Dear Governor, President and Speaker:

We are pleased to submit this sixtieth Annual Report of Pari-Mutuel Wagering in the state of Florida for the fiscal year ended June 30, 1991.

Florida pari-mutuel wagering had revenues to the state of \$110.5 million, which is a decrease of 3.5% under prior year revenues. Total handle was \$1.71 billion, which reflected a decline of 3.3% from last year's handle of \$1.77 billion.

This report is submitted jointly by the Department of Business Regulation, Division of Pari-Mutuel Wagering and the Florida Pari-Mutuel Commission. The Division monitors and regulates Florida's pari-mutuel industry, collects and audits pari-mutuel tax revenues, and issues licenses to all persons affiliated with pari-mutuel activities. The Florida Pari-Mutuel Commission awards racing dates and approves all expenditures of track and fronton capital improvement funds.

The Division and Commission are funded primarily from a daily license fee based on the number of races or games conducted at each pari-mutuel facility. Total revenues for operation of the Division and Commission were \$7.0 million and total expenditures were \$6.8 million. The Pari-Mutuel Wagering Trust Fund also received other revenues totaling \$44.0 million which were used primarily to fund the counties in the amount of \$29.9 million. In addition, \$13.2 million was transferred to the General Revenue fund, bringing the total General Revenue funding by the pari-mutuel industry to \$69.3 million.

The continued support and cooperation which has been received from you, your staffs and the pari-mutuel industry is deeply appreciated.

Respectfully submitted,

INTRODUCTORY SECTION

OVERVIEW

This annual report on pari-mutuel wagering in Florida covers the fiscal year which began on July 1, 1990 and ended on June 30, 1991. This is the 60th annual report in the series. The 1st annual report was issued for fiscal year 1931-1932, the first year of legalized pari-mutuel wagering in Florida. That year there were 462 operating days. Total handle was \$17.4 million, and state revenue was \$0.7 million. This year, total handle was over \$1.7 billion, and state revenue was over \$110.5 million from 4,994 operating days.

In Florida, pari-mutuel wagering is authorized for thoroughbred horse racing, harness horse racing, quarter horse, Appaloosa and Arabian horse racing, dog racing and jai-alai. Florida is one of the primary pari-mutuel states. It is the nation's leading state in both dog racing and jai-alai as well as a major horse racing state. This annual report which is required by Florida law is intended to inform the Governor, the Legislature, the industry and other interested parties on pari-mutuel wagering activities. The report is organized in four sections:

1. Introductory Section - This section provides information regarding the organization of the Division of Pari-Mutuel Wagering and the Florida Pari-Mutuel Commission.
2. Statistical Section - This section provides a summary of racing activities, multiple year comparative trend data, and the data concerning physical, economic, social and political characteristics of the pari-mutuel industry. The statistical section is intended to provide the reader with a broad perspective on the state's pari-mutuel activities.
3. Financial Section - This section provides the official financial statements of the Division of Pari-Mutuel Wagering, notes to financial statements and additional information.
4. Tax Structure - This section provides charts which illustrate a breakdown of the takeout.

EXPLANATION OF REPORT TERMINOLOGY

In reading this report you will find some new terminology and schedules which result from the initiation of intertrack wagering in Florida during the past fiscal year. So as to better understand the measurement focus of the report, an explanation of the system of on-track and intertrack wagering in Florida is necessary.

Florida law requires that all intertrack wagers are combined with the wagering pools of the host, i.e. broadcasting, Florida track or fronton. The law also requires that the host take-out on intertrack wagers is the same as for wagers taken on-track; however, the distribution of the take-out may be different. The take-out and tax structure for on-track and intertrack wagering is explained in more detail in the Tax Structure section of this report.

For purposes of this report, on-track schedules include wagering and attendance statistics as compiled on-track for the facility at which a live race or game is being conducted, or at which a race or game imported from out of state is being shown. For a host pari-mutuel facility, the on-track statistics excludes intertrack wagering data for wagers and attendance at guest tracks or frontons, and also excludes wagers which are taken at a facility functioning as a guest permitholder receiving intertrack broadcasts. Permitholders which reflect only on-track wagering statistics are not broadcasting their races or games to other Florida permitholders.

Schedules of intertrack wagering included in this report are compiled for each host permitholder. These schedules reflect combined wagering statistics for all guest facilities which are receiving broadcasts and conducting wagering which is included in the wagering pools of the host. For host permitholders which are receiving the intertrack wagers, a Summary of Intertrack Dates and Handle for each guest is shown in the Revenues and Other Data by Association Section of this Report, as well as the components of the intertrack handle. There is no admission tax on patrons attending intertrack races or games, and the attendance for intertrack races and games is unknown. The schedules of intertrack wagering also include data on wagers collected at intertrack locations on races or games which are imported from out of state and broadcast to intertrack locations by the host.

EVENTS SHAPING THE 1990/91 RACING SEASON IN FLORIDA

- Florida's new Governor, Lawton Chiles, took the oath of office on January 8, 1991. One of his initial acts as Governor was the appointment of Janet Ferris as Secretary of the Department of Business Regulation. A former Assistant State Attorney and General Counsel to the Florida Department of Law Enforcement, Ms. Ferris brings to the Department an impressive resumé of legal, academic, governmental and administrative experience. Ms. Ferris cites enhanced regulation and maximum productivity among her many goals for the Department. Governor Chiles also appointed Delane Anderson, who has an extensive background in government and administration, to the position of Deputy Secretary.
- William E. Tabor became the Director of the Division of Pari-Mutuel Wagering in May 1991. Mr. Tabor holds a law degree, a masters degree in criminal justice, and has a background in both legal affairs and law enforcement. Before joining the Department, Mr. Tabor was Assistant Attorney General for the Florida Department of Legal Affairs. He also served as a Senior Manager with the Department of Law Enforcement.
- The Florida Pari-Mutuel Commission realized new leadership with the appointment of Sylvan "Sonny" Holtzman as Chairman on June 6, 1991. When Mr. Holtzman is not performing his functions as Chairman of the Commission, he is engaged in private law practice in Coral Gables, Florida. Two additional appointees who joined the Commission in July 1991 are Eddie C. Diaz, Tampa, and Janet Behnke, Ocala.
- Intertrack wagering was initiated in Florida on August 17, 1990 when Daytona Beach Kennel Club began transmitting races to the Sports Palace in Melbourne. Intertrack wagering handle and state revenues exceeded initial projections for the fiscal year, and has expanded to include ten host permitholders. Several intertrack wagering permitholders offer multiple racing or playing broadcasts simultaneously, bringing a wider variety of events to the public in Florida. Information on intertrack wagering activity for each host can be found in the "Revenues and Other Data By Association" section of this report.
- This year saw the opening of a new greyhound track and the closing of another. Sports Palace, formerly a Jai-Alai fronton, began conducting greyhound racing on March 14, 1991 as Melbourne Kennel Club. Berensons' Pari-Mutuel, Inc., Key West, was ordered closed by the Division of Pari-Mutuel Wagering on February 26, 1991 for various health and safety violations.
- The jai-alai players strike, begun in April of 1988, was finally resolved. The sole remaining strike site, The Fronton, Inc., closed the book on the strike when the fronton settled with the players on February 4, 1991.
- This year saw increased tournament play between jai-alai frontons. Competitions between Miami and Dania Jai-Alai, The Fronton and Ft. Pierce Jai-Alai, as well as between Ocala and Tampa Jai Alai, were successful in generating public interest and increased attendance.
- For the first time since August of 1987, pari-mutuel wagering on quarter horse races was conducted in Florida with the opening of Pompano Park's quarter horse meet in May 1991. The quarter horse racing was supplemented by harness racing which was simulcast from the Meadowlands.
- Pompano Park was again host to the prestigious Breeders' Crown races. These Hambletonian Society events were conducted under the lights on October 27, November 2, and November 30, 1990. The showcase November 2 performance saw more than 8,500 patrons wager \$1,122,060 on the thirteen race card, eight of which were Breeders' Crown events. For more information on the Breeders' Crown meet, see page 25.
- On a similar note, Orange Park Kennel Club was selected to host the Greyhound Race of Champions by the American Greyhound Track Operators Association, Inc. The championship final is scheduled for November 23, 1991. The 1992 Greyhound Race of Champions is slated to take place in Florida as well, and will be hosted by St. Petersburg Kennel Club on April 4, 1992.

EVENTS SHAPING THE 1990/91 RACING SEASON IN FLORIDA (Concluded)

- Gulfstream Park Racing Association, Inc. was awarded the prestigious Breeders Cup event by the Breeders Cup, Ltd. organization for the second time since 1989. The event at the Hallandale facility is scheduled for October 31, 1992. Gulfstream's previous Breeders Cup meet held in November 1989 set single day attendance and handle records for racing in North America.
- Hialeah Park, which had closed voluntarily on December 19, 1989, was granted 1991/92 racing dates via legislation which was signed into law on May 29, 1991. Thoroughbred racing at the historic track, including the Flamingo Stakes, will return to Hialeah once again from November 10, 1991 through January 7, 1992.
- The Division of Pari-Mutuel Wagering is currently taking administrative action against Tampa Jai Alai, which is owned and operated by World Jai Alai, Inc. The action was prompted by a dispute with the Tampa fronton with respect to the method of calculating their tax exemption. The Department is alleging underpayment of their state tax. An administrative hearing was conducted by the Department of Administration in September 1991. The conducting hearing officer submitted a recommended order to the Director of the Division of Pari-Mutuel Wagering for his review in November, 1991.
- Several workshops and hearings were conducted during the year for the purpose of updating present and drafting new pari-mutuel rules. Active participation by industry members and totalisator companies was conducive in promulgating Chapter 7E-14 Florida Administrative Code, which governs intertrack wagering, as well as Chapter 7E-15, which governs interstate wagering and related common pools. New rules were also promulgated which govern admissions requirements, financial reporting requirements, and purses and owners awards for thoroughbred racing.
- Common pool wagering with pari-facilities and other betting systems located outside of Florida was initiated on January 14, 1991 when Las Vegas Disseminator, Inc., representing fifteen Las Vegas sports books, combined its pools at Gulfstream Park.

