bred and raced by the John R. Shaw Family, of Jacksonville.

JAI-ALAI

Florida was the first state in the nation to offer pari-mutuel wagering on jai-alai. Today, Florida has the largest jai-alai frontons in the world with twelve permitholders operating 2,536 regular performances in ten frontons.

There has been a decrease in the handle and an increase in attendance from the prior year with \$325,072,906 wagered on regular jai-alai games by 3,866,870 patrons in fiscal year 1989-1990. No new permits were issued in Florida during fiscal year 1989-90, however, Golden Crown Corporation and Sports Palace, Inc. received permission to convert to greyhound racing. Additionally, the jai-alai players' strike which began in April, 1988 continued throughout the year, with most Florida frontons and players resolving the dispute during the first three months of fiscal year 1990-91. Jai-alai contributed 20% of the state's collections from pari-mutuel wagering performances.

GREYHOUND RACING

Florida's greyhound racing industry is the largest in the nation; handle and attendance are more than triple that of any other greyhound racing state. Of the fifty-seven greyhound tracks in the nineteen states where greyhound racing is legal, eighteen are in Florida. As such, Florida attracts some of the finest racing animals in the world. It would be impossible to name all of the major stakes races conducted at Florida greyhound tracks. However, among the highlights of the racing year are the Biscayne \$63,000 Florida World Challenge Stakes, the \$90,000 Hollywood World Classic, the \$60,000 Tampa Greyhound Track Distance Championship, the St. Petersburg Kennel Club \$100,000 Distance Classic and the Flagler \$150,000 International Classic. In addition, Florida's greyhound racing industry can boast some of the largest and most beautiful racetracks in the world.

Showing a decrease over the prior year, \$933,781,921 was wagered by 8,679,067 patrons at 3,853 regular performances during fiscal 1989-1990. Greyhound racing contributed 70% of the state's total collections from pari-mutuel wagering performances.

Under Florida Law, greyhound permitholders are obligated to pay a certain portion of their total handle to greyhound owners in the form of purses. Racing associations pay either 3% of the handle or the amount provided by current contract between the association and a kennel, whichever is greater, and shall not pay less than the percentage of handle paid in purses, by contract, for the 1978-1979 race meet. In addition, greyhound tracks may contribute .825% on exotics towards additional purses. The new legislation effective July 7, 1990, provides 1% of the intertrack handle to be contributed to the purses by guest greyhound tracks conducting intertrack wagering during their current race meet. Last year, Florida greyhound tracks reported paying \$34,479,478 in purses. Purse payments as reported by each permitholder are located on individual pages in the Revenue and Other Data by Association section of this report.

CAPITAL IMPROVEMENTS

In 1979, Florida's legislature provided that part of the handle at Florida's tracks and frontons could be withheld for the purpose of capital improvements which would benefit the patrons of Florida's wagering facilities, and defray some State and Federal taxes. The effect of the program has been to modernize and improve Florida's pari-mutuel facilities. Each year clubhouses and grandstands are refurbished, public areas are renovated, and appearances generally improved. Thirty-five of Florida's thirty-seven active permitholders requested use of these funds during fiscal year 1989-1990, demonstrating a continuing commitment to providing the finest racing and jai-alai facilities in the country.

Withholdings since the implementation of the capital improvement program have been:

CHARITY AND SCHOLARSHIP PERFORMANCES

With several exceptions, each track or fronton may operate up to five additional performances during a meet for the benefit of approved charities, major institutions of higher learning, community colleges, or the Racing Scholarship Trust Fund. Recipient charities are selected by the permitholder and approved by the Division based upon whether or not they meet the basic requirements for charitable organizations established by Florida law. The amount contributed to charitable organizations is determined by calculating the profits of the permitholder for that performance plus the taxes that would have been due to the state had it been a regular performance. A minimum of \$1,303,790 was paid to charitable organizations in fiscal year 1989-90.

The Racing Scholarship Trust Fund is administered by the Florida Board of Regents, and is used to provide scholarships to deserving students who are attending Florida's universities.

As shown below, over \$16 million has been contributed to this fund since the program began forty-one years ago.

ABANDONED WINNING TICKETS

Abandoned tickets are winning tickets which have not been cashed. A winning pari-mutuel ticket is valid for one year. At the end of that time, the value of greyhound and jai-alai tickets escheat to the state. These funds are deposited to the State School Fund, and are used for the support and maintenance of Florida's public schools. \$3,618,210 was collected in abandoned winning tickets this fiscal year for the State School Fund. The following chart shows yearly receipts since 1957, when the Division began collecting these funds.

1957	\$ 3,992	1968	\$ 448,161	1979	\$ 2,011,456
1958	204,449	1969	513,254	1980	1,881,069
1959	240,545	1970	590,891	1981	1,884,234

1962	273,273	1973	943,268	1984	2,644,804
1963	265,046	1974	1,136,606	1985	3,082,639
1964	292,194	1975	1,288,318	1986	3,178,266
1965	320,530	1976	1,429,361	1987	3,322,123
1966	425,130	1977	1,449,016	1988	3,160,635
1967	381,857	1978	1,582,011	1989	3,727,551
				1990	<u>3,618,210*</u>
				TOTAL	<u>\$ 47,019,697</u>

In thoroughbred, harness, and quarter horse racing, outstanding tickets are paid to the respective breeders' associations. All of these funds are used to promote the Florida horse breeding industry and are outlined in the Collections for Promotional Trust Funds and Breeders' Associations on page 13.

June 30, 1990**

1. Summary of significant accounting policies

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation including all disclosures, rests with the Division, except for the financial statements and additional information which are the responsibility of the Finance and Accounting Section of the Department of Business Regulation. The accounting policies of the Division conform to generally accepted accounting principles as applicable to governments. The more significant of the Division's accounting policies follow:

Reporting entity - The Department of Business Regulation is a component unit within the State of Florida reporting entity which consists of the State's legislative agencies; the Governor and Cabinet; the State Departments, commissions, and boards of the executive branch; and the various offices relating to the judicial branch of state government.

The Division of Pari-Mutuel Wagering is a regulatory division of the Department of Business Regulation. It is charged with the supervision of the making of pari-mutuel pools and wagers and their distribution as described under Florida Statutes, sections 550 and 551.

Fund accounting - The Division uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. The following fund types and account groups are used to record transactions relating to the Division's activities:

Governmental fund types

- Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Fiduciary fund types

- Agency funds are used to account for assets held by the Division for others. These are custodial in nature (assets equal liabilities) and do not involve measurement of operations.

Account groups

- The general fixed asset account group is used to maintain accounting control for general fixed assets.
- The general long-term debt account group is used to maintain accounting control for long-term obligations of governmental fund types not paid with current resources.

Basis of accounting - Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The Division's accounting records for all governmental fund types and agency funds are maintained on the modified accrual basis. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Significant revenues considered susceptible to accrual include pari-mutuel fees. Expenditures are recorded when the related fund liability is incurred.

Budgets - The Department follows statutory procedures in the adoption, amendment, and reporting of budgets and budgetary data:

1. Budgets are to be prepared and submitted to the Legislature and the Executive Office of the Governor on a biennial basis in the form and manner prescribed by Chapter 216, Florida Statutes. Prior to June 30, the budget is legally enacted through passage of a law.
2. Budgetary information is integrated into the Department's accounting system. Monthly budget reports are furnished to Division Directors to assure compliance with budgets as authorized by the State Legislature. Allotments of the budget are authorized by the Executive Office of the Governor as a further budgetary control.
3. Limited transfers of expenditure authority may be made by the agency head. Transfers in excess of the limitations established by Section 216.292(2), Florida Statutes, must be approved by the Administration Commission.
4. Pursuant to Chapter 216, Florida Statutes, annual appropriations to the Department are to be used to fund (a) authorized expenditures incurred during the current fiscal year, (b) encumbrances outstanding at year-end approved for liquidation in the subsequent year, and (c) legal, due and unpaid obligations relating to prior year appropriations which have lapsed.

Encumbrances - Encumbrances accounting, under which purchase orders and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the Special Revenue Funds. Encumbrances outstanding at year end are reported as reservations of fund balances since they do not constitute expenditures or liabilities. Encumbrances outstanding as of June 30 do not lapse and are considered payable by December 31 from the June 30 budget.

Investments - Investments are stated at historical cost.