1990/91 LEGISLATION

Committee Substitute for Senate Bill 1342, which later became Section 91-197, Laws of Florida, amended numerous provisions in the Pari-Mutuel Statutes which became effective on May 29, 1991. The following is a recap of the most significant changes which impact the industry:

- Virtually all of Section's 550 and 551, F.S., which govern the regulation of pari-mutuels in Florida, was repealed effective July 1, 1992. The purpose of this sunset legislation is to rewrite the pari-mutuel laws, which have become unwieldy and archaic over the years. Many of the inequities of the statutes will be addressed, as well as simplification of the present complex tax and purse structure. The Department of Business Regulation, the House Committee on Regulated Industries, and the Senate Commerce Committee will be working with representatives of the pari-mutuel industry to rewrite these Sections for consideration during the 1991/92 legislative session.
- Legislation was passed which deleted the prohibition of Sunday racing for greyhound and jai alai permitholders.
- Legislation was passed which authorizes each dog racing, jai alai or harness racing permitholder which conducts six evening performances in a single week to conduct one additional evening performance during that week. The additional evening performance per week is applicable during the 1991/92 operational season upon approval by the Pari-Mutuel Commission.
- The Florida Pari-Mutuel Commission was directed to perform a study of the feasibility of state ownership of Hialeah Park. The study is to be funded by additional taxes of \$1,000 per racing day to be paid by each South Florida thoroughbred permitholder, not to exceed \$25,000 from any individual permitholder. The recommendation of the Commission will be provided to the legislature and Governor by January 2, 1992.
- Eight dog racing permitholders were authorized to conduct an aggregate total of up to 456 additional performances during their operational season. Additionally, permits for Golden Crown Corporation and Sports Palace, Inc. were converted from jai alai to dog racing.
- Guest tracks which accept wagers on intertrack broadcasts were authorized to collect and retain a surcharge on any intertrack pool in an amount not to exceed 3% of each winning pari-mutuel ticket cashed. The guest tracks which impose the surcharge are required to pay an additional tax equal to 5% of the surcharge to the state.
- The percentage of proceeds to be paid to guest permitholders which take intertrack races from a thoroughbred or quarter horse host permitholder was increased from 5% to 7% of intertrack handle. Guest permitholders which accept wagers on races from other than thoroughbred or quarter horse permitholders are entitled to payments of 5% of the intertrack handle.
- Legislation was passed which establishes a Jai Alai Tournament of Champions meet. The meet will consist of up to four performances which may be conducted by different permitholders. There is no pari-mutuel tax on any of the four performances, and the permitholders conducting a performance may each receive a pro-rata share of a tax credit of up to \$300,000, to be taken during their next ensuing meet.
- Legislation was passed which authorizes Ocala Breeder Sales, or any other quarter horse permitholder meeting specific criteria, to conduct up to 121 days of intertrack wagering on thoroughbred racing at a permanent sales facility between November 1 and May 8.
- Legislation was passed which changed the method of funding the breeders award program of the Florida Thoroughbred Breeders Association. Instead of receiving an amount equal to breaks and uncashed tickets from each thoroughbred permitholder, the F.T.B.A. will receive .75% of on-track and intertrack handle.

1990/91 LEGISLATION
(Concluded)

- Several new provisions were created regarding the purse structure in Florida. Various requirements were established specifying the percentage of proceeds to be distributed on both interstate and intertrack handle between horse racing host and guest permitholders. The horse racing purse requirements are described in more detail in the Thoroughbred Racing and Harness Racing sections of this report. There were also changes to the purse requirement for dog racing, which is described in more detail in the Greyhound Racing section of this report.
- The distribution of capital improvement fund withholdings was revised during the legislative session. Capital improvement funds which are withheld from handle on races which are imported from out of state may be retained as unrestricted revenue by the permitholder importing the race. Additionally, capital improvement funds withheld on intertrack handle may be retained as unrestricted revenue by the host permitholder.
- Permitholders which conduct charity performances are authorized to pay to the charities benefiting from the performance only the amount which would otherwise have been to the state. Previous statutes required for the profits from the performance to be distributed based on an annual pro-rata allocation.

Additionally, committee substitute for CS House Bill 685, which later became Section 91-206, Laws of Florida, was passed. This comprehensive legislation establishes statewide regulation of bingo in Florida. Any previous regulatory activity regarding bingo was performed by local governments, and the new legislation is expected to have a far-reaching impact on the estimated five to eight thousand bingo establishments in the state. The legislation places the regulation of bingo within the Department of Business Regulation, Division of Pari-Mutuel Wagering. It designates requirements for the conduct of the game, establishes requirements for licensure, provides for limitation on awards and prizes, requires periodic reporting, and provides for a tax on gross receipts. The law became effective on October 1, 1991.

THE COMMISSION

The Pari-Mutuel Commission holds the legislative authority for awarding racing dates for all permitholders other than thoroughbred, hearing appeals of Department decisions which relate to revocation or suspension of pari-mutuel operating and occupational licenses, and approving expenditures of the permittees' special capital improvement funds. It also may recommend rule changes to the Division. During this past year, Mr. Joseph Priede-Rodriguez served as chairman of the Commission, until the appointment of Sylvan "Sonny" Holtzman as chairman on June 6, 1991. The current members of the Commission are Ms. Janet Behnke, Mr. Berton Brown, Mr. Eddie C. Diaz and Mr. Armer E. White. The Commission met six times this year in order to consider the above-referenced matters.

THE DIVISION OF PARI-MUTUEL WAGERING

The Division of Pari-Mutuel Wagering is a division of the Department of Business Regulation within the Executive Branch of Florida's government. It is charged with the regulation of Florida's pari-mutuel industries under Sections 550 and 551 of the Florida Statutes, as well as collecting and safeguarding revenues due to the state. In its 60 years of operation, the Division has grown from the old racing commission staff to a large, professional organization regulating a highly complex and sophisticated industry.

The structure of the Division best demonstrates how it regulates pari-mutuel wagering. The legislature funds the Division from the Pari-Mutuel Wagering Trust Fund, which is comprised of the daily license fees (a per-race fee; see "Tax Structure"), and one-half of collected admission tax, tax on handle, and breaks tax. The statement of revenues and expenditures for the fund is located on page 94.

The Division's operating budget is divided among four bureaus: Operations, Investigations, Laboratory Services, and Auditing, under the management of the Office of the Director. Each Bureau focuses upon a different aspect of the industry in our efforts to protect state revenues and maintain the public's confidence in the integrity of the sport.

BUREAU OF OPERATIONS

The Bureau of Operations is responsible for overseeing the network of state offices located in every pari-mutuel plant, as well as the issuance of more than 30,000 occupational licenses every year. The state offices are divided into three regions, each under the supervision of a regional manager. As many as 250 temporary and seasonal personnel may be on staff during the peak season. These employees, under the direct supervision of the Bureau of Operations, see to it that the day-to-day operation of races or games are conducted in accordance with Florida's rules. Judges or stewards monitor racing/game activities and conduct hearings under Florida's Administrative Procedures Act for violation of the rules. They rendered 1,097 rulings last year. More serious violations are referred to the Division Director for determination. Operations staff also collect urine and blood samples from horses and dogs for examination by the Bureau of Laboratory Services. Many of the seasonal personnel are highly skilled and have been employed by the division for more than 20 years.

The state office processed a majority of the 30,840 occupational license applications and fees received last year. The computerization of the occupational licensing program allows for instant retrieval of eligibility information and current license status.

BUREAU OF INVESTIGATIONS

The Bureau of Investigations examines possible rule or criminal violations which may occur in the pari-mutuel industry. The Bureau is comprised of a central office in Miami, and regional offices in Jacksonville and Tampa. Case investigations range in complexity from the investigation of falsified license applications to race fixing and drug violations within the industry. Among the more significant investigations conducted by the Bureau are those concerning the issuance of new and/or transfers of existing permits. These investigations require an in-depth examination of the applicant's personal and financial background in order to ensure compliance with Section 550.181, F.S. Ultimately, cases investigated by the Bureau may result in referrals to law enforcement agencies for criminal prosecution, other regulatory agencies, or the issuance of administrative charges and hearings before the Division Director or a designated hearing officer. Assessed penalties can range from the levying of fines and suspensions to the revocation of occupational licenses and exclusion from participation in the industry. All Division rulings are honored within the United States, Canada, Mexico and Puerto Rico, pursuant to the reciprocity agreement of the Racing Commissioners International.

BUREAU OF LABORATORY SERVICES

The primary function of the Bureau of Laboratory Services is to detect and identify any drug, medication, stimulant, depressant, hypnotic, local anesthetic, or drug masking agent in the blood, urine, or other bodily fluid of racing horses and greyhounds. To ensure that testing methods remain current with increasingly sophisticated drugs being introduced, the laboratory participates in collaborative research with the University of Florida, College of Veterinary Medicine. Funds for this research are generated from revenue collected from the tracks and are designated for improved programs to benefit the Division and industry.