Short-term interfund receivables/payables - During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" on the balance sheet.

Accounts Receivable - All accounts receivable are considered to be fully collectible and, therefore, there is no provision for any doubtful accounts.

Fixed assets - Fixed assets purchased in the governmental fund types are recorded as expenditures (capital outlay) at the time of purchase. Such assets are recorded at cost in the General Fixed Assets Account Group. Depreciation is not recorded in the General Fixed Assets Account Group.

Liability for compensated absences - Employees earn the right to be compensated during absences for vacation and illness. Within the limits established by the law or rule, unused leave benefits will be paid to employees upon separation from state service. A long-term liability for unused vacation and sick leave benefits has been recorded in the General Long-Term Debt Account Group.

Fund equity - Reserves for encumbrances segregate a portion of fund equity committed for a specific future use. In accordance with Florida Statute 550.13, the Pari-Mutuel Wagering Trust Fund does not maintain a fund equity in excess of \$1,000,000. Funds in excess of this amount are transferred to the General Revenue Fund of the State of Florida.

Memorandum Only - Total Columns - Total columns on the general purpose financial statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither are such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

Comparative data - Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the Division's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

2. Cash and Investments

Cash is maintained in the State Treasury. The Public Depository used, the compensating balances and the security requirements are all the responsibility of the State Treasurer. Idle funds of Special Revenue Funds were deposited with the State Treasurer for investment in accordance with Section 215.535, Florida Statutes. Deposits are not recorded as expenditures of the funds. Earnings from investments in excess of service charges made are recorded as revenues of the funds. Investments of money placed with the State Treasurer's Office are made on a pooled basis and the State Treasurer's Office has not identified or reported the market value of these investments as of the date of this report. Management considers all cash and investments to be fully insured.

3. Fixed Assets

Changes in general fixed assets during the year are summarized below:

	Balance July 1, 1989	Additions	Retirements	Balance June 30, 1990
Automobiles	\$ 62,924		\$ 19,951	\$ 42,973

Total general fixed assets	\$ 1,516,276	\$ 350,739	\$ 149,832	\$ 1,717,183

4. General Long-Term Debt

Changes in general long-term debt during the year are summarized below:

	Balance July 1, 1989	Additions	Retirements	Balance June 30, 1990
Installment purchase obligations Collateralized by equipment	\$ 377,759		\$ 81,721	\$ 296,038
Compensated Absences	188,782	\$ 57,270		246,052
Total general long-term debt	\$ 566,541	\$ 57,270	\$ 81,721	\$ 542,090

The installment purchase obligations consist of two obligations as follows:

Original Balance	Payment Terms	Balance at June 30, 1990
\$ 358,058	\$22,104 Quarterly Which Includes 6.6%	\$ 272,317
\$ 45,494	\$ 4,204 Quarterly Which Includes 6.51%	\$ 23,721

The interest paid on the installment obligations totalled \$22,383, all of which has been charged as an expenditure. The principal requirements for the five succeeding fiscal years ended, June 30 are as follows: 1991 - \$87,725; 1992 - \$85,163; 1993 - \$82,159; 1994 - \$40,991.

The \$45,494 installment obligation was incurred to acquire four copiers, only one of which is recorded as an asset in the Division of Pari-Mutuel Wagering's general fixed assets. The other copiers are recorded as assets in other divisions of the Department of Business Regulation. Since the Division of Pari-Mutuel Wagering is primarily responsible for the repayment of the obligation, the total debt is carried in this Division's general long-term debt.

	<u>\$ 55,916,218</u>	<u>\$ 48,353,726</u>	<u>\$ 104,269,944</u>

There are some insignificant differences between the amounts shown above as reported by the Division of Pari-Mutuel Wagering and the amounts shown in accompanying information as reported by the Department of Business Regulation. These differences have not been reconciled between the Division and the Department.

6. Fines

In accordance with Florida Statute 550.241, it is a violation for a person to administer or cause to be administered any drug, medication, stimulant, depressant or other type of drug-masking agent to an animal which will result in a positive test for such substance taken immediately prior to or subsequent to the racing of that animal. Rules have been promulgated which identify specific instances where the statute should be implemented. They have been adopted by the Division and enforced by the Bureau of Investigations. The schedule below is representative of total drug fines collected and deposited into the Racing Research Fund for the fiscal year ended June 30, 1990.