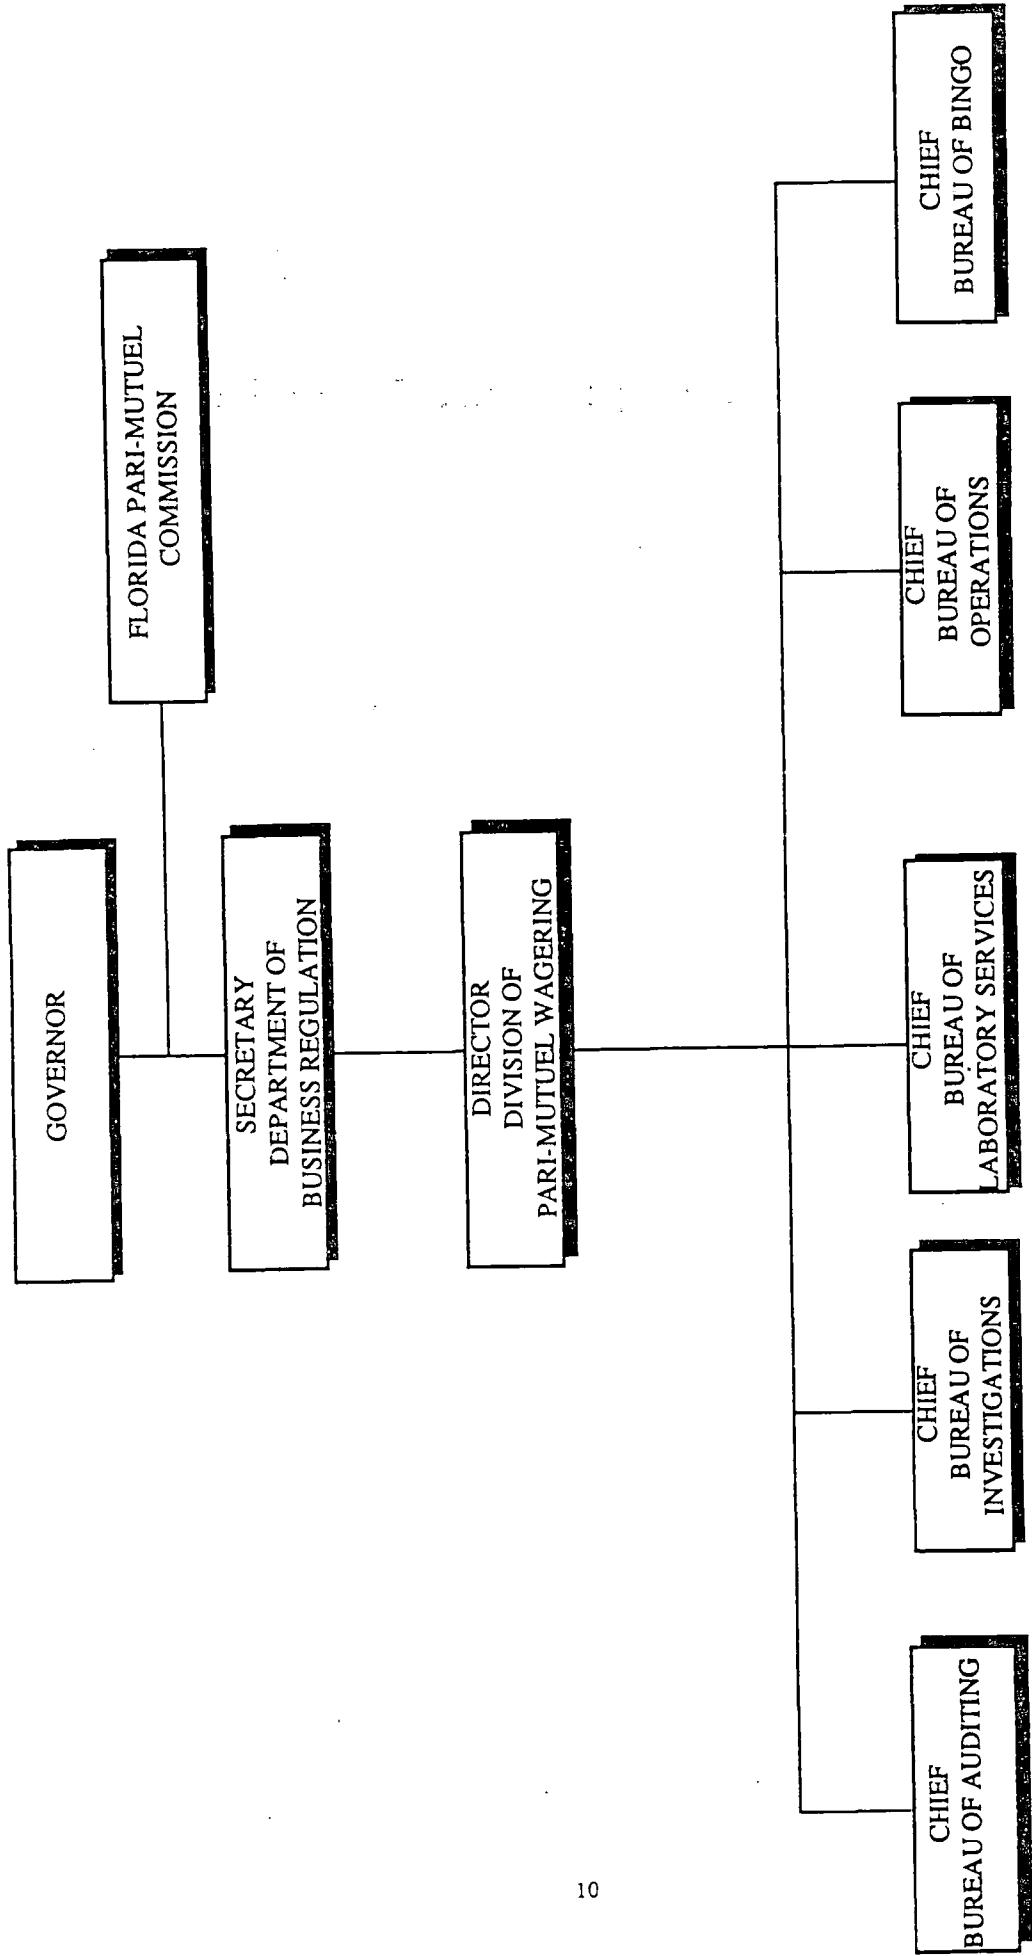

To monitor proficiency and accuracy, the laboratory participates in the Quality Assurance Program sponsored by the Racing Commissioners International through Ohio State University. During the 1990-1991 fiscal year, the Bureau of Laboratory Services received 69,023 samples which resulted in 173,050 analyses. The vigilant monitoring of samples by the laboratory serves to deter the illegal drugging of racing animals in Florida.

BUREAU OF AUDITING

The Bureau of Auditing is responsible for tax collection and financial reporting of pari-mutuel activities in Florida. The Bureau is also responsible for regulation of wagering activity, and as such, performs the function of drafting Florida Administrative Code in response to new statutes, new technology, or new wagering types which enhance the profitability of the industry. The Bureau's activities serve to account for and safeguard state revenues, as well as to protect the wagering public by ensuring that wagering is conducted in accordance with Florida Statutes and Florida Administrative Code.

The Bureau's functions are divided into three areas: field operations, compliance audit, and accounting. A field auditor is assigned to each track or fronton to ensure that every pari-mutuel calculation is accurate, that the pari-mutuel pools are distributed as required by laws and rules, and that admissions are recorded accurately with proper payment of tax. The compliance audit staff audits various aspects of pari-mutuel activity, which may include totalisator tests, reviews of permitholder compliance with statutes and rules, purse audits, and other pertinent financial investigations. The compliance audit staff also conducts rule workshops and hearings, and drafts rules governing wagering and technology.

The accounting staff ensures that state taxes are collected on a timely and accurate basis and are responsible for reviewing permitholder financial statements and other financial reports. The staff compiles statistical information as requested by the Department, legislature, industry or Governor's office, and is responsible for compiling the information for this report. The accounting staff also makes recommendations to the Commission on various accounting matters.

HORSE RACING

Thoroughbred Racing

The long tradition of quality thoroughbred racing in Florida continued with 365 regular performances at four racetracks.

Florida's major stakes races continued to draw large crowds during fiscal year 1990-91. Some of the annual highlights are the Gulfstream's Florida Derby and Tampa Bay Down's Tampa Bay Derby; both events prelude the racing of the Triple Crown. Calder Race Course is the home of the Florida Stallion Stakes series which has gained national attention for the running of two year old Florida bred thoroughbreds. Of the 146 stakes races held in Florida, 58 were conducted at Calder Race Course, Inc., 51 at Gulfstream Park, 16 at Tampa Bay Downs, Inc., and 21 at Tropical Park, Inc.

Thoroughbred racing experienced a slight decrease in on-track attendance with 2,139,748 racing fans, who wagered \$395,848,963 during fiscal year 1990-91. Handle generated from intertrack wagering during the fiscal year was \$57,193,168. No new thoroughbred applications were received by the Division during fiscal year 1990-91. Thoroughbred racing contributed 11% of Florida's total collections from pari-mutuel wagering performances.