9. Retirement Plans

Pursuant to law, all officers and salaried employees with minor exceptions are members of defined retirement plans administered by the Department of Administration, Division of Retirement. The retirement plans of the State of Florida consist of both contributory and noncontributory benefit plans. The plans provide for retirement, death, and disability benefits and require contributions by employees and/or participating agencies at stated percentages of compensation set by law as determined by the State Legislature. The other disclosures required by Statement No. 5 of the Governmental Accounting Standards Board regarding the disclosure of pension information, are not considered to be material in relation to the accompanying financial statements.

TAX STRUCTURE

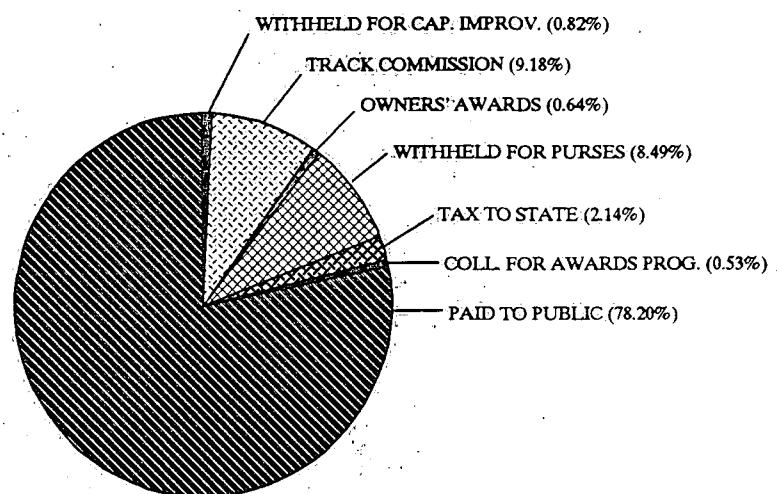

TAX STRUCTURE

Florida's Tax Structure is based upon total dollars wagered (handle), and is different for each industry based upon the needs which are particular to that sport. The amount withheld, or take-out, is divided into two basic groups: state tax, and track/fronton share, which includes restricted revenues such as capital improvement, purses and owners' awards. The remainder of the pools are returned to the public as winnings. Different take-out rates apply to regular wagers, doubles and triples, and exotic wagers. Optional take-outs are marked accordingly. Breaks are paid to the promotional trust fund in Arabian and Appaloosa racing, the breeders' associations in standardbred, thoroughbred and quarter horse racing, and to the state in greyhound racing and jai-alai. Abandoned winning tickets are also paid to the breeders' associations in horse racing. In greyhound and jai-alai they escheat to the state for the State School Fund. An admission tax of the greater of 15% or 10 cents per person is paid to the state. Finally, a daily license fee of \$50, \$80 or \$100 per race/game is paid by all permitholders.

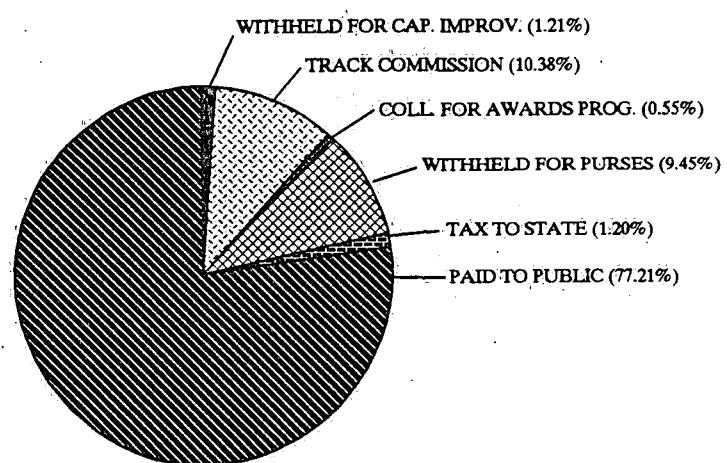

Legislation effective July 7, 1990 changed the take-out structure for each industry. An explanation of the new take-out structure and accompanying charts is shown on pages 92 - 100.

In addition to the above, each permitholder is required to pay a daily license fee of \$80 per race unless the average handle per performance for the preceding racing season was under \$100,000 in which case the daily license fee is \$50 per race.

Each permitholder is also required to pay a tax equal to the breaks.

An admission tax of 15% of the entrance gate admission charge or 10 cents, whichever is greater, is imposed on each person attending a dog race. The permitholder is responsible for the collection of the admission tax.

The uncashed tickets escheat to the state after one year.

Should a permitholder elect to withhold funds for additional purses without withholding funds for additional capital improvements, the first percent withheld for additional purses is subject to a 50% surtax. The second percent withheld is subject to a 17.5% surtax.

A permitholder may also elect to allocate the additional capital improvement fund withholdings as additional purses.

In addition to the above, each permitholder is required to pay a daily license fee of \$100 per race unless the average handle per performance for the preceding racing season was under \$100,000 in which case the daily license fee is \$50 per race.

Each permitholder is also required to pay a sum equal to the breaks to the Florida Thoroughbred Breeders' Association to be used to pay Breeder and Stallion Awards.

An admission tax of 15% of the entrance gate admission charge or 10 cents, whichever is greater, is imposed on each person attending a horse race. The permitholder is responsible for the collection of the tax.

The uncashed tickets escheat to the Florida Thoroughbred Breeders' Association after one year and are to be used for the payment of Breeder and Stallion Awards.

Each permitholder is entitled to withhold an additional 1% on exotic wagers for use as owners awards. A permitholder who elects to withhold the additional 1% for owners awards is entitled to withhold up to an additional 2% for overnight purses.

* Tampa Bay Downs is taxed 3.3% of the handle in excess of \$500,000 for the entire year. The exemption for all other thoroughbred tracks is reduced to \$175,000 on all operating days from January 8 through March 6.

Each permitholder is also required to pay a sum equal to the breaks to the Florida Standardbred Breeders' and Owners' Association to be used to pay Breeder and Stallion Awards.

An admission tax of 15% of the entrance gate admission charge or 10 cents, whichever is greater, is imposed on each person attending a horse race. The permitholder is responsible for the collection of the tax.

The uncashed tickets escheat to the Florida Standardbred Breeders' and Owners' Association after one year and are to be used for the payment of Breeder and Stallion Awards.

The withholding of the additional 3% of exotic wagers for additional purses can be taken on any or all exotic wagers and for any amount up to the additional 3%.

* The authorized takeout for capital improvements is one half percent of handle on regular wagering and two percent of handle on exotic wagering. If the track elects to withhold only one percent of exotic wagers for capital improvements, the entire sum is to be used for capital improvements. If, however, the track elects to withhold an additional one percent of exotic wagering for capital improvements, then there is a surtax equal to one half of the additional one percent of the exotic wager withheld.

*EXPLANATION OF TAKE-OUT STRUCTURE TABLES

TYPES OF WAGERS OR POOLS

For the purpose of the take-out structure tables, the different types of wagers or pools are divided into four types; REGULAR, which contain the win, place, or show, EXOTIC, which have two or less runners (players) in one or more contests, OTHER EXOTICS, which include three or more runners (players) in one or more contests, and PICK(N) which is pick 4 through pick 10.

WAGERS ON LIVE RACES

This section of the take-out structure tables applies only to wagers placed at a track or fronton in Florida where a live contest is being conducted.

INTER-STATE WAGERING: FLORIDA WAGERS ON OUT-OF-STATE RACES

Florida permitholders may import contests via broadcasts from outside the state and accept wagers on the outcome. In such contests, the permitholder may elect to commingle the wagering pools with the broadcasting track or fronton; or the permitholder may opt to have separate pools only on Florida wagers.

SEPARATE POOLS

If the Florida facility elects to maintain a separate pool and not commingle the wagers with the out-of-state facility, the tax table will apply.

WAGERS SOLD IN FLORIDA COMMINGLED IN THE OUT-OF-STATE POOLS

The authorized take-out as shown in the table will not apply, rather the total take-out on these wagers will be the same as the out-of-state facility. The distribution of the take-out will be the same as reflected in the table, therefore, the profit and expense percentage will vary depending on the total authorized take-out of the out-of-state facility.