The thoroughbred purse structure in Florida is governed by myriad provisions resulting in a complex series of calculations as provided by Section 550, F.S. Additional legislation regarding purses was passed during fiscal year 1990-91. Following is an outline of subsections which currently govern thoroughbred purses and a brief description of each:

- Section 550.16(2)(i). Authorizes thoroughbred permitholders who withhold an additional 1% of handle on exotic wagers for owners' awards to also withhold up to an additional 2% of handle on exotic wagers for purses.
- Section 550.262(2)(a). Requires that thoroughbred permitholders pay from commissions withheld not less than 7.5% of the handle as purses.
- Section 550.35(2)(a). Limits a horse track's payments to horse owners to 50% of the net proceeds from out-of-state tracks receiving Florida races, less direct expenses required to transmit such races.
- Section 550.356(1)(c). States that no Florida horse track is required to make payments to horse owners in excess of 50% of net proceeds paid to a Florida horse track by an out-of-state track receiving Florida races.
- Section 550.356(2)(d). States that no Florida horse track is required to make payments to horse owners in excess of 50% of net proceeds retained by a Florida horse track as a result of wagering on out-of-state races at a Florida track.
- Section 550.62(1). Requires Florida thoroughbred permitholders to pay an amount equal to 6.125% of all intertrack wagers as purses during its current race meet.
- Section 550.63(1). Mandates that guest tracks which accept intertrack wagers from thoroughbred permitholders receive 7% of intertrack handle, guest tracks accepting any other type of intertrack wagers receive 5% of intertrack handle. If the guest track is a horse racing permitholder which accepts intertrack wagers during its current race meet, then one half of the payment shall be paid as purses during its current race meet.
- Section 550.63(1)(a). States that if a host track is a thoroughbred permitholder, and the guest track is also a thoroughbred permitholder which accepts intertrack wagers during its current race meet, then one-third of the payment to guest shall be paid as purses during its current race meet. Additionally, an amount equal to 2% of the guest intertrack handle shall be remitted by the host to the guest and deducted from the amount of purses required to be paid by the host. The guest shall then use the 2% as purses during its current race meet.
- Section 550.63(1)(b). Requires that when thoroughbred intertrack wagering is taken by any guest track located within 25 miles of any thoroughbred permitholder that is not conducting live racing, the host track shall pay to such thoroughbred permitholder an amount equal to 2% of intertrack handle at all such guest tracks and deduct the amount from the purses required to be paid by the host. The amount paid to the thoroughbred permitholder shall then be used as purses. This provision is repealed December 31, 1991.
- Section 550.63(9). States that a thoroughbred host track receiving out-of-state races and re-broadcasting them to Florida guest tracks shall distribute their proceeds as follows: .75% to the Florida Thoroughbred Breeders' Association, then one-third each to the host, the guest and host purses.

Harness Racing

Pompano Park's winter harness racing meet in Broward County conducted 151 regular performances, and continued to attract many of the nation's better standardbreds despite increasing competition from year-round racing in the North. Major stakes races included the Breeder's Crown, which this year offered a total purse of \$4,430,584. This was the seventh consecutive year that Pompano has hosted the Breeder's Crown, which is televised nationally.

Harness racing in Florida experienced a decrease in handle and attendance during the year, with \$61,914,150 wagered on-track by 488,682 patrons. Handle generated from intertrack wagering during the fiscal year was \$1,065,774. No new permit applications were received by the Division during fiscal year 1990-91. Harness racing contributed 1% of the state's overall collections from pari-mutuel wagering performances.

Harness racing permitholders are required by Florida law to pay statutory percentages as purses. The below listed subsections of Section 550, F.S. govern harness racing purses:

- Section 550.262(2)(b)(1). Requires that harness permitholders pay from their commissions withheld not less than 8% of the handle into the purse pool. Not less than 7.5% of the total handle shall be paid from the purse pool as purses.
- Section 550.262(2)(b)(2). Mandates that an amount not to exceed one-half of 1% of the total handle be available from the purse pool to provide insurance benefits for occupational licensees.
- Section 550.62(1). Requires harness permitholders to pay an amount equal to 7% of all intertrack wagers as purses during their current race meet.
- Section 550.635. Allows a harness racetrack acting in a host capacity to pay an additional percentage of the total pari-mutuel pool accepted at the guest site to the guest track as a supplement. Also allows for a reduction of the amount available for the payment of current purses of 50% of the guest's supplemented amount, not to exceed 1% of intertrack wagers from the host's current regular on-track program.

Quarter Horse Racing

Pompano Park's 1990-91 quarter horse season was the first quarter horse racing meet conducted in Florida since August 1987. A total of 20 stakes races were held during the fiscal year and included the Laddie stakes with a purse of \$40,615 and the Lassie stakes which paid a purse of \$51,775.

The purse structure for quarter horse racing is governed by the following subsections of Section 550, F.S.:

- Section 550.262(c). Requires that quarter horse permitholders pay from their commissions withheld not less than 6% of the handle as purses.
- Section 550.62(1). Requires quarter horse permitholders to pay an amount equal to 6.125% of all intertrack wagers as purses during their current race meet.

Promotional Programs For Florida Bred Horses

Florida Breeders' promotions and award programs are administered by private breeders' and owners' associations organized to promote ownership and breeding of race horses in the state of Florida. Each association conducts its own campaign to enhance the horse breeding industry in the state, and provides breeders and owners awards of up to 20% of announced gross purses. The thoroughbred, standardbred, and quarter horse breeders' associations are funded by the breaks and the uncashed tickets from live races only for each racing season. The thoroughbred breeders' association is funded by .75% of live and intertrack handle. The collections for the associations are noted on page 21 in the Schedule of Collections for Promotional Trust Funds and Breeders' Associations.

The Florida Thoroughbred Breeders' Association is a not-for-profit organization which administers the pari-mutuel funded breeders' and stallion owners' programs, maintains the Florida bred and Florida-based stallion registries and serves as the promotional arm of the Florida thoroughbred breeding industry. The F.T.B.A. annually pays out in excess of \$3 million in breeders' incentive awards. The Florida thoroughbred industry has over \$4 billion invested in the state of Florida in breeding and racing stock, farms, racing and training facilities. This investment creates over 29,000 jobs and has an annual economic impact of nearly \$1 billion.

The Florida Standardbred Breeders' and Owners' Association promotional activities included providing \$169,297 in breeders, owners and stallion awards for eligible horses during Pompano Park's 1990-91 meet, and \$273,141 for the Florida Breeders' Stakes Races. An additional \$82,950 was added to purses in overnight races for Florida bred, and purses in the amount of \$180,187 were provided for nonwagering harness races conducted at six locations throughout Florida. Those races provided an opportunity for standardbreds to prepare for the winter meet and allowed Florida citizens outside the Pompano area to experience harness racing.

During this fiscal year, the Florida Quarter Horse Breeders' and Owners' Association provided funds for two nonwagering events held at Suwannee River Downs in Lake City, a Florida Bred Futurity with \$5,000 added and a Florida Bred Derby with \$2,500 added. In the latter part of the year, pari-mutuel wagering returned for quarter horses with a 40 day meet scheduled at Pompano Park. The F.Q.H.B. & O.A. added matching funds for overnight races limited to Florida bred in the amount of \$40,600 through the end of this fiscal year. Additionally, the F.Q.H.B. & O.A. continues to work actively in the overall promotion of Florida bred quarter horses which continue to excel. In 1990, the National High Point two year old colt was Special Project, a Florida bred.

JAI-ALAI

Florida was the first state in the nation to offer pari-mutuel wagering on jai-alai. Today, Florida has the largest jai-alai frontons in the world with ten permitholders operating 2,338 regular performances in eight frontons.

There has been a decrease in handle and in attendance from the prior year with \$274,149,947 wagered on regular jai-alai games by 3,491,244 patrons in fiscal year 1990-91. No new permits were issued in Florida during fiscal year 1990-91. The jai-alai players' strike which began in April of 1988 ended during fiscal year 1990-91 with the last agreement between the players and frontons reached during February 1991. Jai-alai contributed 18% of the state's collections from pari-mutuel wagering performances.

GREYHOUND RACING

Florida's greyhound racing industry is the largest in the nation; handle and attendance are more than triple that of any other greyhound racing state. Of the sixty greyhound tracks in the nineteen states where greyhound racing is legal, nineteen are in Florida. As such, Florida attracts some of the finest racing animals in the world. It would be impossible to name all of the major stakes races conducted at Florida greyhound tracks. However, among the highlights of the racing year are the Biscayne \$63,000 Florida World Challenge Stakes, the \$90,000 Hollywood World Classic, the \$60,000 Tampa Greyhound Track Distance Championship, the St. Petersburg Kennel Club \$100,000 Distance Classic and the Flagler \$150,000 International Classic. In addition, Florida's greyhound racing industry can boast some of the largest and most beautiful racetracks in the world.

Greyhound racing in Florida experienced a decrease in handle and attendance during the year, with \$868,271,092 wagered on-track by 8,255,669 patrons at 4,055 regular performances during fiscal 1990-91. Handle generated from intertrack wagering during the fiscal year was \$50,804,800. Greyhound racing contributed 70% of the state's total collections from pari-mutuel wagering performances.

Under Florida Law, greyhound permitholders are obligated to pay a certain portion of their total handle to greyhound owners in the form of purses. Florida greyhound tracks reported paying \$34,482,093 in purses. Purse payments as reported by each permitholder are located on individual pages in the Revenue and Other Data by Association section of this report. The following subsections of Section 550, F.S. govern the greyhound purse structure in Florida.

- Section 550.162(2). Requires a dog racing permitholder to withhold an additional 1% on triples, or .5% on exotic wagers other than triples if no triples are held at that specific track.
- Section 550.162(2)(a). Mandates that the 1% or the .5% is to be used for additional purses and for awards for Florida bred greyhounds in such amounts as may be established by the permitholder. Provides that the total purses and awards authorized herein and those allowed by contract between a permitholder and a kennel shall not be less than the percentage of handle paid in purses, by contract, for the 1978-79 race meet plus the amount herein authorized and shall not exceed the greater of 3% of the handle or the amount provided by current contract between a permitholder and a kennel.
- Section 550.162(2)(b). States that any amounts from the withholding in Paragraph (a) in excess of the amounts required as provided in Paragraph (a) may be used by the permitholder for capital improvements or to reduce capital improvement debt. If the permitholder is unable to use the excess for capital improvements, it may be used for purses, provided that the total for purses shall not exceed 3% of the handle.
- Section 550.162(3)(b). Authorizes dog racing permitholders to withhold an additional 1% of the handle on any or all exotic wagers for capital improvements, capital improvement debt, or for purses.
- Section 550.162(3)(d). Authorizes that dog racing permitholders may withhold up to an additional 2% from pari-mutuel pools of exotic wagers, however, a surtax of 17.5% shall be levied on any sums withheld pursuant to this provision. Provides that 50% of the remainder shall be expended for purses excluding stakes races and shall be expended in addition to the percentage of the handle paid as purses by such permitholder during the 1987-88 fiscal year.
- Section 550.61(10). Authorizes a greyhound permitholder conducting intertrack wagering as a host track to pay 70% of the amount set forth in Section 550.162(2) for greyhound purses on intertrack wagers.

CAPITAL IMPROVEMENTS

In 1979, Florida's legislature provided that part of the handle at Florida's tracks and frontons could be withheld for the purpose of capital improvements which would benefit the patrons of Florida's wagering facilities, and defray some state and federal taxes. The effect of the program has been to modernize and improve Florida's pari-mutuel facilities. Each year clubhouses and grandstands are refurbished, public areas are renovated, and appearances generally improved. Thirty-six of Florida's thirty-seven permitholders requested use of these funds during fiscal year 1990-91, demonstrating a continuing commitment to providing the finest racing and jai-alai facilities in the country.

Withholdings since the implementation of the capital improvement program have been:

1979-1980	\$ 383,429
1980-1981	8,260,822

CHARITY AND SCHOLARSHIP PERFORMANCES

With several exceptions, each track or fronton may operate up to five additional performances during a meet for the benefit of approved charities, major institutions of higher learning, community colleges, or the Racing Scholarship Trust Fund. Recipient charities are selected by the permitholder and approved by the Division, based upon whether or not they meet the basic requirements for charitable organizations established by Florida law. The amount contributed to charitable organizations is determined by calculating the profits of the permitholder for that performance plus the taxes that would have been due to the state had it been a regular performance. A minimum of \$1,349,132 was paid to charitable organizations in fiscal year 1990-91.

The Racing Scholarship Trust Fund is administered by the Florida Board of Regents, and is used to provide scholarships to deserving students who are attending Florida's universities.

As shown below, over \$16 million has been contributed to this fund since the program began forty-two years ago.

ABANDONED WINNING TICKETS

Abandoned tickets are winning tickets which have not been cashed. A winning pari-mutuel ticket is valid for one year. At the end of that time, the value of greyhound and jai-alai tickets escheat to the state. These funds are deposited to the State School Fund, and are used for the support and maintenance of Florida's public schools. \$3,526,797 was collected in abandoned winning tickets this fiscal year for the State School Fund. The following chart shows yearly receipts since 1957, when the Division began collecting these funds.

1957	\$ 3,992	1969	\$ 513,254	1981	\$ 1,884,234

In thoroughbred, harness, and quarter horse racing, outstanding tickets are paid to the respective breeders' associations. All of these funds are used to promote the Florida horse breeding industry and are outlined in the Schedule of Collections-For-Promotional Trust Funds and Breeders' Associations on page 21.

1. Summary of Significant Accounting Policies

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation including all disclosures, rests with the Division, except for the financial statements and additional information, which are the responsibility of the Finance and Accounting Section of the Department of Business Regulation. The accounting policies of the Division conform to generally accepted accounting principles as applicable to governments. The more significant of the Division's accounting policies follow:

Reporting Entity - The Department of Business Regulation is a component unit within the State of Florida reporting entity which consists of the State's legislative agencies; the Governor and Cabinet; the State Departments, commissions, and boards of the executive branch; and the various offices relating to the judicial branch of state government.

The Division of Pari-Mutuel Wagering is a regulatory division of the Department of Business Regulation. It is charged with the supervision of the making of pari-mutuel pools and wagers and their distribution, as described under Florida Statutes, sections 550 and 551.

Fund Accounting - The Division uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balance set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. The following fund types and account groups are used to record transactions relating to the Division's activities:

Governmental Fund Types

- Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Fiduciary Fund Types

- Agency funds are used to account for assets held by the Division for others. These are custodial in nature (assets equal liabilities) and do not involve measurement of operations.

Account Groups

- The general fixed asset account group is used to maintain accounting control for general fixed assets.
- The general long-term debt account group is used to maintain accounting control for long-term obligations of governmental fund types not paid with current resources.

Basis of Accounting - Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The Division's accounting records for all governmental fund types and agency funds are maintained on the modified accrual basis. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Significant revenues considered susceptible to accrual include pari-mutuel fees. Expenditures are recorded when the related fund liability is incurred.

1. Summary of Significant Accounting Policies (Continued)

Budgets - The Department follows statutory procedures in the adoption, amendment, and reporting of budgets and budgetary data:

1. Budgets are to be prepared and submitted to the Legislature and the Executive Office of the Governor on a biennial basis in the form and manner prescribed by Section 216, F.S. Prior to June 30, the budget is legally enacted through passage of a law.
2. Budgetary information is integrated into the Department's accounting system. Monthly budget reports are furnished to Division Directors to assure compliance with budgets as authorized by the State Legislature. Allotments of the budget are authorized by the Executive Office of the Governor as a further budgetary control.
3. Limited transfers of expenditure authority may be made by the agency head. Transfers in excess of the limitations established by Section 216.292(2), F.S. must be approved by the Administration Commission.
4. Pursuant to Section 216, F.S. annual appropriations to the Department are to be used to fund (a) authorized expenditures incurred during the current fiscal year, (b) encumbrances outstanding at year-end approved for liquidation in the subsequent year, and (c) legal, due and unpaid obligations relating to prior year appropriations which have lapsed.

Encumbrances - Encumbrances accounting, under which purchase orders and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the Special Revenue Funds. Encumbrances outstanding at year end are reported as reservations of fund balances since they do not constitute expenditures or liabilities. Encumbrances outstanding as of June 30 do not lapse and are considered payable by December 31 from the June 30 budget.

Investments - Investments are stated at historical cost.

Short-Term Interfund Receivables/Payables - During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" on the balance sheet.

Accounts Receivable - All accounts receivable are considered to be fully collectible and, therefore, there is no provision for any doubtful accounts.

Fixed Assets - Fixed assets purchased in the governmental fund types are recorded as expenditures (capital outlay) at the time of purchase. Such assets are recorded at cost in the General Fixed Assets Account Group. Depreciation is not recorded in the General Fixed Assets Account Group.

Liability For Compensated Absences - Employees earn the right to be compensated during absences for vacation and illness. Within the limits established by the law or rule, unused leave benefits will be paid to employees upon separation from state service. A long-term liability for unused vacation and sick leave benefits has been recorded in the General Long-Term Debt Account Group.

Fund Equity - Reserves for encumbrances segregate a portion of fund equity committed for a specific future use. In accordance with Florida Statute 550.13, the Pari-Mutuel Wagering Trust Fund does not maintain a fund equity in excess of \$1,000,000. Funds in excess of this amount are transferred to the General Revenue Fund of the State of Florida.

1. Summary of Significant Accounting Policies (Concluded)

Memorandum Only - Total Columns - Total columns on the general purpose financial statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither are such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

Comparative Data - Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the Division's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

2. Cash and Investments

Cash is maintained in the State Treasury. The Public Depository used, the compensating balances and the security requirements are all the responsibility of the State Treasurer. Idle funds of Special Revenue Funds were deposited with the State Treasurer for investment in accordance with Section 215.535, F.S. Deposits are not recorded as expenditures of the funds. Earnings from investments in excess of service charges made are recorded as revenues of the funds. Investments of money placed with the State Treasurer's Office are made on a pooled basis and the State Treasurer's Office has not identified or reported the market value of these investments as of the date of this report. Management considers all cash and investments to be fully insured.

3. Fixed Assets

Changes in general fixed assets during the year are summarized below:

	Balance				Balance
	July 1, 1990	Additions	Retirements	June 30, 1991

4. General Long-Term Debt (Concluded)

The installment purchase obligations consist of three obligations as follows:

Original Balance	Payment Terms	Balance at June 30, 1991
\$ 358,058	\$ 22,104 Quarterly Which Includes 6.6%	\$ 190,016
\$ 45,494	\$ 4,204 Quarterly Which Includes 6.51%	\$ 18,789
\$ 70,000	\$ 6,508 Quarterly Which Includes 8.73%	\$ 47,304

The interest paid on the installment obligations totalled \$22,820, all of which has been charged as an expenditure. The principal requirements for the three succeeding fiscal years ended June 30 are as follows: 1992 - \$107,794; 1993 - \$106,832; 1994 - \$41,483.