INTER-STATE WAGERING: OUT-OF-STATE WAGERS ON FLORIDA RACES

Florida permitholders may export races or games to out-of-state via broadcasts for the purpose of wagering. On such races or games the permitholders may commingle the out-of-state pools with the pools at the Florida facility, or the permitholders may opt to have separate pools of only Florida wagers.

SEPARATE POOLS

If the Florida facility elects to maintain a separate pool and not commingle the wagers with the out-of-state facility, the tax table will apply.

WAGERS SOLD OUT-OF-STATE COMMINGLED INTO FLORIDA POOLS

The total authorized take-out as shown on the table will apply for these wagers, however, the distributions reflected in the table will not apply. The distribution of the take-out related to the out-of-state wagers will be governed by the laws and regulations applicable at the out-of-state facility.

INTER-STATE WAGERS: DISTRIBUTION OF PROCEEDS

The amount of profit and expense remaining after all take-out percentages will be distributed between the Florida permitholder and the out-of-state facility based on contractual agreement. If the Florida permitholder is a horse track, 50% of the net proceeds after broadcast expense is contributed to purses.

INTERTRACK WAGERING

Florida permitholders may broadcast races and games to other permitholders within Florida. The permitholder receiving the broadcast (guest) accepts wagers which are included in the pool of the permitholder transmitting the broadcast (host). This table applies to the intertrack pool of the host track.

INTERTRACK WAGERING: TRANSMISSION OF OUT-OF-STATE RACES

A Florida permitholder may import contests via broadcasts from outside the state and transmit these contests to other Florida permitholders.

INTERTRACK WAGERING: DISTRIBUTION OF PROCEEDS

As shown in the table, guest permitholders receive 5% of the wagers placed at their facility. Of this 5%, one-half will be used for purses if the guest permitholder is a horse track, and one-fifth will be used for purses if the guest permitholder is a dog track.

ADMISSION TAX

In addition to the tax on handle and surtaxes shown on the tables, an admission tax of 15% of the entrance gate admission charge or 10 cents, whichever is greater, is imposed on each person attending a race or jai-alai game. This tax does not apply wherever only broadcast races or games are offered to the public. The permitholders are responsible for the collection and remittance of the tax.

GREYHOUND BASIC RACING TAKE-OUT STRUCTURE

State Tax: Pursuant to Chapter 87-38 Laws of Florida State tax is 7.6% of live handle in excess of an exemption which is based on the preceding meet handle. The exemption is determined as follows: Tax on handle for dog tracks that equalled or exceeded \$30 million in handle for the preceding racing season is 7.6% of the live handle in excess of performance. Tax on handle for tracks that equalled or exceeded \$15 million but fell below \$30 million in handle for the preceding racing season is 7.6% of the live handle in excess of \$40,000 for each performance. Tax on handle for tracks that fell below \$15 million in handle for the preceding racing season is 7.6% of the live handle in excess of \$50,000 for each performance. State tax on intertrack wagering is 6% of the intertrack handle.

Additional Purse/Capital Improvement: Additional withholding for purses as required by Chapter 550.162(2)(a) F.S. to be used to supplement purses over amount provided by contract percentage in effect for 1978-1979 season, to a maximum of 3% of handle. Excess withholdings not needed to increase purses to 3% are used for capital improvements.

Payment To Guest: Payment in an amount equal to 5% of the total contributions to the pari-mutuel pool on wagers accepted at the guest permitholder's facility is paid to the guest permitholder in accordance with Chapter 550.63 F.S.

Profit and Expenses: Percentage left to permitholder after deducting other take-out percentages from total take-out. Contractual percentage of handle paid to kennels for purses is paid from this amount.

OPTIONAL FOR CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Chapter 550.162d(3)(a) F.S.

OPTIONAL FOR ADDITIONAL CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Chapter 550.162(3)(b) F.S. A 50% surtax is imposed on any funds withheld pursuant to this provision.

OPTIONAL FOR ADDITIONAL PURSES

Optional withholding of up to 2% as provided by Chapter 550.162(3)(d) F.S. and distributed as state tax, purses, and permitholder profit and expense as shown.