The \$45,494 installment obligation was incurred to acquire four copiers, only one of which is recorded as an asset in the general fixed assets of the Division of Pari-Mutuel Wagering. The other copiers are recorded as assets in other divisions of the Department of Business Regulation. Since the Division of Pari-Mutuel Wagering is primarily responsible for the repayment of the obligation, the total debt is carried in this Division's general long-term debt.

5. Tax Collections

Tax collections received by the Division are recorded using fund accounting and allocated between the Pari-Mutuel Wagering Trust Fund and the General Revenue Agency Fund in accordance with Florida Statutes. Activity occurring within the General Revenue Agency and Pari-Mutuel Wagering Trust Fund during the current fiscal year is as follows:

	General Revenue Agency Fund	Pari-Mutuel Wagering Trust Fund	Total

6. Fines

In accordance with Florida Statute 550.241, it is a violation for a person to administer or cause to be administered any drug, medication, stimulant, depressant or other type of drug-masking agent to an animal which will result in a positive test for such substance taken immediately prior to or subsequent to the racing of that animal. Rules have been promulgated which identify specific instances where the statute should be implemented. They have been adopted by the Division and enforced by the Bureau of Investigations. The schedule below is representative of total drug fines collected and deposited into the Racing Research Fund for the fiscal year ended June 30, 1991.

7. Tax Collections Distributed By County

In accordance with Florida Statutes, \$29,915,500 of the Pari-Mutuel Wagering Trust Fund is distributed in equal parts to each of Florida's 67 counties, with any excess of such monies after the distribution to be paid to the General Revenue Fund. If the sum available for distribution in the Pari-Mutuel Wagering Trust Fund is less than \$29,915,500, the deficiency shall be paid to the Pari-Mutuel Wagering Trust Fund from the General Revenue Fund.

The following is the distribution to counties for the year ended June 30, 1991, as reported by the Department of Banking and Finance, Bureau of Local Government Finance.

9. Retirement Plans

Pursuant to law, all officers and salaried employees, with minor exceptions, are members of defined retirement plans administered by the Department of Administration, Division of Retirement. The retirement plans of the State of Florida consist of both contributory and noncontributory benefit plans. The plans provide for retirement, death, and disability benefits and require contributions by employees and/or participating agencies at stated percentages of compensation set by law as determined by the State Legislature. The other disclosures required by Statement No. 5 of the Governmental Accounting Standards Board regarding the disclosure of pension information are not considered to be material in relation to the accompanying financial statements.

10. Restatement of Fund Balance

The adjustment of \$121,943 to the beginning fund balance of the Special Revenue Funds represent an amount which was included in accounts receivable at June 30, 1990 in the Tax Collection Trust Fund. The Tax Collection Trust Fund was closed out and the accounts receivable is now carried in the Pari-Mutuel Wagering Trust Fund.

TAX STRUCTURE

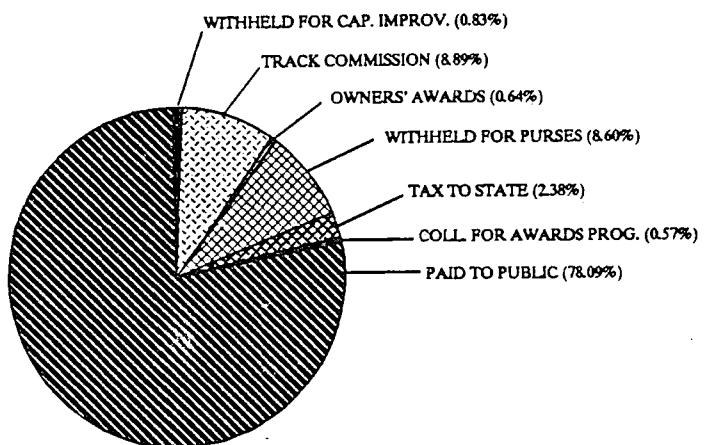

TAX STRUCTURE

Florida's pari-mutuel tax structure is based upon total dollars wagered (handle), and is different for each industry in accordance with Chapters 550 and 551, Florida Statutes. The amount withheld from the handle, or take-out, is specified by statute and distributed in accordance with law. The basic take-out is divided between several groups as reflected in the following tax tables: the track or fronton, the state and where applicable, breeders associations and payment to guest facilities conducting intertrack wagering. There are also optional take-outs which may be restricted for specific purposes. Different take-out rates apply to regular wagers, exotic wagers and other exotic wagers. After deducting the take-out and breakage, the remainder of the pools are returned to the public winnings.

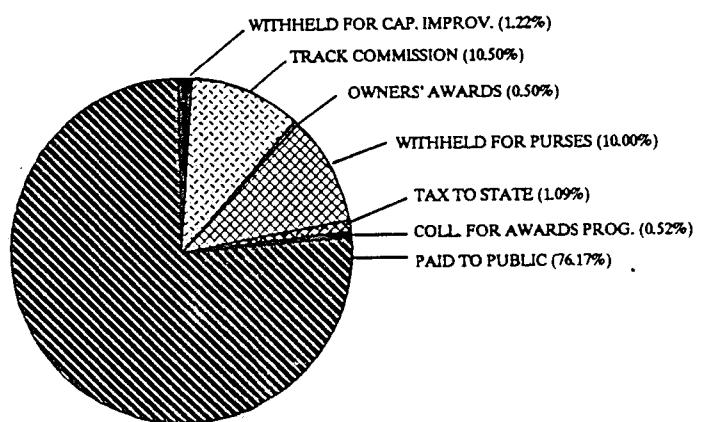

Legislation effective May 29, 1991 changed the take-out structure for each industry. An explanation of the new take-out structure and accompanying charts is shown on pages 103-114. An explanation of the take-out structure governing the industry from July 7, 1990 to May 28, 1991 is shown on pages 116-123.

FLORIDA DIVISION OF PARI-MUTUEL WAGERING

EXPLANATION OF TAKE-OUT STRUCTURE TABLES

EFFECTIVE MAY 29, 1991

TYPES OF WAGERS OR POOLS

For the purpose of the take-out structure tables, the different types of wagers or pools are divided into four types; REGULAR, which contains one runner (player) in one contest and includes win, place, and show; EXOTICS, which contains two runners (players) in one contest or at least one but no more than two runners (players) in more than one contest and includes Perfecta, Quinella, Daily Double, Big Quinella, Quinella Double and Daily Three; OTHER EXOTICS, which contains three or more runners (players) in one or more contests and includes Trifecta, Superfecta, and Tri-Super Combination; and PICK(N) which is Pick 4 through Pick 10.

WAGERS ON LIVE RACES

This section of the take-out structure tables applies only to wagers placed at a track or fronton in Florida where a live contest is being conducted.

INTER-STATE WAGERING: FLORIDA WAGERS ON OUT-OF-STATE RACES/GAMES

Florida permitholders may import contests via broadcasts from outside the state and accept wagers on the outcome. In such contests, the permitholder may elect to commingle the wagering pools with the broadcasting track or fronton, or the permitholder may opt to have separate pools only on Florida wagers.

SEPARATE POOLS

If the Florida facility elects to maintain a separate pool and not commingle the wagers with the out-of-state facility, the tax table for inter-state wagering will apply.

WAGERS SOLD IN FLORIDA COMMINGLED IN THE OUT-OF-STATE POOLS

The maximum authorized take-out as shown in the inter-state wagering table will not apply, rather the total take-out on these wagers will be the same as the out-of-state facility. The distribution of the take-out will be the same as reflected in the table, therefore, the profit and expense percentage will vary depending on the total authorized take-out of the out-of-state facility.

INTER-STATE WAGERING: OUT-OF-STATE WAGERS ON FLORIDA RACES/GAMES

Florida permitholders may export races or games to out-of-state facilities via broadcasts for the purpose of wagering. On such races or games the permitholders may commingle the out-of-state pools with the pools at the Florida facility, or the permitholders may opt to have separate pools of only Florida wagers.

SEPARATE POOLS

If the Florida facility elects to maintain a separate pool and not commingle the wagers with the out-of-state facility, the table on live racing wagering will apply.

WAGERS SOLD OUT-OF-STATE COMMINGLED INTO FLORIDA POOLS

The maximum authorized take-out as shown in the interstate wagering table will apply for these wagers, however, the distribution as reflected in the table will not apply. The distributions of the take-out related to the out-of-state wagers will be governed by the laws and regulations applicable at the out-of-state facility.

INTER-STATE WAGERS: DISTRIBUTION OF PROCEEDS

The amount of profit and expense remaining after take-out percentages will be distributed between the Florida permitholder and the out-of-state facility based on contractual agreement. If the Florida permitholder is a horse track, up to 50% of the permitholder's net proceeds after broadcast expense is contributed to purses.

INTERTRACK WAGERING

Florida permitholders may broadcast races and games to other permitholders within Florida. The permitholder receiving the broadcast (guest) accepts wagers which are included in the pool of the permitholder transmitting the broadcast (host).

INTERTRACK WAGERING: TRANSMISSION OF OUT-OF-STATE RACES/GAMES

Races or games from an out-of-state host may be imported by Florida permitholders (primary guests) and relayed to other Florida permitholders (secondary guests). The table on intertrack wagering applies to the wagers accepted by the secondary guests on all games and races except thoroughbred races. In thoroughbred racing the table on interstate wagering applies, but the tax rate will be 3%, the same as for intertrack wagering. In thoroughbred racing, the take-out after deducting the amount due to the State and the .75% for the breeders' association shall be divided one-third for the out-of-state host, one-third for the primary guest, and one-third for the secondary guest or guests.

EXPLANATION OF TAKE-OUT STRUCTURE TABLES EFFECTIVE MAY 29, 1991

INTERTRACK WAGERING: DISTRIBUTION OF PROCEEDS
As shown in the tables, guest permitholders who receive the broadcast from a thoroughbred or quarter horse host receive 7% of the wagers placed at their facility. If the signal is received from any other host the percentage for the guest is 5%. Horse racing guest permitholders are required to contribute half of these proceeds toward the payment of purses for all intertrack wagers sold during the guest's meet period.

Pursuant to Section 550.633, F.S. guest tracks may opt to apply a 3% surcharge on intertrack wagering cashed winning tickets. The surcharge is subject to a 5% tax pursuant to Section 550.09, F.S.

ADMISSION TAX

In addition to the tax on handle and surtaxes shown on the tables, an admission tax of 15% of the entrance gate admission charge or 10 cents, whichever is greater, is imposed on each person attending a race or jai alai game. This tax does not apply wherever only broadcast races or games are offered to the public. The permitholders are responsible for the collection and remittance of the tax.

GREYHOUND RACING TAKE-OUT STRUCTURE

State Tax: Pursuant to Section 87-38, Laws of Florida, state tax is 7.6% of live handle in excess of an exemption which is based on the preceding season handle. The exemption is determined as follows: Tax on handle for dog tracks that equalled or exceeded \$30 million in handle for the preceding racing season is 7.6% of the live handle in excess of \$25,000 for each performance. Tax on handle for tracks that equalled or exceeded \$15 million but fell below \$30 million in handle for the preceding racing season is 7.6% of the live handle in excess of \$40,000 for each performance. Tax on handle for tracks that fell below \$15 million in handle for the preceding racing season is 7.6% of the live handle in excess of \$50,000 for each performance. State tax on intertrack wagering is 6% of the total intertrack handle.

Additional Purse/Capital Improvement: On live racing, additional withholding for purses as required by Section 550.162(2)(a), F.S. to be used to supplement purses over amount provided by contract percentage in effect for 1978-1979 season, to a maximum of 3% of handle. Excess withholdings not needed to increase purses to 3% are used for capital improvements. On intertrack wagering, 70% of the amount withheld is required to be used for purses, the remaining 30% is unrestricted permitholder revenue pursuant to Section 550.61(10), F.S.

Payment To Guest: Payment in an amount equal to 5% of the total contributions to the pari-mutuel pool on intertrack wagers accepted at the guest permitholder's facility is paid to the guest permitholder in accordance with Section 550.63, F.S.

Profit and Expense: Percentage left to permitholder after deducting other take-out percentages from total take-out. Contractual percentage of handle paid to kennels for purses is paid from this amount.

OPTIONAL FOR CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Section 550.162(3)(a), F.S. The percentage on intertrack wagers and wagers on imported races is not required to be used for capital improvements and advertising, but may be retained by the permitholder pursuant to Sections 550.64 and 550.356(2)(a), F.S.

OPTIONAL FOR ADDITIONAL CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements as provided by Section 550.162(3)(b), F.S. Take-out on intertrack wagers or wagers on imported races is not required to be used for capital improvements or advertising but may be retained by the permitholder pursuant to Sections 550.64 and 550.356(2)(a), F.S. A 50% surtax is imposed on any funds withheld pursuant to this provision as provided in Section 550.09(5), F.S.

OPTIONAL FOR ADDITIONAL PURSES

Optional withholding of up to 2% as provided by Section 550.162(3)(d), F.S. and distributed as state tax, purses, and permitholder profit and expense as shown.

OTHER

In addition to the above, each permitholder is required to pay a daily license fee of \$80 per live race unless the average handle per performance for the preceding racing season was under \$100,000, in which case the daily license fee is \$20.

A tax equal to the breakage is paid to the state for all live races. Breakage on intertrack handle is retained by the host permitholder. Breakage on Florida wagers on imported races is retained by the permitholder importing the race.

The value of uncashed tickets on live races escheats to the state after one year. The value of uncashed tickets on intertrack wagers is retained by the host permitholder. The value of uncashed tickets on Florida wagers on imported races is retained by the permitholder importing the race.

State Tax: Pursuant to Section 87-38, Laws of Florida, state tax is 7.1% of handle in excess of an exemption which is based on the preceding season handle. The exemption is determined as follows: Tax on handle for frontons that equalled or exceeded \$30 million in handle for the preceding season is 7.1% of the handle in excess of \$25,000 for each live performance. Tax on handle for frontons that equalled or exceeded \$15 million but fell below \$30 million in handle for the preceding season is 7.1% of the handle in excess of \$40,000 for each live performance. Tax on handle for frontons that fell below \$15 million in handle for the preceding season is 7.1% of the handle in excess of \$50,000 for each live performance. State tax on intertrack wagering is 6% of the intertrack handle.

Payment To Guest: Payment in an amount equal to 5% of the total contributions to the pari-mutuel pool on intertrack wagers accepted at the guest permitholder's facility is paid to the guest permitholder in accordance with Section 550.63(1), F.S.

Profit and Expense: Percentage left to permitholder after deducting other take-out percentages from total take-out.

OPTIONAL FOR CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Section 551.09(2)(f), F.S. The percentage on intertrack wagers and wagers on imported games is not required to be used for capital improvements or advertising but may be retained by the permitholder pursuant to Sections 550.64 and 550.356(2)(a), F.S.

OPTIONAL FOR ADDITIONAL CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Section 551.09(2)(f), F.S. Take-out on intertrack wagering or wagers on imported games is not required to be used for capital improvements or advertising but may be retained by the permitholder pursuant to Sections 550.64 and 550.356(2)(a), F.S. A 50% surtax is imposed on any funds withheld pursuant to this provision.

OPTIONAL FOR ADDITIONAL WITHHOLDING

Optional withholding of up to 2% as provided by Section 551.09(2)(d), F.S. These withholdings are distributed as state tax and permitholder profit and expense as shown.

OTHER

In addition to the above, each permitholder is required to pay a daily license fee of \$80 per live game. If the average handle per performance for the preceding season was under \$100,000, the daily license fee is \$50. A tax equal to the breakage is paid to the state for wagers on all live games. Breakage on intertrack handle is retained by the host permitholder. Breakage on Florida wagers on imported games is retained by the permitholder importing the game.

The value of uncashed tickets on live games escheats to the state after one year. The value of uncashed tickets on intertrack wagers is retained by the host permitholder. The value of uncashed tickets on Florida wagers on imported games is retained by the permitholder importing the game.

Minimum Purse: The percentage required for purses to be paid from the permitholders commission on live races is 7.5% of handle as specified by Section 550.262(2)(a), F.S. The percentage required for purses on intertrack wagering handle is 6.125% of such handle in accordance with Section 550.62(1), F.S.

Payment To Guest Tracks: Payment in an amount equal to 7% of the total contributions to the pari-mutuel pool on intertrack wagers accepted at the guest permitholder's facility shall be made to the guest permitholder in accordance with Section 550.63(1)(a), F.S. However, where both the guest and host are thoroughbred tracks, the percentage for the guest will be 9%. The additional 2% is deducted from the host's purse amount and is required to be used for purses at the guest track as provided in Section 550.262(3), F.S.

Breeders' Awards: Percentage required to be paid to the Florida Thoroughbred Breeders' Association pursuant to Section 550.62(2)(a), F.S.

Profit and Expense: Percentage left to permitholder after deducting other take-out percentages from total take-out.

OPTIONAL FOR CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements as provided by Section 550.16(2)(a), F.S. The percentage on intertrack wagers and wagers on imported races is not required to be used for capital improvements, but may be retained by the permitholder pursuant to Sections 550.64 and 550.356(2)(c), F.S.

OPTIONAL FOR ADDITIONAL PURSES AND OWNERS' AWARDS

Florida Owners' Awards: Optional withholding of 1% of handle on live races as provided by Section 550.16(2)(i), F.S. and distributed as owners awards in accordance with Section 550.262(6), F.S. Any amounts withheld on inter-state and intertrack wagering are not required to be paid as owners' awards but may be retained by the permitholder.

Additional Purse: Optional withholding of up to 2% of handle on live races for those permitholders withholding for Florida owners' awards as provided by Section 550.16(2)(i), F.S. The 2% is to be distributed as purses, however, any amounts withheld on inter-state and intertrack wagering are not required to be paid as purses but may be retained by the permitholder.

OTHER

In addition to the above, each permitholder is required to pay a daily license fee of \$100 per live race unless the average handle per performance for the preceding racing season was under \$100,000, in which case the daily license fee is \$50 per live race.

Breakage and the value of uncashed tickets generated by wagers on live races is retained by the permitholder. Breakage and the value of uncashed tickets on intertrack wagering is retained by the host permitholder. Breakage and the value of uncashed tickets on Florida wagers on imported races is retained by the permitholder importing the race.