OTHER

In addition to the above, each permitholder is required to pay a daily license fee of \$80.00 per live race unless the average handle per performance for the preceding racing season was under \$100,000, in which case, the daily license fee is \$50.00

A tax, equal to the breakage is paid to the state for all live races. Breakage on intertrack handle is retained by the host permitholder. Breakage on Florida wagers on imported races is retained by the permitholder importing the race.

The value of uncashed tickets on live races escheats to the state after one year. The value of uncashed tickets on intertrack wagers is retained by the host permitholder. The value of uncashed tickets on Florida wagers on imported races is retained by the permitholder.

(a) WILL VARY ON IMPORTED RACES WHEN FLORIDA PERMITHOLDER HANDLE IS COMMINGLED WITH OUT OF STATE POOLS.

(b) NOT REQUIRED ON EXPORTED RACES WHEN OUT OF STATE HANDLE IS COMMINGLED WITH FLORIDA PERMITHOLDER POOLS.

JAI-ALAI BASIC TAKE-OUT STRUCTURE

State Tax: Pursuant to Chapter 87-38 Laws of Florida state tax is 7.1% of handle in excess of an exemption which is based on the preceding meet handle. The exemption is determined as follows: Tax on handle for frontons that equalled or exceeded \$30 million in handle for the preceding season is 7.1% of the handle in excess of \$25,000 for each live performance. Tax on handle for frontons that equalled or exceeded \$15 million but fell below \$30 million in handle for the preceding season is 7.1% of the handle in excess of \$40,000 for each live performance. Tax on handle for frontons that fell below \$15 million in handle for the preceding season is 7.1% of the handle in excess of \$50,000 for each live performance. State tax on intertrack wagering is 6% of the intertrack handle.

Payment To Guest: Payment in an amount equal to 5% of the total contributions to the pari-mutuel pool on wagers accepted at the guest permitholders facility is paid to the guest permitholder in accordance with Chapter 550.63 F.S.

Profit and Expenses: Percentage left to permitholder after deducting other take-out percentages from total take-out.

OPTIONAL FOR CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Chapter 551.09(2)(a).

OPTIONAL FOR ADDITIONAL CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Chapter 551.09(2)(b) F.S. A 50% surtax is imposed on any funds withheld pursuant to this provision.

OPTIONAL FOR ADDITIONAL WITHHOLDING

Optional withholding of up to 2% as provided by Chapter 551.09(2)(d) F.S. These withholdings are distributed as state tax and permitholder profit and expense as shown.

OTHER

In addition to the above, each permitholder is required to pay a daily license fee of \$80.00 per live game. If the average handle per performance for the preceding racing season was under \$100,000, the daily license fee is \$50.00.

A tax equal to the breakage is paid to the state for all live games. Breakage on intertrack handle is retained by the host permitholder. Breakage on Florida wagers on imported contests is retained by the permitholder importing the race.

The value of uncashed tickets on live games escheats to the state after one year. The value of uncashed tickets on intertrack wagers is retained by the host permitholder. The value of uncashed tickets on Florida wagers on imported contests is retained by the permitholder.

THOROUGHBRED BASIC TAKE-OUT STRUCTURE

State Tax: State tax for all thoroughbred permitholders other than Tampa Bay Downs is 3.3% of live handle in excess of an exemption of \$300,000 per performance, which is reduced to \$175,000 per performance on all operating days from January 8 through March 6. State tax for Tampa Bay Downs is 3.3% of live handle in excess of \$500,000 per performance for the entire year. State tax on intertrack wagering is 3% of the intertrack handle.

Minimum Purse: The percentage required from purses to be paid from the permitholders commission on live races is 7.5% of handle as specified by Chapter 550.262(2)(a) F.S. The percentage required for purses on intertrack wagering handle is 7.0% of such handle in accordance with Chapter 550.62(1) F.S.

Payment To Guest Tracks: Payment in an amount equal to 5% of the total contributions to the pari-mutuel pool of wagers accepted at the guest permitholder's facility shall be made to the guest permitholder in accordance with Chapter 550.63 F.S.

Breeders Awards: Percentage required to be paid to the Florida Thoroughbred Breeders Association pursuant to Chapter 550.62(2)(a) F.S.

Profit and Expenses: Percentage left to permitholder after deducting other take-out percentages from total take-out.