Where the guest is a thoroughbred track, which is not conducting live racing, 2% of wagers accepted by any other guest track within 25 miles of such guest thoroughbred track shall be withheld by the host and paid to such track. The guest track receiving the payment is required to use the funds for purses. The amount is deducted from the amount that ordinarily would go for purses at the host track as provided in Section 550.63(1)(b), F.S. This provision is repealed as of December 31, 1991. Additionally, 2% of the wagers at the guest thoroughbred track shall be withheld by the host for payment to them.

OPTIONAL FOR ADDITIONAL PURSES

Optional withholding of up to 3% of handle on live races as provided by Section 550.16(2)(j), F.S. and distributed as purses. Any of the amounts withheld on inter-state and intertrack wagering are not required to be paid as purses but may be retained by the permitholder.

ADDITIONAL REQUIRED FOR TAX CREDIT

Pursuant to Section 550.2636(9), F.S., in addition to the total take-out shown on the table, .5% of the handle is required to be withheld whenever a tax credit is due by virtue of hosting the Breeders' Crown Meet. The first \$30,000 of the withholdings will be paid into the General Revenue Fund. Subsequent funds raised by this withholding shall be used towards the payment of the credit due, and any excess shall be evenly split between the permitholder and additional purses.

OTHER

In addition to the above, each permitholder is required to pay a daily license fee of \$100 per live race unless the average handle per performance for the preceding racing season was under \$100,000, in which case the daily license fee is \$50 per live race.

A tax equal to the breakage is paid to the Florida Standardbred Breeders' and Owners' Association for all live races. Breakage on intertrack wagers is retained by the host permitholder. Breakage on Florida wagers on imported races is retained by the permitholder importing the race.

The value of uncashed tickets on live races escheats to the Florida Standardbred Breeders' and Owners' Association after one year. The value of uncashed tickets on intertrack wagers is retained by the host permitholder. The value of uncashed tickets on Florida Wagers on imported races is retained by the permitholder.

The value of uncashed tickets on intertrack wagers is retained by the host permitholder. The value of uncashed tickets on Florida Wagers on imported races is retained by the permitholder importing the race.

EXPLANATION OF TAKE-OUT STRUCTURE TABLES EFFECTIVE JULY 7, 1990 TO MAY 28, 1991

TYPES OF WAGERS OR POOLS

For the purpose of the take-out structure tables, the different types of wagers or pools are divided into four types: REGULAR, which contains the win, place, or show, EXOTIC, which have two or less runners (players) in one or more contests, OTHER EXOTICS, which includes three or more runners (players) in one or more contests, and PICK(N) which is pick 4 through pick 10.

WAGERS ON LIVE RACES

This section of the take-out structure tables applies only to wagers placed at a track or fronton in Florida where a live contest is being conducted.

INTER-STATE WAGERING: FLORIDA WAGERS ON OUT-OF-STATE RACES

Florida permitholders may import contests via broadcasts from outside the state and accept wagers on the outcome. In such contests, the permitholder may elect to commingle the wagering pools with the broadcasting track or fronton, or the permitholder may opt to have separate pools only on Florida wagers.

SEPARATE POOLS

If the Florida facility elects to maintain a separate pool and not commingle the wagers with the out-of-state facility, the tax table will apply.

WAGERS SOLD IN FLORIDA COMMINGLED IN THE OUT-OF-STATE POOLS

The authorized take-out as shown in the table will not apply, rather the total take-out on these wagers will be the same as the out-of-state facility. The distribution of the take-out will be the same as reflected in the table, therefore, the profit and expense percentage will vary depending on the total authorized take-out of the out-of-state facility.

INTER-STATE WAGERING: OUT-OF-STATE WAGERS ON FLORIDA RACES

Florida permitholders may export races or games to out-of-state via broadcasts for the purpose of wagering. On such races or games the permitholders may commingle the out-of-state pools with the pools at the Florida facility, or the permitholders may opt to have separate pools of only Florida wagers.

SEPARATE POOLS

If the Florida facility elects to maintain a separate pool and not commingle the wagers with the out-of-state facility, the tax table will apply.

WAGERS SOLD OUT-OF-STATE COMMINGLED INTO FLORIDA POOLS

The total authorized take-out as shown on the table will apply for these wagers, however, the distribution as reflected in the table will not apply. The distribution of the take-out related to the out-of-state wagers will be governed by the laws and regulations applicable at the out-of-state facility.

INTER-STATE WAGERS: DISTRIBUTION OF PROCEEDS

The amount of profit and expense remaining after all take-out percentages will be distributed between the Florida permitholder and the out-of-state facility based on contractual agreement. If the Florida permitholder is a horse track, up to 50% of the net proceeds after broadcast expense is contributed to purses.

INTERTRACK WAGERING

Florida permitholders may broadcast races and games to other permitholders within Florida. The permitholder receiving the broadcast (guest) accepts wagers which are included in the pool of the permitholder transmitting the broadcast (host). This table applies to the intertrack pool of the host track.

INTERTRACK WAGERING: TRANSMISSION OF OUT-OF-STATE RACES

A Florida permitholder may import contests via broadcasts from outside the state and transmit these contests to other Florida permitholders.

INTERTRACK WAGERING: DISTRIBUTION OF PROCEEDS

As shown in the table, guest permitholders receive 5% of the wagers placed at their facility. Of this 5%, one-half will be used for purses if the guest permitholder is a horse track, and one-fifth will be used for purses if the guest permitholder is a dog track.

ADMISSION TAX

In addition to the tax on handle and surtaxes shown on the tables, an admission tax of 15% of the entrance gate admission charge or 10 cents, whichever is greater, is imposed on each person attending a race or jai-alai game. This tax does not apply wherever only broadcast races or games are offered to the public. The permitholders are responsible for the collection and remittance of the tax.

GREYHOUND RACING TAKE-OUT STRUCTURE

State Tax: Pursuant to Section 87-38, Laws of Florida, state tax is 7.6% of live handle in excess of an exemption which is based on the preceding meet handle. The exemption is determined as follows: Tax on handle for dog tracks that equalled or exceeded \$30 million in handle for the preceding racing season is 7.6% of the live handle in excess of \$25,000 for each performance. Tax on handle for tracks that equalled or exceeded \$15 million but fell below \$30 million in handle for the preceding racing season is 7.6% of the live handle in excess of \$40,000 for each performance. Tax on handle for tracks that fell below \$15 million in handle for the preceding racing season is 7.6% of the live handle in excess of \$50,000 for each performance. State tax on intertrack wagering is 6% of the intertrack handle.

Additional Purse/Capital Improvement: Additional withholding for purses as required by Section 550.162(2)(a), F.S. to be used to supplement purses over amount provided by contract percentage in effect for 1978-1979 season, to a maximum of 3% of handle. Excess withholdings not needed to increase purses to 3% are used for capital improvements.

Payment To Guest: Payment in an amount equal to 5% of the total contributions to the pari-mutuel pool on wagers accepted at the guest permitholder's facility is paid to the guest permitholder in accordance with Section 550.63, F.S.

Profit and Expense: Percentage left to permitholder after deducting other take-out percentages from total take-out. Contractual percentage of handle paid to kennels for purses is paid from this amount.

OPTIONAL FOR CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Section 550.162(3)(a), F.S.

OPTIONAL FOR ADDITIONAL CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Section 550.162(3)(b), F.S. A 50% surtax is imposed on any funds withheld pursuant to this provision.

OPTIONAL FOR ADDITIONAL PURSES

Optional withholding of up to 2% as provided by Section 550.162(3)(d), F.S. and distributed as state tax, purses, and permitholder profit and expense as shown.

OTHER

In addition to the above, each permitholder is required to pay a daily license fee of \$80 per live race unless the average handle per performance for the preceding racing season was under \$100,000, in which case, the daily license fee is \$50.

A tax equal to the breakage is paid to the state for all live races. Breakage on intertrack handle is retained by the host permitholder. Breakage on Florida wagers on imported races is retained by the permitholder importing the race.

The value of uncashed tickets on live races escheats to the state after one year. The value of uncashed tickets on intertrack wagers is retained by the host permitholder. The value of uncashed tickets on Florida wagers on imported races is retained by the permitholder.

Payment To Guest: Payment in an amount equal to 5% of the total contributions to the pari-mutuel pool on wagers accepted at the guest permitholder's facility is paid to the guest permitholder in accordance with Section 550.63, F.S.

Profit and Expense: Percentage left to permitholder after deducting other take-out percentages from total take-out.

OPTIONAL FOR CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Section 551.09(2)(a), F.S.

OPTIONAL FOR ADDITIONAL CAPITAL IMPROVEMENT

Optional withholding to be used for capital improvements or advertising as provided by Section 551.09(2)(b), F.S. A 50% surtax is imposed on any funds withheld pursuant to this provision.

OPTIONAL FOR ADDITIONAL WITHHOLDING

Optional withholding of up to 2% as provided by Section 551.09(2)(d), F.S. These withholdings are distributed as state tax and permitholder profit and expense as shown.

OTHER

In addition to the above, each permitholder is required to pay a daily license fee of \$80 per live game. If the average handle per performance for the preceding playing season was under \$100,000, the daily license fee is \$50.

A tax equal to the breakage is paid to the state for all live games. Breakage on intertrack handle is retained by the host permitholder. Breakage on Florida wagers on imported contests is retained by the permitholder importing the game.

The value of uncashed tickets on live games escheats to the state after one year. The value of uncashed tickets on intertrack wagers is retained by the host permitholder. The value of uncashed tickets on Florida wagers on imported contests is retained by the permitholder.