OPTIONAL FOR CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Chapter 550.16(2)(a)(I).

OPTIONAL FOR ADDITIONAL PURSES AND OWNERS AWARDS

Florida Owners Awards: Optional withholding of 1% of handle on live races as provided by Chapter 550.16(2)(i) and distributed as owners awards. Any amounts withheld on inter-state and intertrack wagering are not required to be paid as owners awards but may be retained by the permitholder.

Additional Purse: Optional withholding of up to 2% of handle on live races for those permitholders withholding for Florida owners awards as provided by Chapter 550.16(2)(i). The 2% is to be distributed as purses, however, any amounts withheld on inter-state and intertrack wagering are not required to be paid as purses but may be retained by the permitholder.

OTHER

In addition to the above, each permitholder is required to pay a daily license fee of \$100.00 per live race unless the average handle per performance for the preceding racing season was under \$100,000, in which case the daily license fee is \$50.00 per live race.

A tax equal to breakage is paid to the Florida Thoroughbred Breeders Association for all live races. Breakage on intertrack wagers is retained by the host permitholder. Breakage on Florida wagers on imported races is retained by the permitholder importing the race.

The value of uncashed tickets on live races escheats to the Florida Thoroughbred Breeders Association after one year. The value of uncashed tickets on intertrack wagers is retained by the host permitholder. The value of uncashed tickets on Florida wagers on imported races is retained by the permitholder.

HARNESS RACING BASIC TAKE-OUT STRUCTURE

State Tax: State tax is 3.3% of live handle in excess of an exemption of \$300,000 for each performance. State tax on intertrack wagering is 3% of the intertrack handle.

Minimum Purse: The percentage required for purses to be paid from the permitholders commission on live races is 7.5% of handle as specified by Chapter 550.62(1) F.S. The percentage required for purses on intertrack wagering handle is 7.0% of such handle in accordance with Chapter 550.262(2)(b) F.S.

Insurance Benefit: The percentage required by Chapter 550.16 F.S. to be used pursuant to Chapter 550.262(2)(b) F.S. for the benefit of occupational licensees on a plan covering health, dental, disability, funeral insurance and/or assistance.

Payment to Guest: Payment in an amount equal to 5% of the total contributions to the pari-mutuel pool on wagers accepted at the guest permitholder's facility is paid to the guest permitholder in accordance with Chapter 550.63 F.S.

Profit and Expenses: Percentage left to permitholder after deducting other take-out percentages from total take-out.

OPTIONAL FOR CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Chapter 550.16(2)(a)(1) F.S.

OPTIONAL FOR ADDITIONAL CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Chapter 550.16(2)(a)(2) F.S. A 50% surtax is imposed on any funds withheld pursuant to this provision.

OPTIONAL FOR ADDITIONAL PURSES

Optional withholding of up to 3% of handle on live races as provided by Chapter 550.16(2)(j) F.S. and distributed as purses. Any of the amounts withheld on inter-state and intertrack wagering are not required to be paid as purses but may be retained by the permitholder.

ADDITIONAL REQUIRED FOR TAX CREDIT

Pursuant to Chapter 550.2636(9) F.S., in addition to the total take-out shown on the table, .5% of the handle is required to be withheld whenever a tax credit is due by virtue of hosting the Breeders Crown Meet. The first \$30,000 of the withholdings will be paid into the General Revenue Fund. Subsequent funds raised by this withholding shall be used towards the payment of the credit due, and any excess shall be evenly split between the permitholder and additional purses.

OTHER

In addition to the above, each permitholder is required to pay a daily license fee of \$100.00 per live race unless the average handle per performance for the preceding racing season was under \$100,000, in which case the daily license fee is \$50.00 per live race.

A tax equal to the breakage is paid to the Florida Standardbred Breeders and Owners Association for all live races. Breakage on intertrack wagers is retained by the host permitholder. Breakage on Florida wagers on imported races is retained by the permitholder importing the race.

The value of uncashed tickets on live races escheats to the Florida Standard Breeders and Owners Association after one year. The value of uncashed tickets on intertrack wagers is retained by the host permitholder. The value of uncashed tickets on Florida Wagers on imported races is retained by the permitholder.
